MILLS' MAMMOTH PRIZE TOMATO

THE GIANT AMONG TOMATOES

Pkt. 8¢, 3 Pkts. 15¢, 7 Pkts. 30¢.
To Our Customers:

We are pleased to present you our 21st Annual Catalogue for 1908 and trust you will give it a careful examination.

We want to call your attention to our greatly increased facilities in order to meet the requirements of our fast increasing trade, and show that we are now prepared to give you quick service. We realize that in order to give entire satisfaction not only the best seeds and plants must be supplied, but orders must be filled very quickly.

1907 was a record breaker for us; greatly surpassing any year in the history of our twenty years in the business, and was much larger than we had facilities to promptly handle. For this reason we want to fully explain to our customers that this was the cause of delays in filling a great many orders. We were not looking for such an enormous trade in 1907, which completely covered us with orders, but after some delay we succeeded in filling all orders and have been increasing our facilities ever since, so that now we are prepared to give the quickest and best service of any seed house in this country.

To show the orders we were obliged to handle daily, we give an illustration from a photograph of one day's letter mail which contained 9354 letters and postal cards. Think of taking care of the wants of this number of people daily! Do you wonder we were behind filling orders? We are now prepared to take care of everyone in the quickest time possible and illustrate above our facilities for 1908. Please notice that we have erected a large seed house at Washington, Iowa, which is now known as our Western Branch House, built of brick and cement, especially designed for our business and to take care of all of our western customers on quick time.

Orders can be sent to Rose Hill, N. Y., or Washington, Iowa, and we promise the quickest service you ever had. It makes no difference to us which place you order from, for we simply divide our crops; have part at each place, so that the quality is identical. This Western Branch will save our western customers several days time in ordering seeds, and we are supplying the best seeds, at the lowest prices, of any seed house who guarantee their goods.

This Catalogue for 1908 is the most complete Seed Book we have ever sent out and we have taken great pains in securing many new novelties and specialties of great merit, many of which we show colored plates of. Read about the curiosities on page 52. Any person, no matter where located, can find something of interest in this Catalogue.

We do not want a dissatisfied customer on our books, but know we must have a few for the reason we now have on hand unfilled over 420 orders from people who sent us their order for different amounts from 5c. to $6.00 and omitted giving their name and address and we have no way of knowing who sent us these orders. After reading this if you never had your order filled, let us hear from you (but be sure to send duplicate of order), as we are waiting to hear from all who have any cause for complaint, assuring everyone we try to satisfy each customer. If anything ordered from us never arrived, write us (giving name of variety short), so we can look up and make good.

Now please do not think we are always to blame for delays, for we are not if you fail to give your address, but let us fill an order for you from either of our houses this year and we will show you that we can now give you the quickest service of any seed house.

You will find that we have made offers in this Book far surpassing anything we have ever offered before, and we are particularly anxious to show how quick we can fill orders this year for our customers located in any part of the world.

The report on the Corn Growing Contest and 20th Anniversary Potato will be found on another page.

With best wishes for the New Year, and assurance of quick service for 1908, we remain,

Sincerely yours,

F. B. Mills Co.

Rose Hill, N. Y., January 1, 1908.
TRY OUR NOVELTIES AND SPECIALTIES THIS YEAR

We have taken great pains in selecting many NOVELTIES and SPECIALTIES of great merit to offer this year, and we are particularly anxious our customers give them a trial. Our Flower Seed Department has been greatly increased and many CURIOSITIES will be found offered.

GENERAL INSTRUCTIONS:

How to Order: It is very easy for anyone to order Seeds, Bulbs or Plants from us. In making out an order always write your Name, Post Office, County and State the first thing you do, and then write the varieties you want, quantity of each and carry out the catalogue price after each one and enclose the total amount, in any convenient form of remittance and send it to us by mail and we do the rest. Be sure to use OUR ORDER BLANK if you have it, if not any writing paper will do.

Free by Mail or Express. We send Seeds, Bulbs and Plants postpaid by mail at the prices named in this catalogue, except where there are special quotations for the goods to be sent by Express, customer to pay the charges. To points where the Express Companies touch we can send some orders as cheaply by Express as by mail. Whenever we do this we put the customer on the express bill. This brings our seeds to the door of our customer without any trouble and expense.

Express and Freight. With our increased facilities we can make delivery of some orders in twenty days, and all orders, if sent by Express or Freight, and we secure the lowest Express or Freight rate possible, but we do not pay the transportation charges, and it should be understood that the customer pays them upon receipt of goods.

On all shipments of seeds for our Eastern customers who order from Rose Hill, N. Y., we have arranged for very prompt service and all orders sent to our Western Branch House, Washington, Iowa, by our Western customers, can have their seeds shipped on the various roads and Express Companies which enter that place.

Prepaid Railroad Stations. Many of our farmer customers who live near prepaid railroad stations, live near prepaid railroad stations, and when we have arranged for very prompt service and all orders sent to our Western Branch House, Washington, Iowa, by our Western customers, can have their seeds shipped on the various roads and Express Companies which enter that place.

Our Western Branch House, Washington, Iowa, Thousands of our Western and Southern customers can save several days time and a great reduction in Express and Freight charges if they order direct from this house. We are prepared to supply everything offered in this catalogue direct from there on quick time; and our stock of seeds are exactly the same grade, we simply divide our crops having part at each place.

How to Send Money. We advise our customers to send money in the form of Bank Drafts or Registered Letter. Small amounts will be accepted in postage stamps when it is not convenient to send anything else. Silver or gold coin should be sowed or pasted in cloth or pasteboard to prevent breaking through the envelope and then it should be registered. Do not send money unless in a letter, and if we are not responsible for it. We earnestly request our customers to remit by Money Order if possible. The fees on a Money Order is only 3¢ to 5¢, for small amounts and nearest all Post Offices issue them.

Terms and C. O. D. Shipments. Our terms are strictly cash, or remittance must accompany each order. We must decline to ship goods C. O. D. unless the purchaser remits in advance at least one-third the amount of the order, and we do not accept C. O. D. Orders for less than $3.00.

Lost Orders. It occasionally happens that an order is lost, (that very seldom occurs), therefore, if any who do not hear from us within a reasonable length of time they should send a duplicate order, naming the date on which the former was sent; the amount of money enclosed, and in what form. Do not simply say "I sent an order about ten days ago and have not heard from you," but go on and give date and full particulars as requested which will enable us to investigate the matter, and if it cannot be traced, all the duplicate order immediately. No inquiries will receive attention which do not contain duplicate, etc., as above mentioned, and if we have filled the order, and it is lost, we will refund, but we will not refund for lost orders. We guarantee safe arrival of all our goods. If you write us regarding any orders sent, write to the order which ever place you send your order.

Our Guarantee. Bulbs, Plants, Roots, Etc., fresh, clean, pure and true to name and to reach the customer in good condition, and grow if properly planted. Our goods must be carefully inspected by purchaser upon their receipt, and if they are not found as above, we will refund the order, free of charge, to purchaser, if there are found as above, we will refund the order, free of charge, if good goods, we cannot guarantee crops, and neither will be held responsible for them, or for any liability other than as above, and if our goods, are not accepted on these conditions, they must be returned at once.

Address, F. B. MILLS CO., Seedsmen, Rose Hill, N. Y., [Address us which ever place you send your order] Washington, Iowa.

Artichoke. The Globe Artichoke is cultivated for its flower heads, which are grown from the root of the Artichoke. We offer the Green Globe which is the standard variety. Pkt. 6c.; 3 pkts. 15c. oz.

Borecole or Kale. Dwarf German-Largely grown for supplying greens during the fall, winter and spring, and used also as winter greens. The leaves are very tender and rich when cooked; free from any tough or woody fibre. Pkt. 5c.; oz., 10c.; ½ lb., 25c.; lb., 50c.

Brussel Sprouts. We offer the best variety grown, it being practically rust and mildew proof. This is extremely early, being the first in the fall, winter and spring, and used also as winter greens. The leaves are very tender and rich when cooked; free from any tough or woody fibre. Pkt. 5c.; oz., 10c.; ½ lb., 25c.; lb., 50c.

The BOUNTIFUL BUSH BEAN. We are pleased to offer our customers seed of this splendid new variety. It is a bean that should be grown to be appreciated. We believe that it is a distinct improvement in green bush beans and will become exceedingly popular wherever grown. It is a prolific and continuous bearer, absolutely stringless, very tender and deliciously flavored. The seeds are large and grow very fast, being practically rust and mildew proof. It is extremely early, being the first in the spring, very prolific and bears continuously for several weeks and it is the last to yield edible pods in the fall from mid-summer's sown seeds, which have produced plants that are still in pod and blossom. One of the grand points of this new bush bean is In the rich green pods, which are of an enormous size, broad, thick, very long, uniform in shape, mostly straight with strings, rather than curling, and free from any tough string, not only when young, but this tender quality is retained to maturity. We know all who try this splendid new bush bean will be more than pleased and we have a limited quantity of new crop seed to offer as follows: Per pkt. 8c.; 3 pkts. 25c.; 6 pkts. 30c.; 12 pkts. 30c.; 50c. postpaid.

Asparagus-Four Best Varieties.

Palmetto—This is the finest and best variety grown; markedly tender and rich when cooked; free from any tough or woody fibre. Pkt. 5c.; oz., 10c.; ½ lb., 25c.; lb., 50c.

Baren's Mammoth—Stalks very large; grow quickly; light in color; nearly equal to the Palmetto, but somewhat larger. Pkt. 5c.; oz., 10c.; ½ lb., 25c.; lb., 50c.

Louis V. Coosential—A well known large, rapid grower. Pkt. 5c.; oz., 10c.; ¼ lb., 15c.; ½ lb., 25c.; lb. 40c.

Indian Mammoth White—This is a new variety; has white shoots which stay white as long as fit for use. It can be depended upon to give a very large percentage of white plants from seed. Pkt. 5c.; oz., 10c.; ¼ lb., 25c.; ½ lb., 40c.; lb., 65c.

Asparagus.
NEW PRIZE WINNER BEAN

This is a variety we introduced several years ago and it has proved to be the best Bean we have ever offered. It is unsurpassed for cooking purposes and is one of the greatest yielding varieties in existence. It originated in Dakota and has yielded 40 bushels per acre in that State. It somewhat resembles Prolific Tree Beans in shape, but should not be compared with that variety as the beans are about one-fourth larger, from two to three weeks earlier and far superior in quality. It grows about a foot and a half high, branching freely, its strong branches seldom allowing pods to touch the ground, thus preventing the Beans from coloring or rusting in a wet season. Some of our customers as far north as Northern Pennsylvania claim this Bean is so early that they have picked two crops on the same piece of land in one season. This grand new Bean cannot be too highly recommended. Per pkt. 6c., 1/2 pt. 15c., 1 pt. 25c., qt. 40c., postpaid. By express or freight, not prepaid, 4 qts. $1.30.

TWO BUSH LIMAS

NEW QUARTER CENTURY STRAIN IN ORANGE LIMA

—This is a new strain of Bush Lima. It is claimed by the introducers to be the best they have ever had in their many years’ experience as seed growers. This variety is similar to Barpee’s Bush Lima, but it is claimed to be an improvement, and we would advise our customers to give it a trial. Per pkt. 6c., 1/2 pt. 15c., pt. 25c., qt. 40c., postpaid. IMPROVED BUSH TRUE ORANGE LIMA. An immense yielder, growing about 1½ feet high. Pods 10 inches long, very fine flavor. Per pkt. 8c., 1 pt. 15c., 1/2 pt. 25c., pt. 30c., qt. 40c., postpaid. By express or freight, not prepaid, 4 qts. $1.50.

DWARF WAX—Pod Varieties

MILLS’ RUST PROOF WAX—One of the very best Wax Beans in cultivation and has proven the nearest to perfection of any variety. Very early, makes good, upright, and robust. Pods up well long. By the ground, which are always of a beautiful golden color; unsurpassed in quality; pods golden yellow, about 6 inches long. (See illustration.) Per pkt. 6c., 1/2 pt. 15c., pt. 25c., qt. 40c., postpaid. By express or freight, not prepaid, 4 qts. $1.50.

PROLIFIC BLACK WAX—Tender, yellow, with transparent pods 3 to 5 inches long, of the best flavor, stringless. Per pkt. 6c., 1/2 pt. 15c., pt. 25c., qt. 40c., postpaid. By express or freight, not prepaid, 4 qts. $1.50.

IMPROVED GOLDEN WAX—Very early. Pods are large, about 3 inches long, of golden wax color and of the best quality. If gathered young are very tender and brittle. Per pkt. 6c., 1/2 pt. 15c., pt. 25c., qt. 40c., postpaid. By express or freight, not prepaid, 4 qts. $1.50.

KIDNEY WAX ROUND POD

A new variety and very desirable especially for the home garden. The vine is dwarfer and very productive. The exceedingly beautiful pods are 1½ inches long, of golden wax color and of the best quality. Per pkt. 6c., 1/2 pt. 15c., pt. 25c., qt. 40c., postpaid.

BEANS—Pole or Running

LAZY WIFE’S—This is a round, medium size, white pole Bean. The pods are of good size, pale green in color, very thick, mottled, remarkably tender and are entirely stringless. Per pkt. 6c., 1/2 pt. 15c., pt. 25c., qt. 40c., postpaid. By express, not prepaid; 4 qts. $1.00.

KING OF THE GARDEN LIMA—This is a well-known bean and produces large size pods and beans, which are of the best quality. This is unquestionably the best pole Lima Bean of today. Per pkt. 6c., 1/2 pt. 15c., pt. 25c., qt. 40c., postpaid. By express or freight, not prepaid, 4 qts. $1.30.

BEANS 3

EARLY LONG YELLOW SIX WEEKS—An extra early variety; very productive and always makes a good, thick, meaty pod. It is like for its productivity and also on account of its being adapted to any soil or weather and not liable to be injured by spring frosts. Long green pods are flat, 6 to 8 inches long, and if gathered young are tender and stringless. Per pkt. 6c., 1/2 pt. 15c., pt. 25c., qt. 40c., postpaid. By express or freight, not prepaid, 4 qts. 75c., pl. $1.30.

STRINGLESS GREEN POD—Is claimed to be absolutely stringless and the best stringless Bean. The pods are ready for market several days earlier than the best strain of Red Valentine or Early Six Weeks, making it very valuable. The rich green pods, from 4½ to 6 inches long, are so round that the back is created, and when full grown are of fine flavor and very tender. It is very valuable for market gardeners and canning establishments. We have the pure stock that we can offer at, per pkt. 6c., 1/2 pt. 15c., pt. 25c., qt. 40c., postpaid. By express or freight, not prepaid, 4 qts. 80c.

REFUGEE ROUND POD—The pods of this new strain are very tender and fine in flavor as any of the green pod varieties. They grow about fifteen inches in height, branching freely. The pods are nearly round, light green in color, six inches long, tapering to slender point, and are very prolific. Per pkt. 6c., 1/2 pt. 15c., pt. 25c., qt. 40c., postpaid. By express or freight, not prepaid, 4 qts. 75c., pl. $1.30.

EXTRA EARLY RED VALENTINE

(Best Improved Round Pod Strain.) This is one of the best strains of Valentine Beans we have offered. It matures quickly and is of the very best quality. Early, productive, tender and desirable for canning or market use. This strain has proven unequalled and our customers who want the very best Valentine on the market should get this one. We have a choice lot this year. Pods sanded, 4 inches long; even when grown, are brittle. Generally grown for early market. Per pkt. 6c., 1/2 pt. 15c., pt. 25c., qt. 40c., postpaid. By express or freight, not prepaid, 4 qts. 75c., pl. $1.30.
MILLS' EXTRA EARLY BLOOD TURNIP

This is an extra selected strain and has proven a great success wherever grown. We shall supply thousands of our customers this year with this excellent strain. It is very early, early as any other variety grown and the color is a rich dark red and the illustration from a photograph shows the shape and appearance. It has a very small top, is fine grained and always grows very smooth and the beets are always of a very even size. This is one of the best varieties for early planting or for forcing for spring and summer crops or for use in the winter. It is very tender and crisp and highly prized in market wherever offered. It is a great keeper and will make an excellent crop in a few weeks after sowing the seed. We want every customer who has any room to raise beets to sow a packet of this extra selected early variety and we are sure it will be grown every year. More than 45,000 gardens contained this splendid beet in 1907, and it is praised by all who tested it. Our crop of seed is sufficient we believe to supply all our customers. Pkt. 6c.; 2 pks., 10c.; 6 pks., 25c.; oz. 20c.

Do not fail to try our "GIANT AMERICAN ONION" as shown on the FRONT COVER OF THIS CATALOGUE and described on page 22.

EGYPTIAN

This is the old well known Blood Turnip Beet and claimed to be the earliest of all. The illustration gives the shape of this popular root. The flesh is a dark red color and in many sections our customers prefer this to any other variety. Those who want to grow Egyptian Blood Turnip Beets can make no mistake in using our strain of seed, which has been carefully selected. Pkt. 5c.; oz. 10c.; lb. 20c.; lb. 30c.; lb. 50c.

ECLIPSE

We believe this is one of the best known beets and has given great satisfaction to all who have grown it. The Eclipse is quite early and is superior to many of the other table beets. We have taken particular pains in selecting this strain for many years and can furnish seed that will produce beets with a very small top, smooth, fine grain, tender and of a handsome bright red color. If you want to raise Eclipse Beets try our strain this year. Pkt. 5c.; oz. 10c.; lb. 20c.; lb. 30c.; lb. 50c.

EXTRA EARLY EDMAND’S

Here is a splendid variety. Has a short top, round in form as will be seen by the illustration, very smooth, early and of good marketable size for gardeners. The skin and flesh is a deep blood red, very sweet and an all round good garden beet. It is largely planted in private gardens. Pkt. 5c.; oz. 10c.; lb. 20c.; lb. 30c.; lb. 50c.

LENTZ

This is an excellent strain of Blood Turnip Beet, fully as early as the Egyptian, large size, of good quality and produces a fine crop in from six to seven weeks from sowing the seed. The illustration gives a good idea of the shape and appearance and the flesh and skin are a dark blood red. This splendid beet will please anyone for fine table use. Pkt. 5c.; oz. 10c.; lb. 20c.; lb. 30c.; lb. 50c.
**Crimson Globe Beet**

Here is a new variety that is giving great satisfaction everywhere. It is excellent for the table, exceedingly tender, beautiful form with rich, red flesh. The root grows to medium size, generally about three inches in diameter, is very handsome in shape, as will be seen by the illustration carefully engraved from specimens grown in our trial grounds the past season. The surface is remarkably smooth and has a very small tap root. The tops and leaves are small, which occupy but very little room in growing. It is free from any stringy or woody substance that is frequent among many other varieties of beets. On account of its handsome color it was named “Crimson Globe,” and makes a most beautiful and attractive appearance when a lot of them are placed on the market, and they will readily sell anywhere.

The Crimson Globe Beet has been a favorite everywhere and we advise our customers to try this variety as it is distinct in appearance from any other variety. Pkt. 5c., 3 pks. 10c., oz. 12c.

**Dark Stinson**

This has been one of our favorite varieties for several years and it is highly recommended by all who have grown it. It is of good shape, as will be seen by the illustration, and about the size for open garden culture. It is also good for forcing on account of producing very little foliage; much less than many other varieties. The roots are very smooth and of a dark blood red color and the flesh is the very best. They can be grown close together; about 4 inches apart in the row. Seed stock has previously been scarce, which has made it high in price, but we are able to offer a liberal amount of seed at low prices this year and anyone who wants a good beet can make no mistake in sowing this variety. Pkt. 5c., oz. 10c., ¼ lb. 25c., ½ lb. 35c., lb. 60c.

**Columbian**

This beet grows very smooth, has clean roots three to four inches in diameter, which are ready for use almost as quickly as some of the earlier sorts and it is of much better quality than many of them. The flesh is deep blood red, tender, and of rich flavor, and it retains its fine quality until the roots have reached full growth. It is claimed by some that this is as early as the Egyptian. It is one of the very best to grow for winter. Even if sown as late as July it will produce roots of good size before frost. Pkt. 5c., oz. 10c., ¼ lb. 25c., ½ lb. 35c., lb. 60c.

**Electric**

This is almost round in shape. The flesh is rich red, very tender, and remarkably early. The tap root is small. The leaves and top are small and grow very close to the crown. It is one of the earliest varieties coming in close to Egyptian. The flesh is free from fibre, rich and sweet flavor. Pkt. 5c., oz. 10c., ¼ lb. 25c., ½ lb. 35c., lb. 60c.

**Improved Long Red**

This is the best long red beet on the market being unequaled for the table or for all stock. It is popular everywhere. Tops are large, necks small. Roots, stems and vines red, leaves green. Roots are large, tapering at both ends, growing nearly even with the surface. Flesh and skin dark red, tender, sweet, and remains so when kept until spring. Pkt. 5c., 3 pkts. 10c., oz. 12c., ¼ lb. 20c., ½ lb. 35c., lb. 60c.

Remember—We carry a complete stock of every variety of seeds offered in this catalogue at our WESTERN BRANCH HOUSE, Washington, Iowa, and we advise all our customers nearest there to send their orders to that house.

We are giving very quick service this year with our increased facilities and you can depend on having your orders filled QUICK, even if you delay ordering until the last moment.
MANGEL-WURZEL and SUGAR BEETS

We offer the standard and reliable varieties and at the prices postpaid, unless otherwise noted. We carry a large stock of Mangel and Sugar Beet Seed at our Western Branch House, Washington, Iowa.

Mills’ Mammoth Prize Long Red Mangel
This is the most popular long red mangel, sometimes called “Giant” or “Jumbo.” It is the largest variety we know of. Grows about 3/4 out of the ground and we have frequently grown them to weigh 30 pounds each. It has produced over 60 tons to the acre. It is not coarse grained, even when attaining enormous weight. It is one of the very best for cattle and sheep feeding during winter and those desiring a good red mangel will certainly want this one, as it always produces roots of good size and quality. The illustration, carefully engraved from specimens, will give a good idea of the size and shape and our customers who want a good stock feeding red mangel should order this one. Pkt. 5c; oz. 10c; 1/2 lb. 15c; 1 lb. 25c; lb. 35c, postpaid. By express, not prepaid, 5 lbs. or over, at 22c. per pound.

Golden Tankard Yellow Mangel
Our customers say that this is the most desirable yellow variety that they have ever grown for it contains more sugar and less water than any other variety of this color. It is also claimed that it is one of the leading varieties in England as it is highly prized for dairy farmers. It certainly is a fine mangel and on account of its peculiar shape can be left very close in rows, which makes a very heavy crop. It matures quite early, in fact, earlier than other sorts. Is hardy and under good cultivation will yield from fifty to sixty tons per acre. The illustration, carefully made from specimens, gives a good idea of the shape and appearance of it and all who wish a first-class yellow mangel should order this one. Pkt. 5c; oz. 10c; 1/2 lb. 15c; 1 lb. 25c; lb. 35c, postpaid.

Giant Ovid Mangel
This is a handsome mangel, growing nearly two-thirds above the ground and always producing large crops. Easily pulled on account of the way it grows. It does well on limestone soil. The skin is yellow and neck is small while the leaves are medium in size, but few are produced. Owing to the demand for this Giant variety we have secured a good supply of the seed direct from headquarters and we are sure those who wish this giant variety can make no mistake in ordering it. Pkt. 5c; oz. 10c; 1/2 lb. 15c; 1 lb. 25c; lb. 35c, postpaid.

Red Globe Mangel
This is the very best Globe Mangel and is used for planting in shallow soil. Is easy to dig on account of its having a short oblong shaped root. Is immensely productive and one of the best for stock feeding. It keeps as well as any when stored for winter use and our customers can make no mistake in planting this if they want to grow a good mangel. Pkt. 5c; oz. 10c; 1/2 lb. 15c; 1 lb. 25c; lb. 35c.

Improved Wanzleben Sugar Beet
This is the best sugar beet to grow for the manufacture of sugar. It is also used to grow for stock. It is acknowledged by all to be by far the best sugar beet grown. We offer genuine imported seed as follows: Pkt. 5c; oz. 10c; 1/2 lb. 15c; 1 lb. 25c; lb. 35c.

Lane’s Improved Imperial Sugar
This is another popular and productive sugar beet; has been in cultivation for some time and is well-known in many sections as a favorite for stock feeding. It is rich and sugary in quality and the crop sometimes reaches 80 tons per acre, and single specimens grow to weigh nearly 35 pounds each. Pkt. 5c; oz. 10c; 1/2 lb. 15c; 1 lb. 25c; lb. 35c.

We will ship by express or freight, not prepaid, 5 lbs. or more of any of the above six varieties at 22 cents per pound.
CARROTS—For Garden and Stock Feeding

MILLS’ DANVERS—This famous variety originated in Danvers, Mass. It is a variety well adapted to all soils and sections and will yield greater bulk with smallest length of roots of any Carrot grown. It is very productive, medium length tapering at the point. Roots smooth and of a dark rich orange color. Over 40 tons per acre have been grown and a yield from 20 to 21 tons per acre is not uncommon. Pkt. 5c., oz. 10c., ½ lb. 25c., 1 lb. 45c., lb. 80c., postpaid.

MILLS’ IMPROVED LONG ORANGE—The roots are of large size, smooth, fine-grained and excellent quality for table use. The color is a deep orange as indicated by its name. Will produce enormous crops and it is well adapted for light soil. It is also well suited to dairymen on account of its heavy yields. Pkt. 5c., oz. 10c., ½ lb. 25c., 1 lb. 45c., lb. 80c., postpaid.

LARGE WHITE BELGIAN—This is the old well known Belgian Carrot used for stock feeding. The roots grow to a large size and is highly recommended by experimental stations and agricultural gardens for all kinds of stock feeding. We have a very choice lot of seed. Pkt. 5c., oz. 10c., ½ lb. 20c., 1 lb. 50c., lb. 45c., postpaid.

MILLS’ NEW CHAMPION YELLOW—This is a new Carrot we only recently offered. It is a very beautiful yellow color and the very best for dairymen as it gives butter the proper color. It is highly recommended by every one who has grown it and when the roots are fully grown they average several pounds and the tonnage taken from an acre we believe will exceed any other Carrot grown. It is not only valuable as a Carrot for stock, but if it is sown at the rate of from twelve to fifteen pounds of seed to the acre, it will be an excellent sort for table use. We recommend that our customers give this Carrot a trial and we are sure they will find it a remarkable variety. Pkt. 5c., oz. 10c., ½ lb. 30c., 1 lb. 50c., lb. 80c., postpaid.

MILLS’ GIANT SHORT WHITE—This is a very productive variety, well suited to shallow soil. And grows well out of the ground, making it easy to harvest. The roots are short, smooth, very heavy at the shoulder tapering regularly to the point. Flesh rich white, solid, crisp and of excellent flavor. Is a very large yielder and has given our customers the best of satisfaction. Pkt. 5c., oz. 10c., ½ lb. 20c., 1 lb. 30c., lb. 55c.

OX-HEART or GUERANDE—As shown by the illustration this Carrot is finely shaped being intermediate in length, fully three to five inches in diameter. Specimens have been raised measuring over seven inches in diameter. The quality is extra good and we can recommend it for home use. It can be pulled where other sorts require digging and if you want an early, handsome, ready selling Carrot, this will please you. Pkt. 5c., oz. 10c., ½ lb. 30c., 1 lb. 50c., lb. 80c., postpaid.

MILLS’ AGRICULTURAL WONDER—This is a distinctly new Carrot and produces long roots of good size and true yellow color. It is claimed it will yield 30 percent more than any other variety now cultivated. It is a most excellent quality for the table, keeps well and is productive enough to be grown for stock feeding. It will out-yield all other field Carrots and in addition to its immense size it is remarkably free from toughness generally found in field Carrots. We recommend that our customers give this variety a trial. Pkt. 5c., oz. 10c., ½ lb. 25c., 1 lb. 45c.

SPECIAL OFFER FOR NAMES—Any person who will give us the name and address of one head of family who ever order Seeds or Plants from Catalogues of Seedsmen we will at the time of sending in your order, send one packet of SEEDS FREE! Your selection, providing the one address is written on a separate slip of paper from order.

These Rules must be followed to secure the Free Packet of Seed.
OUR NEW EARLY CABBAGE—GIANT SOLID HEAD
EARLIEST LARGE HEAD EVER INTRODUCED.

We believe this new strain of EARLY CABBAGE will astonish all who grow it. It is a great Cabbage, and we take pride in offering seed to our customers this year. (See Colored Illustration, page 16), showing a single head, also section of head cut through the center to show how solid it is. For a large size Early Cabbage it is the quickest growing sort we ever knew.

This Cabbage has been bred to produce a solid head of good size, and yet very early, which makes it just the thing for market gardeners or private gardeners. It will sell at a high price in any market. Try it this year. This Cabbage must be grown to be appreciated and we can supply Choice Seed, in packets only, as follows: Packet, 6 cts., 3 packets, 15 cts., 6 packets, 25 cents.

EARLIEST CABBAGE IN THE WORLD

SOLID HEADS

EARLY SPRING CABBAGE—This is a first-class extra early round flat head Cabbage, differing in shape from our "Early Giant," "Early June" or "First in the Market." The heads are always uniform, remarkably solid with but few leaves and we believe it is the earliest flat head Cabbage introduced and is giving great satisfaction everywhere. The stem is short, which makes it very valuable for truckers as well as private gardeners. The "Early Spring" quite often attains a weight of five pounds, and is very solid and firm. Those who want an extra early Cabbage of this description can make no mistake in ordering Early Spring.

Early Spring Cabbage.

MILLS' FIRST IN THE MARKET—Nearly all our customers are familiar with this excellent early Cabbage. We introduced it several years ago, and it has been planted in thousands of gardens throughout the United States and has always given the very best of satisfaction. It is one of the greatest Early Cabbages we have ever seen to head well and until the introduction of "Early June" and "Early Giant," this has stood at the head of our list for earliness, but we must confess it is very wild in its development, and we cannot control the stock that we are offering this year. Per pkt., 6c.; 3 pcks., 15c.

MILLS' "EARLY JUNE" CABBAGE—This is a great Cabbage and should be planted in every garden in the country. We were very fortunate in securing this strain of Cabbage which is even earlier than our famous "First in the Market," which previously was the earliest Cabbage we had ever offered. "EARLY JUNE" is just what its name implies and is the quickest growing Cabbage in the world, and is sure to please everyone who plants it. The heads are fair size, very solid and just the thing for market gardeners, truckers or home gardeners. Early June coming so early, will readily sell in any market. The illustration well shows the Cabbage, and almost every plant is sure to form a perfect head. They can be planted close together and will yield a large crop and we are sure that our customers will appreciate our offering this grand new Cabbage. We have a fair stock of seed on hand and would advise early orders, because this new Cabbage cannot be secured from any other dealers as we control the seed stock that we are offering this year. Per pkt., 6c.; 3 pcks., 15c.

MILLS' FIRST IN THE MARKET—This is an extra good early Cabbage, forming large cone shaped heads of excellent quality and is very certain to head, as it will grow solid heads in season when other sorts fail to produce anything. Per pkt., 5c.; oz. 1c.; ½ lb. 35c.; ½ lb. 65c.; lb. $1.25.
OUR NEW CABBAGE—"NEVER FAIL"

We have never offered a late crop Cabbage that has received such praise as this new one, "NEVER FAIL." We have on record hundreds of reports from customers in every part of the country telling what a wonderful Cabbage it is. This is certainly one of the greatest cropping Cabbages we have ever introduced and is superior in many respects to other late varieties. The heads grow very uniform in size and are remarkably perfect in form and solidity. It certainly is a vegetable wonder as the heads are about equal in size and shape weighing from 15 to 15 pounds each, and unlike most types the heads are perfectly solid and the stems do not grow into the heads near as far as in many other varieties. The flesh is firm, tender and sweet, making it most desirable for krauts as well as all other purposes for which Cabbages are used. In hardness this Cabbage is very valuable and will stand more than any other variety we have ever grown. It is remarkable for its quick growing habit and will mature fully two weeks earlier than many other late growing sorts. If you wish to grow this Cabbage, do not fail to try it. (See Colored Illustration, page 16.)

Mills' Surehead Cabbage

The earliest Cabbage in the world is Mills’ "Early June." The best sure heading late cabbage is our "Never Fail." But what have you between? This we are frequently asked. We are now able to offer: what is called "All Head Early." This just fills the place. This is truly the finest large summer Cabbage in the world, and while this may seem a strong statement, we can prove it every time.

Mills' Surehead Cabbage

While the Giant Flat Dutch is our favorite variety, always producing an excellent crop, the surehead comes very close to it and produces large, solid, firm heads, even in the most unfavorable season. Few other varieties can approach it in fine quality and uniform reliability in forming solid heads of good size. It produces large, round, flattened heads and is remarkable for its certainty to head. It is all head and always sure to head, even where other varieties fail. Single heads have weighed over 60 lbs. For per Pkt. 5c., 3 pkts. 10c., oz. 15c., ¼ lb. 45c., ½ lb. 80c., lb. $1.50.

Mills' Surehead Cabbage

ALL HEAD EARLY CABBAGE (Continued.)

Our claims are ample, with heads twice as large as any other early Cabbage. The deep flat heads are remarkably solid and the most uniform in shape and size of any variety in cultivation. As tendency is the result of rapid growth, it surpasses all others in this respect. It is the most thoroughbred of all American Cabbages and the heads grow so compact that fully 1,000 more heads can be obtained to the acre than any other Cabbage. Price of extra selected stock for Pkt. 5c., oz. 15c., ¼ lb. 50c., ½ lb. 90c., lb. $1.75.

Mills' Surehead Cabbage

MILLS' GIANT LATE FLAT DUTCH

For sureness in heading and regularity in growth, Mills' Giant Flat Dutch certainly heads the list of late cabbages. No word of praise is too high for its merits. It forms large, solid heads, uniform in size and color, handsome in appearance. It has a very short stem and at the same time it is a compact grower. If there is a better cabbage in America than this we do not know of, for every attainable sureheading cabbage has been tried and nothing has equaled our famous Flat Dutch. Farmers and all others planting this will realize more from it than any other late cabbage that we know of. Better pay an extra price for the seed and have a good crop than to buy inferior seed at a low price. Ninety-nine heads out of 100 plants set is nothing unusual. This catalogue is filled with excellent strains of cabbage, but none can surpass our Giant Flat Dutch. For per Pkt. 5c., 3 Pkts. 10c., oz. 15c., ¼ lb. 40c., ½ lb. 75c., lb. $1.40.

Mills' Surehead Cabbage

Early Jersey Wakefield

We feel perfectly safe in saying that we consider we have the finest and truest stock of Jersey Wakefield in America. There is no question but that Jersey Wakefield is the best strain of the late season Cabbage Cabbage in cultivation today and it is not to be wondered at that we so often hear complaints in furnishing our customers with an extra choice strain of seed. It forms an unusually large head almost as early as any of our other sorts. It is always sure to mature fine marketable heads in 100 days, or less, from planting. You should never buy cheap seed of this variety. For per Pkt. 5c., 3 Pkts. 10c., oz. 15c., ¼ lb. 40c., ½ lb. 90c., lb. $1.25.

Mills' Surehead Cabbage

SURE CROP

This new variety of Cabbage, "Sure Crop," will be greatly appreciated. It is sure to produce good heads in seventy to ninety days, from sowing of the seed. It is a wonderful variety of the best quality with few loose leaves. If planted quite close together produces a large crop. Give it a trial and you will be sure of a crop of Cabbage. All head and always sure to head. For per Pkt. 5c., 3 Pkts. 10c., oz. 15c., ¼ lb. 40c., ½ lb. 65c., lb. $1.35.

Mills' Surehead Cabbage

WARREN or STONE MASON

An old reliable late market sort; short stems and fine large heads. For per Pkt. 5c., oz. 10c., ¼ lb. 35c., ½ lb. 65c., lb. $1.25.
World-Beater Cabbage

This is the greatest of main crop Cabbages, enormous in size, one of the best keepers and often produces heads from 3 to 15 lb. in circumference, weighing from 39 to 50 pounds each. The heads are fine grained, and are considered the king of all winter Cabbages. Its small outer leaves enable it to be planted with any other late sort and is always sure to produce more per acre than any other variety from the fact that the leaves are smaller and grow close to the head. This Cabbage has stood all kinds of tests and has met competition everywhere, and we recommend it.

Mills' Short Stem Drumhead Cabbage

This splendid variety of winter Cabbage has given such universal satisfaction that we offer it as something of rare value and great merit. But few varieties can excel this famous sort in productiveness, beautiful appearance, excellent cooking and keeping qualities and the immense size of heads. Heads are extra hard and solid; are round and flattened on top. They grow very uniform in shape, with a strong short stem, and present a very handsome appearance, as is shown by the engraving. From 100 heads set out, 50 large solid heads may be expected. This is an excellent variety for customers in the South, where many varieties fail to head. Anyone can rely on the new Short Stem Drumhead. Per pkt. 5c., 3 pts. 10c., oz. 20c., 1/4 lb. 40c., 1/2 lb. 75c., lb. $1.40.

IMPROVED DANISH BALL-HEAD

This new Cabbage comes from Denmark and is priced so highly that the Danes grow it almost exclusively for winter Cabbage. The heads are hard, round, of good marketable size, fine grained and good keepers, but not so large as the late Flat Dutch, but are even harder and more solid. The true Danish Ball-Head has become wonderfully popular for winter market and we believe that in many sections, where Cabbage is largely grown, at least four-fifths of all winter Cabbage grown is Danish Ball-Head. Our stock is extra fine imported seed, crop of 1907, and can be relied upon as the very best. Per pkt. 5c., 3 pts. 10c., oz. 20c., 1/4 lb. 75c., 1/2 lb. $1.15, lb. $2.10.

IMPROVED HOLLANDER

This variety has been selected and perfected for more than fifty years by the Danish gardeners. They price it so highly that they grow it almost exclusively for winter Cabbage, and annually export large quantities to London, Paris and other cities. It will stand long journeys and keep far into the spring, and is of most mild and rich taste. Heads round as a ball of good size, solid and very fine grained. Has but few outer leaves, thus admitting of close planting. Medium size, tender and crisp with but little waste heart. Pkt. 5c., 3 pts. 10c., oz. 20c., 1/4 lb. 75c., 1/2 lb. $1.15, lb. $2.10.

ALL SEASONS

Early as the Early Summer and one-third larger. As its name indicates, it can be planted at all seasons of the year and produces a fine large head not liable to burst after heading. Per pkt. 5c., 3 pts. 10c., oz. 20c., 1/4 lb. 40c., 1/2 lb. 75c., lb. $1.25.

THE LUPTON—This new Winter Cabbage originated with Mr. Lupton, a well known Long Island Cabbage grower, and we find it a first-class Cabbage. The stalk is rather short; color a dark green. The quality is fine and it is also one of the best keepers. The heads are not likely to crack, although it will not stand as long as "All Seasons," which is remarkable in this respect. It is very reliable and uniform in heading and is one of the very best. Per pkt. 5c., 3 pts. 10c., oz. 20c., 1/4 lb. 30c., 1/2 lb. 50c., lb. $1.50.

MAMMOTH ROCK RED—Largest Red Cabbage known; heads of deep red inside and out and almost as solid as a rock. Per pkt. 5c., 3 pts. 10c., oz. 20c., 1/4 lb. 40c., 1/2 lb. 75c.
White Plume Celery

This is a well-known variety and is popular everywhere grown. It is the earliest and most easily blanched. The plants grow rapidly and on account of its easy culture every amateur gardener should grow this variety. Seeds sown in April, transplanted in July, will be ready for use in October without banking up. Give it a trial and you will be pleased with the result. Our seed of this grand Celery is a very choice selected strain and will produce very fine stalks. Pkt. 5c., 3 pkts., 16c., oz. 15c., ½ lb. 50c.

New Large Ribbed
Red Celery

Our large trials have proved that this variety is a sprout of the Giant Pascal, one of the best varieties grown. It has all the good qualities of the Giant Pascal, while the ribs are thicker and much stiffer. It is exceedingly healthy and of most excellent quality, tender and well flavored and is a good variety to keep through the winter. It is very popular on account of its handsome appearance, in connection with its fine keeping qualities, and our customers will certainly be pleased with it. Per pkt. 5c., 3 pkts., 10c., oz. 15c., ½ lb. 50c.

DWARF GOLDEN HEART—This variety is of dwarf habit and when blanched, the heart, which is very large, is of a pure golden yellow. It is very striking and showy; keeps well during winter. Pkt. 5c., 3 pkts., 10c., oz. 15c., ½ lb. 40c., ½ lb. 80c., lb. $1.50.

NEW ROSE—This Celery has a splendid flavor and is also very ornamental for the table. It is sold, rich in flavor and keeps remarkably well, better than the yellow and the white sorts. Per pkt. 5c., 3 pkts., 10c., oz. 15c., ½ lb. 50c.

Large Ribbed Red Celery

New Paris Golden Queen Celery

This new Celery is very handsome and stocky, of close growing, upright habit, with a golden heart. The flavor is sweet and pronounced. The stalk is large in girth and heavy in weight, giving the bunches an exceedingly handsome and attractive appearance. It may be used early or late, as it blanches easily. An excellent winter keeper. Pkt. 5c., 3 pkts., 10c., oz. 15c., ½ lb. 60c.

New Golden Self-Blanching

(Gilt Edge Strain)—This variety cannot be too highly recommended. It is the best Celery in cultivation and is also the most popular. It is wonderfully productive. The root is perfectly solid, crisp and of delicious flavor. The heart is large, solid and a rich golden yellow. It has been the leading variety and we offer a fine strain at following prices: Pkt. 5c., 3 pkts., 10c., oz. 25c., ½ lb. 75c.

Giant Pascal

With the exception of our Gilt Edge Strain Self-Blanching, this is without doubt the most remarkable variety ever introduced. The stalks are extremely large and entirely stringless; is crisp and brittle. The heart is rich bright yellow even after blanching. It is an excellent variety for shipping; does not rust or rot. It grows more satisfactorily in the North than any other variety in existence. Per pkt. 5c., 3 pkts., 10c., oz. 15c., ½ lb. 50c.

Pink Plume

This is a splendid new variety, recently introduced, and is an advance in Celeries, as an intermediate between the White and Red Celeries, combining the good qualities of both. Pink Plume is just about the same as the old White Plume; rich flavor; long keeping qualities, for which these Celeries are noted. It is a strong, heavy grower with no tendency to rust, extra early and a good keeper. The stems are solid and crisp. Per pkt. 5c., 3 pkts., 10c., oz. 25c., ½ lb. 60c.
CUCUMBERSEarned the Whole Season

BEST EARLY VARIETY IN THE WORLD

This is an excellent early Cucumber and cannot be praised too highly. It is one of the earliest varieties of good size and unequaled as a table sort, and in productiveness it is remarkable, being very prolific. Fruit grows from 5 to 8 inches in length, from 2 to 3 inches in diameter, and the illustration is as exact as can be made from specimens. They are always handsome, being uniform, straight and of a rich, dark green color. The flesh is tender, crisp and of excellent flavor. While this Cucumber is especially adapted for early planting for the table, it is equally as good for pickling. There is no Cucumber that can surpass Mills' Earliest. Per pkt. 6c., 3 pkt. 15c., 6 pkts., 25c.

MILLS' EARLIEST WHITE SPINE

This Cucumber cannot be praised too highly. It is the best and most widely grown of any White Spine Cucumber. It is unequalled as a table and market sort and it is also excellent for pickling. It is very productive and good for forcing under glass as well as growing in the garden. The fruits grow from five to seven inches long and from two to three and one-half inches in diameter and the fruits are produced in great abundance, while the color is light green. All those who want the best White Spine Cucumber should order this one. Pkt. 6c., 3 pkts., 10c., oz. 15c., V4 lb. 35c., 1 lb. 60c., lb. $1.00.

MILLS' IMPROVED LONG GREEN

This is a well known variety. The fruits grow from twelve to sixteen inches long, and it is well known by everyone that this variety cannot be surpassed for pickling and when ripe it is the best for sweet pickles. The vines grow strong and the fruit is always produced in great abundance, making it one of the most productive varieties in cultivation. We have a selected improved strain that we highly recommend to our customers. Pkt. 5c., oz. 10c., V4 lb. 35c., 1 lb. 60c., lb. $1.00.

We have a very choice selection of Cucumber Seed to offer this year. Several new varieties of great merit.
CUMBERLAND PICKLING CUCUMBER

This is a very desirable variety for pickling. The vines are of strong growth and they fruit very freely. The illustration carefully engraved from specimens grown on our trial grounds, gives a good idea of the appearance. The young cucumbers are thickly set with small spines and are very attractive for either large or small pickles. The fruits average when fully grown from nine to ten inches in length and from two to three inches in diameter. It is a good variety for slicing as well as pickling, but we highly recommend it as a desirable variety especially for pickling, and we advise our customers to give this variety a trial this year. Pkt. 5c., 3 pkts., 10c., oz. 12c., lb. 35c., $1.10, postpaid.

PEERLESS IMPROVED WHITE SPINE—A very productive white sort, grows from 5 to 7 inches long and is one of the best for forcing purposes. It is always crisp, tender and of excellent flavor. Per pkt. 5c.; oz. 10c.; lb. 25c.; V2 lb. 40c.; lb. 70c.

GREEN PROLIFIC or BOSTON PICKLING—An excellent variety for pickling, and is immensely productive. It bears an abundance of fruit of delicious flavor. Pkt. 5c.; oz. 10c.; lb. 25c.; V2 lb. 40c.; lb. 70c.

HILL'S FORCING WHITE SPINE—Very early and excellent for forcing purposes, equally as good as for outdoor culture. Excellent for customers in the South to grow for Northern markets. Per pkt. 5c.; oz. 10c.; lb. 25c.; V2 lb. 40c.; lb. 70c.

EARLY RUSSIAN—This is one of the very earliest in cultivation and grows only about 8 inches long. It is fine for pickling. Give it a trial. Per pkt. 5c.; oz. 10c.; lb. 25c.; V2 lb. 40c.; lb. 70c.

EVERGREEN CUCUMBER

This new Cucumber is admitted to be an excellent pickle sort possessing all the required qualifications as a perfect pickle Cucumber. Those who have grown it say that it bears three Cucumbers to ordinary kind's one. It is a very strong grower, extra early and the fruits are excellent for slicing if allowed to grow to sufficient size. When ripe the color is yellow, but through other stages of its growth it is a handsome evergreen. Per pkt. 5c.; oz. 10c.; lb. 25c.; V2 lb. 40c.; lb. 70c.

NICHOLS’ MEDIUM GREEN CUCUMBER

Unequalled as a first-class pickling sort, and greatly praised as an early market variety. The skin is light green in color, very smooth and of fine quality. Per pkt. 5c.; oz. 10c.; V2 lb. 25c.; lb. 40c.; lb. 70c.

FORDHOOK PICKLING—It is claimed by the introducer that this is the best variety of Cucumbers to plant for pickling, on account of their growing about three inches in length. This variety is an abundant yielder. The vines grow very strong and vigorous, and continue bearing for a long time. The skin is very thin, and makes the Cucumber very tender. If it is allowed to grow full size, it is good for table use, but you must remember that when cucumber vines are allowed to bear large fruits it will quickly check their growing and shorten crop. Per pkt. 5c.; oz. 10c.; lb. 25c.

THORBURN'S NEW EVERBEARING—A splendid early variety. Fruits continually until killed by frost. They are perfect in form and are of a fine green color. Per pkt. 5c.; oz. 10c.; V2 lb. 25c.; lb. 40c.; lb. 70c.

JAPANESE CLIMBING CUCUMBER

This is an excellent new variety and originally came from Japan. The young plants are bushy but as soon as they become well established, begin to climb and may be grown on fences, poles or trellises. The vines are of healthy, vigorous growth and cling so tightly that they are not prostrated by heavy storms of wind or rain. They begin to bear early and continue to produce fruit throughout the season. The fruit is from 12 to 15 inches in length and produces but very few seeds, which makes them high in price. Per pkt. 5c.; 3 pkts. 15c., 5 pkts. 25c.

EMERALD—We have added this Cucumber to our list on account of its being one that holds its color long after being picked. It has a dark green skin, free from warts and spines and is nearly smooth. It is suitable for pickling at any time and good for forcing under glass as well as a good shipper. Per pkt. 5c.; 3 pkts. 10c.; oz. 15c.

SPECIAL OFFER—We will send any 4 packets of Cucumbers, Customer’s selection for only 15c.
We offer the best varieties of Sweet Corn in cultivation and exercise the greatest care in selecting seed stock, which makes it far superior to a great deal that is placed on the market.

**THE 3 GIANTS THE LEADING EARLY SWEET CORN**

**MILLS' EARLIEST LARGE**—While this is comparatively a new variety to the general public, yet it has been grown for three or four years by a few people in many sections of the country and we hear from them nothing but praise about it. These and our own opinion of its merits, formed from our thorough trials, convinces us that Mills' Earliest Large will become the leader among the medium-early sweet corns. It is the earliest large variety grown. It grows large handsome ears filled with plump, deep white kernels that retain their milky tenderness for a very long period. Quality and flavor surpassingly fine and sweet. Valuable for either home use or market. Very productive. Per pkt., 6c.; 3 pkts., 19c.; ½ lb. 15c.; lb. 26c.; qt. 40c., postpaid.

**PREMO.** This variety is earlier than the Cory, ears are larger and the grains sweeter. It is a new variety that has been largely advertised and is giving great satisfaction everywhere. It is superior to many other early varieties on account of its earliness, handsome appearance and excellent quality. The ears are from five to seven inches long on an average, and it is a variety greatly sought for by gardeners and those raising early sweet corn for market. Per pkt., 6c.; 3 pkts., 19c.; ½ lb. 15c.; lb. 26c.; qt. 40c., postpaid.

**NORTH POLE**—This is a grand new variety of Sweet Corn; the earliest we have ever grown, and we have found nothing that will equal North Pole in earliness, productiveness and handsome large ears. This is a genuine Earliest Sweet Corn; even earlier than the First of All, and larger than any other varieties we have ever tried. It is very prolific and produces generally two well developed ears to a stalk. It can be planted very early in the spring because its young plants stand a slight frost where other varieties will not, and the seed will not rot in the ground if planted before the soil becomes warm enough to start some varieties. It is a wonder in this respect. The illustration was carefully made from an average ear as grown in the field the past season. We can recommend this corn to everyone who wants to grow the earliest and best Sweet Corn in existence. Seed stock is very nice this year. Per pkt., 10c.; 5 pts., 20c.; 6 pts., 30c., postpaid.

**SPECIAL OFFER**—One packet each of above three varieties of Corn for 20c.
FIRST OF ALL

This is the earliest Sweet Corn we have been able to offer, even earlier than the Cory, which has previously been the earliest. If being a few days earlier than the Cory, not only makes it valuable for family use, but extremely valuable for market, where the earliest corn always brings the highest price. It is more dwarf in growth than the Cory, and superior in quality, tenderness and sweetness. The Illustration, engraved from an average ear, reduced in size, shows the form of the ears, which are of medium size and well filled with large grains to the tip of a very small cob. Why not have the earliest Sweet Corn in your neighborhood? If you plant "First of All" you will have. We have a very nice stock to offer this year, all extra selected. Pkt. 6c., 1/2 pt. 15c., pt. 50c., qt. $1.00, postpaid. By express or freight, not prepaid, pk. $1.25, 1/2 bu. $2.25.

WHITE CORY—With the exception of the "North Pole" and "First of All" this is the earliest Sweet Corn and one of the best, of all early varieties. The corn are of good size, sweet and fine quality and are a class Corn for market gardeners or private families. Pkt. 6c., 1/2 pt. 15c., pt. 50c., qt. 80c., postpaid. By express or freight, not prepaid, pk. $1.00.

EXTRA EARLY RED CORY—This is similar to white Cory with the exception of color, and we can supply it at the same price as white Cory.

BLACK MEXICAN—Acknowledged by all to be the sweetest Corn grown. Not quite so early as some but exceedingly sweet, sugary and delicious. Per pkt. 6c., 1/2 pt. 15c., pt. 20c., qt. 35c., postpaid. By express or freight, not prepaid, pk. $1.00.

ZIG-ZAG EVERGREEN—This is a new Sweet Corn and one of the best, of all early varieties. The corn are of good size, sweet and fine quality and are a class Corn for market gardeners or private families. Pkt. 6c., 1/2 pt. 15c., pt. 50c., qt. 80c., postpaid. By express or freight, not prepaid, pk. $1.00.

STOWELL'S IMPROVED EVERGREEN—This well-known variety is more largely planted by private families, gardeners and canners. Our stock is the very best, being selected with great care, and we claim it to be superior to that advertised by other seedsmen, as an improvement on Stowell's Evergreen. There is no stock of Stowell's Improved Evergreen that can exceed our "Improved." It is the very best for market gardens. Pkt. 6c., 1/2 pt. 15c., pt. 20c., qt. 35c., postpaid. By express or freight, not prepaid, pk. $1.00.

GOLD MEDAL—This is an excellent variety we introduced seven years ago and offered $5.00 for a suitable name. Gold Medal was the name suggested by a customer in Salem, Mass., and the corn has since been known by that name. It certainly is one of the finest varieties of Sweet Corn we have ever introduced. When we first purchased the seed stock we did so on account of its being highly recommended and we have found that it cannot be praised too highly. We have still further improved it so that it is more perfect in form, producing an excellent crop and large ears wherever it is given a fair trial. It is medium in season, creamy color, when fit to cook. Very sweet and tender and holds its that condition longer than nearly all other varieties. Do not fail to give this splendid variety a trial during the coming season. Pkt. 6c., 1/2 pt. 15c., 1 pt. 30c., 3 pt. 50c., 5 pt. 75c., postpaid. By express or freight, not prepaid, pk. $1.75, 1/2 bu. $3.00.

WHITE EVERGREEN—This is one of the most delicious Sweet Corn ever offered. It is a splendid yielder and entirely unsurpassed for market gardening purposes. The ears are pure snowy white, large and well filled. It is the tenderest, sweetest and most desirable for table use. We cannot recommend the White Evergreen too highly as we know it will give the greatest possible satisfaction to all who grow it. If you want a great Sweet Corn by all means include the White Evergreen with your order. The Illustration gives a good idea of this valuable variety. Pkt. 10c., 3 pkts. 30c., 6 pkts. 50c., 10 pt. 15c., 1 qt. 25c., postpaid.
CAULIFLOWER
No seed is more important. Don't buy cheap seed. We offer the finest strain. Quality first, prices afterwards, are the two most important considerations in buying Cauliflower Seed. We wish to call particular attention to Our Early Favorite.

MILLS' EARLY FAVORITE
BEST VARIETY IN CULTIVATION.

This surpasses all others and will stand the heat and drought of any climate the best of all, and is the earliest and surest of any variety to head. For forcing it is particularly well adapted; as a sort for the family and market garden, it is unquestionably the largest as well as the best. Market gardeners, once having sown it, will sow no other. Per pkt. 10c.; 15 pkt., 25c.; 18 pkt., 50c., 1/4 oz., $1.25; 1 oz., $2.00.

MILLS STRIPED RICE—Clear, transparent white, and each kernel is stippled with bright crimson. The ears are good size and pointed, resembling White Rice ripens early. Per pkt., 6c. 3 pkts., 10c.; 1/2 pt., 15c.

WHITE RICE—This is a well-known variety and the leading sort for the market. Our stock is extra selected. Per pkt., 6c., 3 pkts., 10c.; 1/2 pt., 15c.

QUEEN'S GOLDEN—A beautiful golden color. Excellent for forcing, very tender. Per pkt. 6c.; 9 pts., 15c.; 1/2 pt., 25c.; qt., 40c.

GOLDEN TOM THUMB—One of the smallest Corn grown, growing only about 15 in., high, and produced from two to four perfect little ears, each ear from 2 to 2 1/2 inches long with kernels of a bright golden-yellow color, which when popped, expand to a large size. Per pkt., 6c.; 3 pkts., 15c.

EXTRA SELECTED DWARF EARLY ERFURT—This is another remarkable variety for forcing. It is dwarf, with solid heads of superb quality. If planted in March the crop will be ready in June. All market gardeners and private planters will do well to plant this excellent variety. Per pkt., 10c.; 15 pkt., 25c.; 18 pkt., 50c., 1/4 oz., $1.25; 1 oz., $2.00.

EXTRA EARLY EARS FORCING—A favorite variety and very reliable for heading, and 1/2 pt., 10c.

CHINESE LANTERN PLANT

When treated like a tomato it grows and fruits freely from seed the first season. Produces numerous large unfolded husks, the shape of Chinese lanterns, at first a beautiful green color changing to yellow hue, then to bright scarlet. For pies, or dried in sugar for fruit cakes or puddings, it is most delicious. It is a Japanese product. Per pkt. 5c.; 3 pkts., 10c. postpaid.

GROUND CHERRY

The introducer says: "It is very good for canning, preserving and pies. Dried in sugar as raisins or figs, they are excellent; hand painted yellow color and will keep until January. Produces fruit of strawberry flavor in great abundance, from 1 to 2 inches in diameter; highly prized." Per pkt. 5c.; 3 pkts., 10c.

ORNAMENTAL POMEGRANATE

This is a handsome little fruit averaging a tripe larger than the Vine Peach, perfectly round and dark yellow, irregularly striped and flushed with deep crimson color. It is very fragrant, and is claimed by some to be superior to Vine Peach for preserves. It grows on a vine similar to Vine Peach, but leaves are somewhat smaller. Per pkt.

GANDEN LEMONS—The fruit is striped green; slightly smaller than the Vine Peach; thinner flesh and decidely more acid, thus dispensing with the sliced lemons, so important in putting up the melon peaches. Cultivate as musk melons. Per pkt. 6c. 3 pkts., 10c.

ROD BEAUTY—It is very productive, of a beautiful red color and in every respect a firstclass Pop Corn. Very tender and delicious and is sure to give satisfaction. Per pkt., 6c.; 3 pkts., 10c.

MAPLEDALE PROLIFIC—This is a remarkable variety and is the greatest yielding sort ever found among Pop Corn. Stalks grow about 5 feet high and it is claimed that as many as 12 ears have been produced on a single stalk. Its popping qualities are excellent, always pure white, and of good flavor. Per pkt. 6c.; 3 pkts., 10c.; 1/2 pt., 15c.

TATTOOED RICE—This is quite a novelty for Pop Corn. It is early, of rice type; color yellow, blotched and marked in various ways. Per pkt. 6c.; 3 pkts., 15c.

Golden Tom Thumb

White Rice New Striped Rice

Mills' Early Favorite Cauliflower

Applendic novelty, very striking in color and a most wonderful yielder; of bright orange colored fruits about the size of an orange. Vines grow something a smaller than musk melon. For sweet pickles and preserving they are splendid. Per pkt. 5c.; 3 pkts., 10c.; postpaid.

S VINE PEACH

This is a handsome little fruit averaging a tripe larger than the Vine Peach, perfectly round and dark yellow, irregularly striped and flushed with deep crimson color. It is very fragrant, and is claimed by some to be superior to Vine Peach for preserves. It grows on a vine similar to Vine Peach, but leaves are somewhat smaller. Per pkt.

SEE PAGE 26 FOR DESCRIPTION. PKT. 6¢. 2 PKTS. 10¢.
MILL'S EARLIEST—This is the earliest Lettuce in the world. Handsome in appearance, excellent flavor and will make more money for the market gardener than any other variety. It is a Lettuce for forcing or for general crop or can be sown at any time and we do not believe it can be improved. It forms little heads, very tender, remarkably crisp of the very best quality. It resists heat, drought and wet to a remarkable degree and is slow to run to seed. By all means grow this handsome early Lettuce. Price per pkt. 5c.; 3 pkts., 12c.; oz., 20c.

Mills’ Great Northern Lettuce—Here is a wonderful new variety; mammoth in size and we believe it is, without exception, the very largest Lettuce in cultivation. It is tender, sweet, crisp and produces large solid heads about one foot in diameter. While it is mammoth in size it is very tender and no one should hesitate in growing it on account of its size. It resists the heat well, is slow to run to seed and a good variety for late crop when many others are not fit to use. The engraving gives a good idea of this mammoth variety and we would like to have our customers give it a trial this year. Pkt. 5c.; 3 pkts., 15c.; 6 pkts., 20c.

NEW ICICLE—A very quick growing variety of excellent flavor, leaves are early and of a bright green color. A most delicious Lettuce for salads. Pkt. 5c.; 3 pkts., 10c.; oz., 12c.; ½ lb., 40c.

NEW YORK LETTUCE—Here is the king of all market head Lettuces, forms immense heads as solid as a cabbage, often 15 inches across. The quality is excellent, the heads being creamy white inside and firm from any bitterness. It is very slow to run to seed, and a sure header under all conditions. It is a very large growing variety, resisting dry hot weather, and we can highly recommend it as a standard variety for the garden. Of all the varieties of Lettuce we offer, there is none that will give better satisfaction when sown in the garden early in spring than this immense variety. We want all our customers to try this variety this year. Pkt. 5c.; 3 pkts., 12c.; 6 pkts., 20c.

SILVER BALL—Is one of the very best all the year round varieties, excellent quality and good for early spring, summer or winter forcing. Pkt. 5c.; 3 pkts., 10c.; oz., 12c.; ½ lb., 40c.
Mills' Famous Musk Melon—We are very fortunate in being able to offer our customers this grand new Musk Melon this year. It is one of the earliest Musk Melons that we have ever raised and we know it will create a sensation wherever grown and should be given a trial to be appreciated. The Melons are uniform in size, of fine appearance, handsome shape, delicious and sell in any market. It is larger than many other early varieties, flesh is yellow, seed cavity very small and produces very few seed, which makes seed high in price. As a table Melon it cannot be surpassed. The illustration gives a good idea of this handsome Melon. Our supply of seed is somewhat limited, but we are anxious that every customer should give it a trial this year, even if they only grow a few hills in the garden for testing. Pkt., 5c.; 3 pkts., 20c.; 6 pkts., 30c.; 12 pkts., 50c.

Mills' New Strawberry Musk Melon

—Here is quite a novelty in Musk Melons, and has only recently been introduced. From trials we have made of it, it has proven to be a very satisfactory melon. The originator claims it has a flavor like that of the strawberry, hence its name. It is of the small netted type, and the fruit weighs from five to ten pounds each. Its flesh is of an attractive orange red color, and is highly recommended by all who have grown it. Color of the outside is green turning to yellow hue as it ripens. It is claimed that the way this new melon was originated was by planting certain varieties of strawberries between every other row of the New Hybrid Musk Melon, and in this way a splendid Musk Melon has been developed which we call Strawberry. We have been fortunate in growing a limited amount of seed, and offer our customers choice stock at very low prices. Give it a trial.

Per pkt., 5c.; 1 oz., 10c.; ½ lb., 35c.; 1 lb., 60c.

EMERALD GEM—One of the very best. Skin is smooth and emerald green in color. Vines grow thrifty and produce an abundance of fruit, very rich and sweet flavored. A grand Musk Melon. Grow it this season and it will always hereafter find a place in your garden. Per pkt., 5c.; 1 oz., 10c.; ½ lb., 30c.

NETTED GEM OR ROCKY FORD—This melon has become famous everywhere. It is an early variety; skin is green, ribbed and slightly netted while the flesh is thick of a light green color and so sweet that it may be eaten close to the rind. The melons have a very small seed cavity, the flesh surrounding it being slightly tinged with yellow. It is a very firm and solid melon and will keep in good condition for some time after being taken from the vines. The melons weigh on an average of half a bushel each. The illustration conveys a good idea of its shape and appearance and we are sure all who grow this melon will be much pleased.

Pkt., 5c.; 1 oz., 10c.; ½ lb., 30c.; 1 lb., 50c.

MILLS' EARLIEST—This is the earliest Musk Melon and is sure to create a sensation wherever it is grown. It is ahead of the famous Jenny Lind and in fact ahead of all the other early Musk Melons. The melons are of uniform size, fine shape and appearance, delicious quality, and sell in any market. They are nearly round as may be seen by the illustration, of good size, finely netted while inside they are of a rich orange color and we venture to say the flesh is thicker and juicier than any other variety in cultivation, there being such a small seed cavity. We can recommend this variety for home or market use and we have fully demonstrated by our trials that it deserves the name "Mills' Earliest," and we know that this is the earliest, sweetest and most delicious Musk Melon will please everybody growing it, whether they plant one or two hills or five or ten acres.

Pkt., 5c.; 3 pkts., 15c.; 1 oz., 25c.; ½ lb., 50c.
WATER MELONS—We offer all the leading varieties of Water Melons, which are adopted to different sections of the country enabling all our customers to make suitable selections for their locations.

THE WONDERFUL SUGAR WATER MELON

WONDERFUL SUGAR MELON—This has become a famous Water Melon in nearly all sections of the country and we know of no melon sweeter than this one. The Melons grow to a large size, are handsome in appearance and the flesh is a beautiful red with light colored or white seeds. The vines grow very strong and thrive and will stand wet or dry weather. The illustration made from a specimen gives a good idea of the handsome appearance and we can highly recommend this Water Melon as being one that will please our customers both in the north and south. It is an excellent sort for near by markets, but on account of its thin rind we do not recommend it for long freight shipments. For a large size Water Melon, we are sure our customers will be more than pleased with this one and we have a choice lot of seed to offer at the following prices: Pkt., 5c.; 3 pkt., 15c.; oz., 30c.; ½ lb., 50c.; ¼ lb., 75c.; lb., $1.00.

EXTRA EARLY HACKENSACK

Here is a splendid variety, early, immense yieder, handsome in appearance. Flesh is rich, yellow and is in great demand in any market. It being nearly two weeks ahead of other large sorts. The illustration gives a good idea of the melon. The skin is finely netted and presents a handsome appearance in any market and we recommend it as the most profitable early large Musk Melon. Those who want a melon of this description should not fail to grow this one. Per pkt., 5c.; oz., 10c. ½ lb., 30c.; ¼ lb., 50c.; lb., $1.00.

OSAGE OR MILLER'S CREAM—Flesh rich salmon color, very thick, sweet and melting in quality. The rind is thin and finely netted. Very early. Per pkt., 5c.; oz., 10c.; ¼ lb., 25c.; ½ lb., 40c.; lb., 85c.

MONTREAL MARKET—The largest round Musk Melon in the world, from 20 to 30 lbs. each, slightly ribbed; ripens early and keeps well. Per pkt., 6c.; oz., 10c.; ½ lb., 30c.

GIANT CHICAGO MARKET—This fine Musk Melon has been a favorite in the Chicago market for many years. It is a handsome M. len, of the very best quality, flesh is rich and sugary, grows to a large size and is very productive. It is ribbed, well netted and has very thick green flesh and is excellent for shipping. Per pkt., 6c.; oz., 10c.; ½ lb., 30c.

Special Offer—Any Four Packets of Musk Melon for Only—15c.
NEW FAVORITE—Here is an excellent Water Melon with dark and light green color. It is oblong in shape, as illustrated. Flesh bright crimson and very sweet, is an excellent shipper, ripens before Kolb's Gem or Ironclad. This is an excellent variety to grow in the south for northern markets. Pkt., 5c.; oz., 10c.; 1 lb., 25c.; ½ lb., 40c.; 1 lb., 75c.

SWEETHEART—This grand new melon is one of the earliest of the large sorts. Handsome, good keeper, fruits are large, round, and firm. Flesh very bright red, solid and thick. An excellent Water Melon to grow. Pkt., 5c.; oz., 10c.; ½ lb., 25c.; ¼ lb., 40c.; 1 lb., 75c.

KOLB'S GEM—Largely grown in the south for shipment to northern markets; fruit nearly round; rind dark green marbled with lighter stripes. Pkt., 5c.; oz., 10c.; ½ lb., 25c.; ¼ lb., 40c.; 1 lb., 75c.

ICEBERG OR BLUE GEM—In general shape, size and appearance, this is similar to Kolb's Gem, but is distinctly darker, and the skin where the melon rests on the ground is rich yellow instead of white as in that variety. It has a very firm, hard rind, an excellent good shipper. Pkt., 5c.; oz., 10c.; 1 lb., 35c.

DIXIE—Beautifully striped. The flesh is of an intense bright deep scarlet, very sweet and tender. Growers say the Dixie is the best eating and the most productive melon they have ever grown. Pkt., 5c.; oz., 10c.; ¼ lb., 25c.; ½ lb., 40c.; 1 lb., 75c.

DUKE JONES—This is a large, blocky oval fruit, but quite thick through. They are excellent for shipping. Fruits grow very large. Have a dark green skin with bright red flesh of excellent quality. Pkt., 5c.; oz., 10c.; ¼ lb., 25c.

CITRON—Fruit round, handsome and small; used for making preserves only. Pkt., 5c.; oz., 10c.

MILLS' EARLIEST Water Melon.

EARLIEST MELON GROWN. This great early Water Melon is becoming known everywhere and is making a great record on account of its extreme earlyness. Of all our tests we find "Mills' Earliest" absolutely the earliest of the all and is sure to be first in the market. It is delicious in flavor, very juicy and sweet and always salable. It is excellent for family use, as a few vines will yield many melons. Everyone should try this new early Water Melon. It is excellent to plant if you are in a climate where the seasons are short, for it will ripen where many other Water Melons will not mature.

The flesh is deep red in color, exceedingly brittle; the skin is dark green with faint streaks of lighter green. It is a Melon of easy culture and we urge our customers to give it a trial this year, claiming that it is the earliest Water Melon grown. Pkt., 5c.; oz., 10c.; 1 lb., 25c.; ½ lb., 40c.; 1 lb., 75c.
FAIRVIEW LAWN GRASS

QUICK GROWING—We offer the purest, cleanest and best Lawn Grass we ever had. It is the best for our American climate, and composed of various grasses that grow and flourish during the different months of the year, so that a rich velvety green is constantly maintained. Large pkt., 5c.; oz., 15c.; qt., 25c.; postpaid. By express of freight, not prepaid, pkt., $1.00; ½ bu., $1.75, bu., $3.00.

ODO COLLECTION OF GOURDS

GREEN CURLLED—This is a very hardy variety, has dark green leaves, always blanched white and crisp. Per pkt., 5c.; oz., 15c.; ¼ lb., 30c.; ½ lb., 65c.

BROAD LEAVED BATAVIAN—Produces large heads of broad wide leaves, used for flavoring soups, and if blanched the leaves make a good salad. Per pkt., 5c.; oz., 15c.; ¼ lb., 30c.; ½ lb., 55c.

SPINACH

NEW LONG STANDING—A very popular new variety; best for spring sowing; leaves are large, thick and crumpled. Per pkt., 5c.; oz., 6c.; ½ lb., 12c.; ¼ lb., 20c.; ½ lb., 30c.

ROUND THICK LEAVED—Grows large, thick, dark green leaves somewhat crumpled. Per pkt., 5c.; oz., 6c.; ½ lb., 12c.; ¼ lb., 20c.; ½ lb., 30c.

RHUBARB OR PIE PLANT

LARGE VICTORIA—This is very large; of quick growth, fine flavor and is the standard variety. General favorite with market gardeners. Per pkt., 5c.; oz., 15c.; ¼ lb., 50c.; ½ lb., 75c.

SALSIFY OR VEGETABLE OYSTERS

MAMMOTH SANDWICH ISLAND—The best variety grown; of large size; fully double the size of other sorts. Leading variety among gardeners. Delicious flavor. Per pkt., 5c.; oz., 15c.; ¼ lb., 50c.; ½ lb., $1.00; 1 lb., $1.75.

Kohl-Rabi or Turnip Rooted Cabbage

EARLY PURPLE VIENNA—It is largely grown for table use in Germany. Per pkt., 5c.; oz., 15c.; ¼ lb., 50c.; ½ lb., $1.00; 1 lb., $2.00.

EARLY WHITE VIENNA—Best for table use. Per pkt., 5c.; oz., 15c.; ¼ lb., 50c.; ½ lb., 60c.; 1 lb., $1.50.

Egg Plant

NEW YORK IMPROVED LARGE PURPLE—The best variety; skin deep purple; free from thorns; flesh white; quite productive. Per pkt., 5c.; oz., 15c.; ½ lb., 30c.

BLACK PERKIN—Almost round and of large size; skin jet black, glossy and smooth; flesh white, solid and fine grained; medium early. Average weight, two to three pounds. It is dwarf-growing and bears it fruit close to main stem. Per pkt., 5c.; oz., 15c.; ½ oz., 25c.

MUSTARD

BLACK—Per pkt., 5c.; oz., 10c.; lb., 40c.

WHITE—Very best, mild and is exceedingly tender. Per pkt., 5c.; oz., 10c.; ½ lb., 50c.; lb., 40c.

COLLARDS

GEORGIA COLLARDS—Known as Cole or Collard, originated in the South. Grown South for greens. Pkt., 5c.; oz., 10c.; ½ lb., 50c.; ½ lb., 85c.
GIANT AMERICAN—(See Front Cover of this Catalogue for Illustration.)—It is very seldom that we are able to offer our customers anything that will give better satisfaction than the GIANT AMERICAN ONION. We have been working on this variety for several years with a view of obtaining a Giant Onion easily raised from seed grown in the spring that will produce full grown Onions by fall. It will be impossible for us to describe this excellent sort. It grows large and handsome, being uniform in size and perfect in shape as shown by the colored engraving on the cover. The skin is a handsome color as shown, and the Onion grows to enormous size, larger than any Onion we know of, and is sure to attract attention wherever grown. It's keeping qualities are excellent and the bulbs remain firm and solid throughout the winter. The flesh is white with a mild flavor and we are sure will give our customers the greatest satisfaction. By all means grow a few of these Onions in your garden this spring. Pkt., 10c.; 3 pkts., 20c.

Mills' Yellow Globe Danvers Onion.

GIANT RED ONION

(SEE COLORED PLATE PAGE 32)

We are pleased to offer our customers seed of this Giant Red Onion, which we have succeeded in securing from a grower who has made a specialty of this variety. The Onions weigh from 2 to 3 pounds each from the seed grown in spring. The skin is very thick and dense and is a beautiful reddish brown color. Flesh is pure white, very dry, juicy and pleasant in flavor. We are sure this splendid large variety will please our customers. Seed is very limited and high in price. Pkt., 15c.; 5 pkts., 25c.

Large Red Wethersfield Onion.

LARGE RED WETHERSFIELD—There are many strains of this celebrated Onion offered but we are sure that none can surpass our famous stock of this popular variety. Some strains will not mature until late in October and this is just what Onion growers should avoid. We have taken particular pains for years in selecting from bulbs that will produce very large crops of those Onions, maturing early in the fall and 2 ft. specimens the first year from seed are of frequent occurrence. Yields of 600 to 500 bushels of our Wethersfield per acre are not uncommon. It is a magnificent keeper, the skin being a deep purplish red, flesh pure white and moderately fine grain. They are excellent for boiling and we claim there is no strain that can surpass our famous stock of this popular variety. Thousands of our customers have endorsed this as the best they have ever grown. We consider it in every way a perfect red Onion, for home or market purposes. Our stock of seed is somewhat limited, but we expect to have enough to go around at the following prices: Pkt., 5c.; 3 pkts., 15c.; oz., 25c.; 2 ozs., 40c.; ½ lb., 75c.
Three Pickling Onions

MILLS’ Eureka Onions in cultivation are the Globe O. one who grows it.

EARLY RED GLOBE—This is one of the earliest small Red globes of the finest quality. It is a well known variety and a great favorite with market gardeners and truckers. Flavor mild and pleasant, skin silvery white of handsome appearance. Pkt. 5c.; 3 pks. 15c.; oz. 25c.

WHITE PORTUGAL OR SILVER SKIN—A well known variety and a great favorite with market gardeners and truckers. Flavor mild and pleasant, skin silvery white of handsome appearance. Pkt. 5c.; 3 pks. 15c.; oz. 25c.

WHITE VICTORIA—This is a handsome globe shape Onion of mild flavor. It is really a beauty on account of the globes being so white and uniform in size. Pkt. 5c.; 3 pks. 15c.; oz. 25c.

RED VICTORIA—This is identical with the White Victoria, except that the skin is very dark red and flesh white or beautiful rose color. Pkt. 5c.; 3 pks. 15c.; oz. 25c.

SOUTHPORT WHITE GLOBE—This is a handsome silvery white perfectly ball-shaped Onion of large size, commanding the highest prices on the market. Flesh firm, fine grain, of mild flavor and an excellent keeper. It is even regular in size, perfect globelike form combined with the clear silvery whiteness of the skin makes it one of the handsome Onions that can be grown. Pkt. 5c.; 3 pks. 15c.; oz. 25c.

SOUTHPORT RED GLOBE—This is a large Red Globe Onion, similar to a White Globe excepting color. Matures quite early, large size, deep red skin, fine grain. Flesh mild, very productive and an excellent keeper. Pkt. 5c.; 3 pks. 15c.; oz. 25c.

YELLOW DUTCH OR STRASBURG—These bulbs are of the variety that are of good size, quite flat, skin yellow, flesh white, excellent for growing sets. It is an old well-known variety. Pkt. 5c.; 3 pks. 15c.; oz. 25c.

MAMMOTH RED POMPEII—This magnificent Onion originated in Italy. It is of very fine quality and has produced Onions weighing 2 1/2 to 3 pounds from the black seed first year. Notwithstanding their enormous size their shape is always round and symmetrical. The skin is very thick and delicate in appearance, being a beautiful reddish brown in color. Flesh is pure white, very fine grain and remarkably mild and pleasant in flavor. Pkt. 5c.; 3 pks. 15c.; oz. 25c.

MAMMOTH SILVER KING—This variety grows very large, bulbs are of attractive shape, flattened but thick through, as shown in the engraving, average diameter 6 to 7 inches, bulbs often weighing 3 to 4 pounds each. Skin is a beautiful silver white, flesh is particularly mild and pleasant in flavor. It can be grown in nearly all sections of the United States the first year from seed. Anyone desiring a handsome large pure white Onion of the finest mild flavor will be more than satisfied with the Mammoth Silver King. It cannot be too highly recommended, either for family use or for sale at market for it’s size and beauty will prove very striking. Pkt. 5c.; 3 pks. 15c.; oz. 25c.; 1/4 lb. 75c.

PRIZE TAKER—One of the largest yellow globe Onions in the World.

PRIZE TAKER—This is a great Onion, and it is hard to equal the genuine Prize Taker. We consider the Prize Taker by far the handsomest, most productive, most popular and best of the Yellow Globe Onions today. It is nearly as large as Giant American, the new sort we are introducing this year. Prize Taker produces large, handsome bulbs of superior quality and grows very uniform in size, nearly a perfect globe as shown in the illustration. It has a very small neck and always ripens up hard and fine without any stiff necks. The skin is of a bright straw color and presents a handsome appearance in market. The bulbs grow to an enormous size, often measuring 10 to 12 inches in circumference and attract a great deal of attention in any market and can be sold at a better price than any other variety we know of. The keeping qualities are excellent and the bulbs appear to be firm and solid in the spring as when put away in the fall. We cannot too strongly recommend our genuine Prize Taker Onion seed. We have a limited quantity to offer at the following prices: Pkt. 5c.; 3 pks. 15c.; oz. 25c.; 1/2 oz. 40c.; 1/4 lb. 75c.

NEW AUSTRALIAN BROWN—This is a splendid variety, medium size, hard and solid. Attractive for market. The color of the Onion is a clear amber brown. It has proved to be nearly four weeks earlier than the Red Wethersfield. Pkt. 5c.; 3 pks. 15c.; oz. 25c.
MILLS’ EARLY GIANT PEA

This is a grand extra early large podded wrinkled marrow pea and we are pleased to offer such an excellent variety to our customers this year. We believe that when this pea is once grown it will have a place in the garden every year. The vines have heavy stems with large light green leaves and grow from 2½ to 3 feet high. The pods are always large nearly round and well filled with very large handsome peas of the finest flavor. One of the distinctive merits of this new "EARLY GIANT PEA" over any other variety is the extreme earliness combined with its abundant production of immense pods. When you can grow peas of such large size of the very best quality and have them ready for picking about as early as the little round seeded early smooth varieties anyone can readily realize the value of this New Giant Pea. Although it begins bearing very early it continues for a long time and the peas also remain sweet and tender for some time after they are set to pick. Taking into consideration all the excellent points of this "EARLY GIANT PEA" we know our customers will be more than pleased with it. Be sure and try it this season. Price per pkt. 80c; 3 pkts., 20c; 6 pkts., 30c.

Thomas Laxton

This is a fine new early wrinkled pea and somewhat resembles Gradus or Prosperity, but the pods are a deeper and riper green. It is about as early as the First of All. Pods contain seven or eight very large peas of the richest flavor. It grows about three feet high and as a first early we consider it one of the very best; all who grow this variety will be greatly pleased with it. Pt., 10c.; ¼ pt., 20c.; ½ pt., 35c.; qt., 50c., prepaid. By express or freight not prepaid, $1.50; ¼ bu., $3.50; ½ bu., $6.50.

NEW SURPRISE—An extra early wrinkled variety which comes into market about the middle of June and is the only one of the extra early smooth kinds. The vines grow about three feet high and good no bushing, pods are well filled and everyone who grows this will be more than pleased with them. Pt., 10c.; ¼ pt., 20c.; ½ pt., 35c.; qt., 50c., prepaid. By express or freight, not prepaid, $1.50; ¼ bu., $3.50; ½ bu., $6.50.

AMERICAN WONDER PEAS

American Wonder—This is a well known early pea and preferred by many. It earliness combined with habit of growth makes it a valuable sort to grow. Brilliant robust habit producing a profusion of good sized, well filled peas. Pt., 6c.; 3 pkts., 15c.; ½ pt., 18c.; pt., 30c.; qt., 50c., prepaid. By express or freight, not prepaid, $1.50; ½ bu., $3.25; 1 bu., $6.50.

B. G. Laxton

This is the best Ext. Early smooth pea, unequalled for yield, size of pea, and regularity of growth. Its height is about two and one-half feet and produces pods of good size which are well filled with smooth, round creamy white peas that ripen so evenly as not to require more than two pickings to clear the crop. Pt., 6c.; 3 pkts., 15c.; ½ pt., 18c.; pt., 30c.; qt., 50c., prepaid. By express or freight, not prepaid, $1.50; ½ bu., $3.25; 1 bu., $6.50.

*GRADUS OR PROSPERITY—This is a grand early pea. It is popular wherever grown and is considered one of the very best large podded wrinkled peas which will mature pods only a few days later than the small podded round seeded extra early varieties. The pods and peas are always large and remains tender and sweet for some time after they are large enough to use. Our illustration gives a good idea of this splendid early wrinkled pea. Pt., 10c.; 3 pkts., 20c.; ¼ pt., 25c.; qt., 50c., prepaid. By express or freight, not prepaid, $1.50; ¼ bu., $3.50; ½ bu., $6.50.

*CHAMPION OF ENGLAND—A well known variety and acknowledged to be one of the best for late sowing. Pt., 5c.; ½ pt., 10c.; 1 pt., 25c.; qt., 50c., prepaid. By express or freight, not prepaid, $1.00; ½ bu., $2.00; 1 bu., $3.80.

Our Seed Peas are the very best quality, being all Northern Grown. Those marked (*) are wrinkled varieties.
BLISS' EVERBEARING.

*BLISS' EVERBEARING*—Grows eighteen inches to two feet high, producing pods from 8 to 4 inches long of very large size and peas are of the very best quality. It is an everbearing variety and has a peculiar branching character forming as high as ten stalks from a single root stalk. It is certainly a grand pea. Pkt., 8c.; ½ pt., 15c.; pt., 25c.; qt., 40c., postpaid. By express or freight not prepaid, pk., $1.25; ½ bu., $2.50; bu., $4.50.

**TELEPHONE**

*TELEPHONE*—This is a strong luxuriant growing main crop variety, attaining a height of about four and one-half feet. It is exceedingly prolific, producing a large number of pods to the stalk. The pods are always large size and filled with immense wrinkled marrow peas, six to eight being the average, while ten to twelve peas to a pod are frequently found. Quality is excellent and for family use it is hard to excel the Telephone pea. Pkt., 8c.; ½ pt., 15c.; pt., 25c.; qt., 40c., postpaid. By express or freight not prepaid, pk., $1.25; ½ bu., $2.50; bu., $4.50.

**PRIDE OF THE GARDEN, GOLDEN SUGAR.**

*PRIDE OF THE GARDEN, GOLDEN SUGAR*—This is a mammoth Sugar Pea and we have never found a variety that can equal it. The flavor of the pea are better than other Sugar Peas, are entirely free from strings, pods are very tender and brittle; vines grow three and onefifth to four feet high and are covered with mammoth pods. They can be used the same as snap or string beans and on account of the excellent quality there is always a large demand, and seed stock is very limited. Grow the best Sugar Pea in cultivation. Pkt., 10c.; 2 pkts., 20c.; 7 pkts., 35c., pt., 60c.

**MILLS' ENORMOUS.**

*MILLS' ENORMOUS*—This grand new pea was first introduced by us as No. 4 and we paid $5.00 for the name. When it was first introduced we claimed it would prove a rare variety. Hundreds of our customers have been more than pleased with it and wrote us it surpassed everything they had ever seen in the way of peas. This variety has been thoroughly tested in every section of the country and we are sure it will please everyone who takes pride in growing fine peas, for they are a wonder to all who see them. They grow to a height of nearly four feet and the strong healthy vines are so vigorous that they must be planted thinly in order to secure the best results. They are enormous yelders producing giant pods always well filled with mammoth peas as shown by the illustration which is always of excellent quality. They are entirely free from mildew which is very common among late peas and they stand at the head for productivity. By all means try a few of these large size enormous yielding peas. Stock limited. Pkt., 10c.; 3 pkts., 20c.; 7 pkts., 35c., postpaid.
GREAT NORTHERN—Double the size of other Peppers. Here is one of the greatest Peppers ever introduced. It is a perfect Giant in size; double the size of other Peppers. On account of its mammoth size and handsome bearing it sells well everywhere. The plants grow vigorously of a strong stocky habit, nearly two feet in height. The fruit is very uniform in size while the flesh is extremely mild, being entirely free from any fiery flavor. The Mammoth Peppers are well shown by the colored plate and are produced on strong plants in great abundance, always of a glossy scarlet in color from four to five inches broad at the top. They are excellent for many purposes where Peppers can be used and we have a very choice selected strain of this Mammoth Pepper and can offer seeds as follows: Pkt., 6c.; 2 pts., 10c.

CHINESE GIANT—This is a mammoth variety and producing enormous fruit in great abundance on strong plants, which grow about two feet high of a handsome branching character. These Peppers are thick, tender and mild, nearly as sweet as an apple. While the skin when ripe is a brilliant scarlet. It certainly is an excellent large variety of the mildest flavor.

LONG RED CAYENNE—This is the true Cayenne fruit conical shaped, red in color, very hot in flavor. Pkt., 5c.; 1/2 oz., 10c.; 1 oz., 15c.

GOLDEN UPRIGHT—The fruit is of a golden color tinged with bronze, of mild flavor, a very handsome variety. Pkt., 5c.; 1/2 oz., 10c.; 1 oz., 20c.

MAMMOTH GOLDEN QUEEN—This is the largest sweet yellow Pepper, handsome, very productive, perfect in shape, uniform in size, mild flavor and of a golden waxly yellow color, the illustration gives a good appearance of the plant of this handsome variety. Pkt., 5c.; 1/2 oz., 10c.; 1 oz., 20c.

PROCOPP'S GIANT—As shown by the illustration. It is covered with Peppers and grows to a very large size. It is not unfrequent for Peppers to grow from eight to ten inches long, while they are just mild enough to be pleasing to the taste. Pkt., 5c.; 1/2 oz., 10c.; 1 oz., 20c.

RUBY KING—This is one of the leading varieties and is always in great demand. Our strain of this splendid stock produces large size brilliant red Peppers which are sweet and of mild flavor. The illustration gives a good idea of the plant and we can highly recommend this variety. It attains a larger size than any other variety we know of with the exception of the Southern or Chinese Giant. Pkt., 5c.; 1/2 oz., 10c.; 1 oz., 20c.

BELL OR BULL NOSE—An early red variety of large size, mild flavor thick and bushy. Plants grow about two feet in height. While the fruits are about three inches in length and two inches in diameter. Pkt., 5c.; 1/2 oz., 10c.; 1 oz., 20c.

NEW CELESTIAL—This is a handsome Pepper growing about 1 foot 2 feet high, producing a great abundance of fruit, well above the foliage of the plant as shown by the illustration. Up to the time they are fully grown they are rich creamy yellow and when ripe they turn to a bright scarlet. Pkt., 5c.; 1/2 oz., 10c.; 1 oz., 20c.

POT, SWEET AND MEDICINAL HERB SEED

No garden is complete without a few sweet, aromatic Herbs for medicinal purposes. Some in spring in shallow boxes one foot apart and when well established to transplant to a proper distance apart. Those marked (1) are perennial and when once obtained in the garden, may be preserved for years.

ANISE—Seeds Aromatic.

BAKING—Has Medicinal Qualities.

CARAWAY—Seeds Aromatic.

CHINESE SEED—Seeds Aromatic.

HORSEHOUSHD—Has Medicinal Qualities.

LAVENDER—Very fragrant.

ROSEMARY—Very fragrant.

SUMMER SAVORY—For seasoning.

SWEET PEA—Seeds Aromatic.

SWEET BALSAM—Culinary Herb.

WORMWOOD—Phillip's Herb.

SWEET MAJORAM—For seasoning.

THYME—For seasoning.

WORMWOOD—Has Medicinal Qualities.

Price, 5c. per pkt., for any of the above. Any 3 pkts., 10c.

TOBACCO

FINE HAVANA—This is a heavy cropper, excellent flavor and the earliest sugar variety to procure and will grow two crops from one planting in the south. Pkt., 5c.; 1 oz., 25c.; 1/2 lb., 75c.

CONNECTICUT SEED LEAF—An old and well known variety which is the best grown in Connecticut Valley. Pkt., 5c.; one oz., 20c.; 1/4 lb., 75c.

WHITE PEANUTS—This is a variety which combines many good qualities, such as earliness, show and productivity, yielding fewer imperfect pods and makes less pods than any other kind, yielding on medium ground 100 bushels per acre. Vines average from 3 to 4 feet across, which make valuable forage for stock. Pkt., 5c.; one pt., 25c.; one qt., 40c.; postpaid.

GINSENG

Nearly everyone knows that Ginseng is grown for its root and is worthy of special attention. During the summer months it exhibits a most attractive and very handsome appearance, The foliage is a dark green color and produces a quantity of small sweet scented yellowish-green flowers during July, which are followed by seed berries which ripen in September, when they become a beautiful bright scarlet color. The root is of great commercial value, being used extensively in China where it is considered the chief and most costly medicine. The plant will grow in any good garden soil and hundreds of dollars worth can be produced in a few square rods of ground. The plant can be 10c.; 3 1/2 ft., 30c.; which are prepared to furnish our customers, or a start in growing can be made much sooner by planting one or two year old roots, which we are able to supply. The illustration shows the character and habit of growth of plant. The roots are easily harvested and prepared for market and can be readily sold to dealers in New York or other large cities. The price during October, 1907, ranging from $1.25 to $1.50 per pound, dry root. We can furnish seed as follows:

Per packet, 10c.; 3 pkts., 25c.; 7 pkts., 50c., postpaid. One-year-old roots, 6c. each; 3 for 15c.; 12 for 50c.; 25 for $1.00, postpaid. For larger quantities of seed or roots, write for special quotations.
**PUMPKINS**

**WINTER LUXURY**—Golden russet in color and one of the best for pies. A great keeper, fine grain, rich and sweet. Pkt. $0.10, 2 pkts. 8c., oz., 10c., 1/4 lb., 25c.

**JAPANESE PIE**—This is a Japanese variety, valuable for cooking. Flesh is very thick, rich salmon color, fine grain, dry and sweet. It is of medium size, need caviary small, very productive and a good keeper. Pkt. 5c., 2 pkts. 8c., oz., 10c., 1/4 lb., 30c.

**MILLS’ GIANT PUMPKIN**

**YANKEE PIE**—Here is a splendid Pie Pumpkin, which has been produced through a careful selection of sugar or sweet varieties. The Pumpkins are not large, but of excellent quality. We are sure no Pumpkin ever introduced has given more satisfaction than Yankee Pie. It is extremely early, remarkably prolific, yielding six to twelve medium size Pumpkins to a wino for grain, sweet sugary, and the earliest of all Pie Pumpkins. Pkt. 5c., 2 pkts. 8c., oz., 12c., 1/4 lb., 25c.

**COMMON FIELD**—This is the ordinary Pumpkin used to plant in corn fields for feeding stock. Very productive. Pkt. 5c., 2 pkts. 8c., oz., 10c., 1/4 lb., 30c.

**CALHOUN**—Color cream brown while the inside flesh is deep salmon yellow. Fine grain and an excellent Pumpkin. Pkt. 5c., 2 pkts. 8c., oz., 10c., 1/4 lb., 25c.

**KING OF THE MAMMOTH**—This is a giant Pumpkin, growing to a large size, some which resemble Mills’ Giant. Pkt. 5c., 2 pkts. 8c., oz., 10c., 1/4 lb., 25c.

**SUGAR PUMPKIN**—Also called Sweet Pumpkin. There is a great demand for seeds of this well-known variety. It has a deep yellow skin and fine grained flesh, excellent keeper. It cannot be excelled as a table variety. It has a rare color and excellent for marketing, as it always grows to a uniform size. Pkt. 5c., 2 pkts. 8c., oz., 10c., 1/4 lb., 25c.

**Winter Luxury**

Winter Luxury—This is a handsome Pie Pumpkin, creamy white on the inside and out; flesh is sweet and rich. Pkt. 5c., 2 pkts. 10c.; 5 pkts., 15c., oz., 20c.

SUGAR PUMPKIN—Also called Sweet Pumpkin. There is a great demand for seed of this well-known variety. It has a deep yellow skin and fine grained flesh, excellent keeper. It cannot be excelled as a table variety. It has a rare color and excellent for marketing, as it always grows to a uniform size. Pkt. 5c., 2 pkts. 8c., oz., 10c., 1/4 lb., 25c.
Both our Summer and Winter stock this year is of high standard, and our list contains all the leading varieties. When you buy our Radish seed you are sure of a crop.

**EARLY SCARLET TURNIP, WHITE TIPPED**—This Radish is sure to please all who grow it. It presents a beautiful appearance in the market and is very popular. It is valuable for forcing under glass. The skin is very smooth, flavor excellent, tender, crisp and white. Pkt., 20c.; 1/2 lb., 35c.; lb., 60c.

**EARLY SCARLET GLOBE**—This is a splendid forcing Radish and is considered one of the earliest Scarlet Globe Radishes in cultivation. It is a beautiful oval in shape, rich scarlet color; flesh is very tender, crisp and mild, and while it is a leading variety for forcing it equally as good for outdoor culture. Pkt., 25c.; 1 oz., 10c.; 1 lb., 40c.

**NEW WHITE LADY FINGER**—This is one of the finest long white Radishes in cultivation; is of very rapid growth and remarkably tender, crisp and brittle. It is a great favorite with many and is sure to please all who grow it. Pkt., 5c.; 3 pks., 8c.; oz., 10c.; lb., 20c.; 1/2 lb., 30c.

**EARLY WHITE TURNIP**—A grand summer variety; turns up with small tops and of quick growth; crisp and tender, skin pure white. Pkt., 5c.; 3 pks., 8c.; oz., 10c.; lb., 20c.; 1/2 lb., 30c.

**EARLY ROUND DARK RED**—This is a deep dark red in color, very early and one of the best strains of extra early Scarlet Turnip Radishes in cultivation. It is one of the speediest and tenderest Radishes in our list. Pkt., 5c.; 3 pks., 8c.; oz., 10c.; 1/2 lb., 30c.

**BRIGHT SCARLET, NEW LONG CARDINAL**—Fit for use in about 25 days from sowing; a bright red in color with a white tip; crisp, tender and very profitable for market gardening. Pkt., 5c.; 3 pks., 8c.; oz., 10c.; 1/2 lb., 30c.

**WHITE BOX**—This splendid white Turnip Radish has a short top and grows rapidly. It is excellent for forcing or growing under glass. Pkt., 5c.; 3 pks., 8c.; oz., 10c.; 1/2 lb., 30c.

**LONG SCARLET SHORT TOP**—This is without doubt the best long red Radish. It is very early and the leading outdoor quick-growing variety; brittle and tender and the roots are a bright red color. Pkt., 5c.; 3 pks., 8c.; oz., 10c.; 1/2 lb., 30c.

**EARLY ROSY GEM**—This is a deep scarlet blending into pure white at the bottom. It is exceedingly tender never becoming hollow or pithy. Pkt., 5c.; 3 pks., 8c.; oz., 10c.; 1/2 lb., 30c.

**EARLY WELCOME**—This is a very choice selection of Scarlet Radishes, one of the very earliest in existence, crisp and brittle, excellent flavor, flesh pure white. (See colored plate page 23) Pkt., 5c.; 3 pks., 8c.; oz., 10c.; 1/2 lb., 30c.

**WHITE STRASBURG**—This is a white Radish of large size, excellent for summer planting; resists the heat well and will grow solid with good flavor when very young. Pkt. 5c.; 3 pks., 8c.; oz., 10c.; 1/2 lb., 20c.

**CALIFORNIA MAMMOTH WHITE WINTER**—Grows nearly a foot long and from two to three inches in diameter; white, solid and good flavor; the best large winter sort. Pkt., 5c.; 3 pks., 8c.; oz., 10c.; 1/2 lb., 20c.
**Squashes**

**Improved Hubbard**

*Improved Hubbard*—This is the well-known variety and planted by more people than any other squash grown and has become the American Favorite. There is always a ready market in the large cities for this favorite sort. It out sells all other varieties. We have taken particular pains in selecting our strain and we believe our Improved Hubbard is the choicest type of Hubbard Squash grown. The flesh is a rich yellow in color, is very fine-grained, solid, sweet and dry. This improved strain nearly always is true in color, being a dark green. We offer another strain known as Red Hubbard and Mammoth Warted Hubbard, both of which are of excellent quality. We can highly recommend our Improved Hubbard seed to all and have a choice supply of seed to offer at the following prices: Pkt., 5¢; 3 pks., 12¢; 1 oz., 15¢. 1¼ lb., 40¢; ½ lb., 60¢; 1 lb., $1.00.

**Golden Hubbard**

*Golden Hubbard*—This is another strain of the well-known Improved Hubbard which produces Squashes of a deep orange-yellow color, which is exceedingly showy and attractive, and while the quality is equal to Improved Hubbard in every respect, Pkt., 5¢; 3 pks., 12¢; oz., 15¢.

**Essex Hybrid**

*Essex Hybrid*—A rich flavored fine-grained sort, very productive and a good keeper. Pkt., 5¢; 3 pks., 8¢; ½ oz., 10¢; ¼ lb., 25¢.

**Mammoth Warted Hubbard**

*Mammoth Warted Hubbard*—This is a special strain of the Hubbard Squash, noted for its enormous size. It sells well in any market no matter what competition. It is equal in every respect to the Improved Hubbard and we can highly recommend it to all those who are fond of extra large Squashes. Pkt., 5¢; 3 pks., 12¢; oz., 15¢.

**Boston Marrow**

*Boston Marrow*—A good fall variety, both skin and flesh a bright yellow color. Pkt., 5¢; 3 pks., 8¢; ½ oz., 10¢; ¼ lb., 25¢.

**Improved Marblehead**

*Improved Marblehead*—This is an excellent keeper, very good quality, fine-grained and good flavor. Pkt., 5¢; 3 pks., 8¢; ½ oz., 10¢; ¼ lb., 25¢.

**New Faxon**

*New Faxon*—Entirely distinct from other Squashes, it can be used as a summer Squash or as a winter variety. Flesh deep orange yellow. Pkt., 5¢; 3 pks., 8¢; ½ oz., 10¢; ¼ lb., 25¢.

**Delicious**

*Delicious*—This is one of Gregory’s introductions and is claimed to be an excellent variety. The size of the Squash is about like Hubbard which weighs from five to ten pounds. Quality is excellent and we advise our customers to give it a trial. Pkt., 6¢; 6 pks., 15¢.

**Mammoth Early White Bush Scallop**

*Mammoth Early White Bush Scallop*—It is pure white in color, very fine-grained and well grown for first early, table quality is excellent, very productive. Pkt., 5¢; 3 pks., 8¢; ½ oz., 10¢; ¼ lb., 25¢.

**Golden Summer Crookneck**

*Golden Summer Crookneck*—The best summer variety, color a bright yellow. Pkt., 5¢; 3 pks., 8¢; ½ oz., 10¢; ¼ lb., 25¢.

**Mammoth Whale**

*Mammoth Whale*—A new Squash from France, often growing over three feet in length of a dark slate color and some times weighing over 100 pounds. Flesh is solid of a beautiful orange color, of excellent quality and a good winter keeper; very shy seeders. Pkt., 6¢; 3 pks., 15¢.

---

**One of the largest Squashes ever grown**

Often Weighs from:

- 150 to 200 pounds

---

**Mills’ Giant Squash**

Grow this great wonder among Squashes

Nothing Can Equal it on Earth

Largest of all Squashes, it is a perfect wonder. This Giant Squash has become a great curiosity as well as very valuable wherever it is grown. As shown by the illustration it is handsome in shape, the color being a bright yellow. Skin very smooth, flesh quite thick, while the quality is good. It is a very prolific variety and excellent to grow for exhibition at fairs, specimens often weighing over 100 pounds each. It is a good winter keeper and we advise everyone who can plant a few hills to grow some of these Giants. Any person who wants the wonder of their neighbors should plant a packet of this seed. There is nothing that can come anywhere near equaling it in size, except Mills’ Giant Pumpkin. Per pkt., 8¢; 2 pks., 15¢.
Mills' Early Wonder Tomato—(See Inside Front Cover For Colored Plate.)—This is the great Tomato we introduced last year and we have received nothing but praise for it from every section where it has been grown. The plants are huge and bushy, the fruits are very thick and solid, and the skin of the plated fruit is very thick, thick from stem to blossom end, very solid and heavy. It is free from cracks or ridges, the meat is solid with only a few seeds. It is a beautiful dark red in color, producing its fruit in large clusters and taking into consideration all points it is the most perfect Early Tomato we have ever grown. Not only is it perfect in form and quality, but it is a perfect variety for early planting, and ripens to a beautiful red. We carry it now and will offer it at the following prices: Pkt., 3 cts.; 1 oz., 5 cts.; 1 lb., 15 cts.

Mills' Mammoth Prize Tomato—(See Colored Plate Inside Front Cover.)—This is one of the largest Tomatoes grown. We introduced it several years ago and it has given great satisfaction everywhere. It possesses every good quality to be found in a Tomato. The vines are strong and vigorous and when properly trained will readily attain a height of fifteen feet and carry an enormous weight of fruit. It's massive fruits are almost perfect in form, and polished on both sides and the color plate is very thick, thick from stem to blossom end, very solid and heavy. It is free from cracks or ridges, the meat is solid with only a few seeds. It is a beautiful dark red in color, producing its fruit in large clusters and taking into consideration all points it is the most perfect Early Tomato we have ever grown. Not only is it perfect in form and quality, but it is a perfect variety for early planting, and ripens to a beautiful red. We carry it now and will offer it at the following prices: Pkt., 3 cts.; 1 oz., 5 cts.; 1 lb., 15 cts.

Earliana Tomato

NEW IMPERIAL.—This variety has many good qualities as an early or late sort and embraces every desirable quality to make a good Tomato. It is very early, perfectly smooth and ripens evenly to the stem. It is of large size and its good qualities one can look for in a Tomato. It is between the Champion and Beauty in color and one of the most productive. Pkt., 3 cts.; 1 oz., 15 cts.; 1 lb., 25 cts., 4 oz., 40 cts.

New Imperial Tomato

Earliana Tomato
LIVINGSTON'S BEAUTY—Ripens early and
and a hard sort to surpass. Color is rich glossy crisma,

DWARF CHAMPION—Deep purplish red,
growing upright and strong, most popular dwarf
variety. Pkt., 5c.; 3 pkts., 15c.; ½ oz., 15c., oz., 25c.

IMPROVED EXTRA EARLY TREE—
This is an early variety, grows erect, has a dark
green foliage and the plant is quite ornamental.
Has been largely advertised as an Early Tree Tom-
mato, and preferred by many. Pkt., 5c.; 3 pkts.,
12c., 7 pkts., 25c.

MATCHLESS—Skin very tough and will keep
for a long time. Fleshy, agreeable, very juicy,
large, no better large red Tomato grown of its
class. Excellent for market gardeners. Pkt.,
5c.; 3 pkts., 15c.; ½ oz., 15c., oz., 25c.

MILLS' GIANT PRIZE—This is without
question the largest climbing variety ever intro-
duced. It has been grown for many years and we
find that it always produces an abundance of hand-
some fruit that will astonish anyone. It is a
handsome red in color, very solid and only a few seeds,
and free from rot. If the seed is sown early the
fruit will ripen from July until killed by frost.
Order some seed and see what can be done. You
will be sure of a large crop of Tomatoes. Pkt.,
6c.; 3 pkts., 15c.

CRIMSON CUSHION TOMATO

This variety has been very largely adver-
tised, claimed to be the ear-
liest large Tomato. Smooth
as an apple, ripens thoroughly
above. It somewhat resembles
the Ponderosa, but is a little
earlier and a more sym-
metrical in shape as
shown by the illustra-
tion. It is thicker
through from
stem to blis-
son and mak-
ing it almost
round. In color
it is a
handsome scarlet
and ripens up al-
most completely
to the stem. It is
a splendid sort
on account of
its being al-
most seedless,
flush firm and
meaty of ex-
cellent quali-
ity. It is highly
recommended by all
who have
it grown on
account of its
being so very
productive and
for so large a
Tomato. Give it
a trial. Pkt.,
6c.; 3 pkts.,
15c., 7 pkts.,
25c.

GOLDEN QUEEN—This is a fine-
class large smooth pure yellow Tomato, the best of the yellow class.
Pkt., 5c.; 3 pkts., 15c.; ½ oz., 15c., oz., 25c.
EARLY WHITE FLAT DUTCH—This is another early variety, which grows to a medium size very quickly. It has a clear white skin and is always choice for table use, and is one of the very best varieties for spring sowing. Our Early White Flat Dutch seed this season is the finest we have ever produced, being of strong vitality. Give it a trial. Per pkt. 5c.; oz. 10c.; ¼ lb. 20c.; ½ lb. 30c.; lb. 50c.

EARLY SNOWBALL OF SIX WEEKS—This is one of the best Extra Early Turnips in cultivation. The bulb of medium size, smooth white and of excellent flavor. Per pkt. 6c.; oz. 15c.; ¼ lb. 20c.; ½ lb. 30c.; lb. 50c.

PURPLE TOP STRAP LEAF—The bulb is very flat, of medium size and quite smooth, with a bright purple top; very fine grained. Per pkt. 5c.; oz. 10c.; ¼ lb. 15c.; ½ lb. 25c.; lb. 40c.

EXTRA EARLY MILAN—This is a good Turnip and one of the earliest varieties grown; bulbs are flat, of medium size, smooth with a small purple top. The flesh is pure white, of the best quality; fine grained, hard, solid and an excellent keeper. Per pkt. 6c.; oz. 10c.; ¼ lb. 20c.; ½ lb. 30c.; lb. 50c.

WHITE EGG—Produces beautiful egg shaped roots, with thin white skin; always solid, sweet and a good keeper; excellent for early or late sowing, and is most desirable for table use. Per pkt. 5c.; oz. 10c.; ¼ lb. 20c.; ½ lb. 30c.; lb. 50c.

GOLDEN BALL—Very early; fine quality and keeps well. Excellent for table use or stock feeding. Per pkt. 5c.; oz. 10c.; ¼ lb. 15c.; ½ lb. 25c.; lb. 40c.

Superb Mixture of Turnips—This mixture contains all the leading varieties, both early and late, and by sowing this seed a continuous supply may be had throughout the season. You cannot do better than plant some of this seed. Per pkt. 5c.; oz. 10c.; ¼ lb. 15c.; ½ lb. 25c.; lb. 40c.

Large White Sweet

Flesh, white and solid; rich sweet flavor, a well-known Rutabaga. Per pkt. 5c.; oz. 10c.; ¼ lb. 15c.; ½ lb. 30c.; lb. 45c.

Improving American Purple Top—One of the best varieties; fine quality, it keeps hard and brittle until summer, and after heavy cropping is the largest yielder of them all. It is one of the best for table and stock feeding. We consider our extra choice stock unequaled. Per pkt. 5c.; oz. 10c.; ¼ lb. 20c.; ½ lb. 30c.; lb. 50c.

Breadstone—Is medium size, very quick growing and roots are smooth, white, with colored tops; flesh perfectly white, fine grained, cooks quickly. One of the best in cultivation for winter and spring use. Per pkt. 6c.; oz. 10c.; ¼ lb. 20c.; ½ lb. 35c.; lb. 60c.

Skirtings Purple Top—Enormously productive; flesh yellow, solid, sweet and one of the best for field culture. Per pkt. 5c.; oz. 10c.; ¼ lb. 15c.; ½ lb. 25c.; lb. 45c.

Heavy Cropping Swede—This is a magnificent Rutabaga and we consider it the most profitable of Swede Turnips, as well as the hardest, heaviest, best shaped and most productive. The flesh is yellow, of the choicest quality and bulbs always remain sound and good when flatter varieties will rot. It is a variety that should be sown in preference to all others and you will make a great mistake if you do not plant it this year. Per pkt. 5c.; oz. 10c.; ¼ lb. 15c.; ½ lb. 25c.; lb. 40c.; lb. 70c.

Rutabaga or Swede Turnips

IMPROVED AMERICAN PURPLE TOP—One of the best varieties; fine quality, it keeps hard and brittle until summer, and after heavy cropping is the largest yielder of them all. It is one of the best for table and stock feeding. We consider our extra choice stock unequaled. Per pkt. 5c.; oz. 10c.; ¼ lb. 20c.; ½ lb. 30c.; lb. 50c.

BREADSTONE—Is medium size, very quick growing and roots are smooth, white, with colored tops; flesh perfectly white, fine grained, cooks quickly. One of the best in cultivation for winter and spring use. Per pkt. 6c.; oz. 10c.; ¼ lb. 20c.; ½ lb. 35c.; lb. 60c.

SKIRTINGS PURPLE TOP—Enormously productive; flesh yellow, solid, sweet and one of the best for field culture. Per pkt. 5c.; oz. 10c.; ¼ lb. 15c.; ½ lb. 25c.; lb. 45c.

HEAVY CROPPING SWEDE—This is a magnificent Rutabaga and we consider it the most profitable of Swede Turnips, as well as the hardest, heaviest, best shaped and most productive. The flesh is yellow, of the choicest quality and bulbs always remain sound and good when flatter varieties will rot. It is a variety that should be sown in preference to all others and you will make a great mistake if you do not plant it this year. Per pkt. 5c.; oz. 10c.; ¼ lb. 15c.; ½ lb. 25c.; lb. 40c.; lb. 70c.

IMPERIAL HARDY SWEDE—Grows to a large size, with a single tap root and produces a fine bulb always of good quality, and is one of the best for winter use. Per pkt. 5c.; oz. 10c.; ¼ lb. 15c.; ½ lb. 25c.; lb. 45c.

GIANT RED ONION

EARLY JULY TOMATO

EARLY SPRING CABBAGE

MILLS EARLIEST WHITE SPINE CUCUMBER
The Greatest of All Early Potatoes
"MILLS’ FIRST CHOICE."

No grander sight than these large, immense yielding new early potatoes.

This illustration shows what a single eye planted in good soil produced.
An Early Potato Wonder

The Earliest Large Potato in the World.

The Earliest, the Largest and most Productive None more Proof against Drought and Blight

MILLS' FIRST CHOICE

For several years we have been looking for an Extra Early Potato possessing all the desirable traits that they resist drought and blight better than any other potato we ever saw. Grown by the side of other early sorts, they produced more of large tubers and matured ten days before the very earliest varieties. This is the Potato we have been looking for, and we are sure the new Potato will surely lead off in flying colors this summer. Not half enough can be said in favor of this grand Early Potato, and we are sure the seed will sell everywhere at enormous prices when once known.

We will not sell a Potato this year at any price for we do not expect to introduce them until next year, but we will send out sample lots for testing with every one of our Wonderful Strawberry Collections, offered on this page.

We will buy every Potato you can grow from this sample lot if you will sell them for we want all we can get next year when we offer them to the public. We do not expect to introduce them for less than $10.00 per bushel in 1909, and we know there will be an enormous demand for this WONDERFUL EARLY POTATO when people hear of the great tests and reports made from the sample lots sent out this year. Don't fail to get a start while you have this opportunity, as long as the sample lot costs you nothing and we will buy all you have at a birch price if you will send us samples of this Potato. We are certain of growing, and our instructions followed should produce at least 100 lbs. of the handsomest Potatoes ever grown.

Everybody wants a good Early Potato and this is your chance.

HOW TO GET THIS GREAT EARLY POTATO FREE

For the purpose of getting this new Early Potato tested everywhere this year, a year in advance of it's general introduction, we will send out a few samples carefully packed in a box with full cultural directions, Free to every person ordering one of our Strawberry Seed Collections this spring. If you will order the next largest size that we offer, you will find all the Strawberry Seed Collections are described on the opposite page. They can be had no other way at any price this year.

STRAWBERRY SEED COLLECTION
PRICE, 30c.

This Collection is one we take great pride in offering. It contains seed of our Wonderful New Everbearing Strawberry as described below and several more of our 1908 Specialties.

This Collection with all that goes with it is easily worth $1.00, but in order to introduce our Seeds everywhere and also test our New Everbearing Strawberry, we have made the price only 30 Cents, for the entire 5 packets of Seed and a sample box of our Great Early Potato Eyes.

New Everbearing Strawberry.
Grow Strawberries From Seed.

Here is something that will interest every person, no matter whether they live in the city or in the country. The Wonderful New Everbearing Strawberries, It grows freely from seed and will fruit the first summer. The seed can be sown early in the spring in the house or hot bed or later in the open ground in a seed bed in the garden and in a short time the young plants appear. The young plants grow very fast and in a short time should be transplanted in a bed in the garden, and if started early in the house or hot bed will commence to bloom by the first of July, and in from two to three weeks begin to bear ripe fruit.

From the time the first ripe fruit appears they continue to produce ripe fruit until as late as October. The berries are not quite so large as the garden berries but they are much heavier flavored and we think our customers will find they are far superior in quality. The berries are various colors: red, white and black and a few of them will perfume a whole room with their delicate fragrance.

They are enormous yielders, single plants having produced over half a pint of berries at one picking in October. They are a beautiful sight when growing, are very hardy and will grow anywhere easily from seed. People in the city or others can grow this berry in pots in the house and it will even fruit in the winter.

Think of it! Did you ever hear of growing Strawberries from seed and have fruit the first year? Could you desire a greater novelty? They are as easily grown as pansies or sweet peas and you can have the fruit all summer.

We have been very fortunate in securing a choice lot of seed of this Great Strawberry Novelty especially to offer in our Strawberry Seed Collection. Price of seed per pkt. 35c.

EARLIEST LETTUCE IN THE WORLD

This is the quickest growing Lettuce in existence. It is handsome in appearance, excellent flavor, very tender, crisp, and it resists heat, drought and wet to a remarkable degree. It will be highly prized by everyone who grows it. Pkt. 10c.

ORANGE RED MUSK MELON

This new sort is of the netted type, fruit weighing from five to eight pounds each. Its flesh is of an attractive orange red color, hence its name, flesh is of excellent quality and can be eaten close to the rind on account of the flesh being so firm and solid to the rind. Seed cavity very small and the melon is a good keeper. Pkt. 10c.

MARVEL OF THE MARKET TOMATO

This is a marvel, a very productive, fruit very smooth and a bright red in color. It is very tasty, few seeds, excellent flavor and a wonderfully long keeper, having a record of keeping until after Christmas. Pkt. 10c.

SILVER GIANT RUTA BAGA

This splendid Giant is a very choosy strain of Ruta Bagla which will please everybody. It is an enormous yielder while the quality is excellent: flesh pure white, solid, rich and sweet flavor. Just the Ruta Bagla to grow in gardens to get a big yield from a small space of ground. Pkt. 10c.

OUR SPECIAL OFFER

The above five varieties are the Greatest Collection we have ever offered, as they are all New varieties and only a small number of each variety planted. Each Variety is patented at a very large expense and we are anxious to have one of these Collections planted in the garden of every one of our customers this year.

We can offer the entire lot of 30 Cents only by putting up large quantities of these Collections before the spring rush.

Do not fail to include this Great Collection in your order. Price, only 30c.

Remember, a sample box of the Great Early Potato Eyes are sent absolutely FREE with each Collection.

This makes Five Packets of Seed, and a Box of Potato Eyes for 30c, postpaid.

SEED CORN

This year, for the first time, we offer two grades of Seed Corn, in order to meet the requirements of our customers in different sections of the country. These two grades are known as "Commercial" and "Extra Selected Hand Picked."

Extra Selected Hand Picked—For Farmers who make a specialty of growing Field Corn and who may desire to change, add to or renew their planting seed stock, we recommend our "Extra Selected Hand Picked" quality, thoroughly re-screened, "tipped" and "buttered," and thoroughly hand picked, for doing this we charge a little more simply to cover cost. This makes the best grade of Seed Corn obtainable at any price.

Commercial Grade—For farm use, Green or Dry Fodder purposes and for Farmer's Trade who do not want to pay for the best grade of Seed Corn we offer our "Commercial Grade," thoroughly re-screened, removing the small tip and large butt grains in so far as possible, making the kernels of the same size, so as to attain when planted with a corn planter a crop of uniformly even stand.

Great improvements are now being made in our Seed Corn Department and in our 1900 Catalogue we expect to surprise our customers. With our Mammoth Western Branch House at Washington, Iowa, located right in the Corn Belt, we can supply the best Seed Corn at the lowest prices.

MORTGAGE LIFTER
YELLOW DENT CORN

We introduced this new and distinct Yellow Dent Field Corn several years ago and it has given our customers great satisfaction wherever grown.

A large grower of Lorain Co., O., while visiting at the World's Fair, purchased a few grains from an ear which was a sport found in a field in Iowa, and pronounced the most beautiful ear of Corn at the fair. That is how this splendid variety found its way into the east and from these few grains we have bred out a Yellow Field Corn, which we do not think can be surpassed. The grains are the largest of any large ear variety in cultivation. The stalk grows very quick, rank and green and will stand storms to a remarkable degree. Those who have grown the MacDonough, Chester County Monmouth, Klondike, Lebanon, Iowa Gold Mine, Champion White Pearl, Mills' Golden Superior, Golden Beauty, White Cap Yellow Dent and Early Butler say that this Corn will out-yield any of them. We have record of fields producing 107 bushels an acre. The largest grower of Seed Corn in America says it will mature in from 85 to 86 days and has 14 to 20 ears on a cob and the largest and largest of any Early Corn in cultivation. Describing it he says, "Mortgage Lifter is the most beautiful Yellow Dent Corn ever seen. It will mature in 85 to 86 days and it has the largest grains of any early Yellow Dent Corn in cultivation. It grows from 7 to 11 feet high, strong, rank and quick, and stands storms remarkably. The ears are of a very large size and will out-yield any other Corn grown. It husks and shells easily, brings the highest market price as it will sell for seed on sight. It will cure out in the shock where large cob varieties will mold and spoil."

The above is what the originator said of this variety and while we have sold thousands of bushels of this sort of seed, we are pleased to say that our customers are much pleased with it and we believe it is a hard variety to surpass. We have a very fine stock of extra choice seed which we can supply our customers this year. We offer two grades as follows: Extra Selected hand picked, pkt., 6c.; 3 pkts., 15c.; 1 lb., 25c.; 3 lbs., 60c., postpaid. By express or freight, not prepaid, pk., 60c.; ½ lb., $1.15, bu., $3.00. Commercial Grade, — pkt., 9c.; ½ lb., 25c.; 1 lb., $1.40.

REID'S YELLOW DENT

This is a very popular variety in many places throughout the Corn belt and has won more prizes at Corn shows than all other Corn put together. It being especially a great show and exhibition Corn.

It is a light golden color, the ears running from 9 to 11 inches long, 7 to 8 inches in circumference, 15 to 24 rows of kernels. The ears are of symmetrical shape the entire length and the cob carries a large amount of Corn, standing at least 50 percent grain. The ears are always well filled from butt to tip. It is a vigorous grower, stalks from 8 to 12 feet high, producing an abundance of foliage which makes it heavy in tonnage to the acre. We have taken particular pains in selecting our seed stock and believe we have the very best strain to be found.

We are well pleased with the variety and if you want something to win prizes with, get some of our seed stock. We can offer this in two grades at the following prices: Extra Selected Hand Picked, pkt., 6c.; 3 pkts., 15c.; 1 lb., 25c.; 3 lbs., 60c., postpaid. By express or freight, not prepaid, pk., 60c.; ½ lb., $1.15, bu., $3.00. Commercial Grade, — By express or freight, not prepaid, pk., 40c.; ½ lb., 75c., bu., $1.40.

Mortgage Lifter Yellow Dent Corn

Reid's Yellow Dent Corn
This variety produces large size ears, very smooth grains, very white in color and worth more per bushel for milling than any other. On account of its large size grains, it always germinates a very large per cent and produces very strong deep rooted stalks from the start. The ears are large size, grains close set on a well filled cob, medium size. Another strong point in its favor is that it will stand drought to a remarkable degree, producing a good crop of Corn while other varieties growing along side are almost a failure. We believe that this is the best White Dent Corn grown in America and you cannot make a mistake by planting it. We know Snow White Dent will be largely grown in every section wherever it is tested and we are able to offer a choice lot of seed at the following prices: Plt., 66c.; 3 pkts., 1.25.; 15c.; 2 lbs., 60c., prepaid. Selected Commercial Grade, by express or freight, not prepaid, pk., 60c.; ½ bu., $1.10, bu., $3.00.

IOWA GOLD MINE—This is claimed by some growers to be the most popular Yellow Dent Corn in the world. We know that it is a first-class variety and we have taken particular pains in selecting our seed stock. It is early, ripening a few days later than Pride of the North, ears are of good size, symmetrical, and the color is a bright golden yellow, grain is very deep, cob small, therefore dries out quickly. Seventy pounds of ear Corn make 6 to 8 pounds of shelled Corn and in hauling to market it usually weighs out a few bushels more to the wagon load than common varieties in the same size wagon. It matures perfectly, even as far south as Southern Michigan. We want you to try our seed this season and we can offer you genuine Iowan Gold Mine in two grades as follows: Extra Selected Hand Picked, plt., 6c.; 3 pkts., 15c.; 15c.; 2 lbs., 60c., prepaid. Every express or freight, not prepaid, pk., 60c.; ½ bu., $1.10, bu., $3.00. Commercial Grade, by express or freight, not prepaid, pk., 40c.; ½ bu., 75c., bu., $1.40.

MILLS’ MAMMOTH EIGHT ROWED YELLOW FLINT CORN—This is a splendid Extra Early Yellow Flint Corn and has proven to be all that is claimed for it. The ears are large size, being the longest of any variety of Flint Corn we have ever grown. Our seed stock of this sort has been kept very pure and improved every year so that we claim to have the handsomest Yellow Flint Corn offered. Stalks grow to a good height and often bear two to four large ears, under good cultivation. Some of our customers claim to have grown as high as 20 bushels from one peck of seed, which fully matured in eighty-five days from planting. Everyone who wants a splendid Yellow Flint Corn selected from the finest stock in the country, should order of us. We offer two grades at the following prices: Extra Selected Hand Picked, plt., 6c.; 3 pkts., 15c.; 15c.; 15c.; 2 lbs., 60c., prepaid. By express or freight, not prepaid, pk., 40c.; ½ bu., $1.40; bu., $3.50. Commercial Grade, by express or freight, not prepaid, pk., 55c.; ½ bu., $1.10; bu., $3.00.

GREAT NORTHERN WHITE FLINT CORN—The Corn for the extreme north. This is the hardest known variety, will thrive at an altitude of 6000 feet where the climate is always too cold for ordinary Corn. It is a great delicacy to the Indians who travel there other sorts fail. It is a 9 to 12 rowed variety, the ears are of good length for such an early Corn. Grains are pure white, and we are sure it will be of the greatest value to the farmers of the far north. It will ripen earlier than any other White Flint Corn grown. It is an excellent sort to grow in the west green Corn or round ears. We have a choice lot of seed and would be pleased to have our customers try it this year. Choice Selected Seed, plt., 6c.; 3 pkts., 15c.; 15c.; 3 lbs., 75c., prepaid. By express or freight, not prepaid, pk., 80c.; ½ bu., $1.10; bu., $2.75. Commercial Grade, by express or freight, not prepaid, pk., 75c.; ½ bu., $1.40, bu., $2.50.

IMPROVED KING PHILIP—This is an extra early red Flint Corn, 8 rowed variety, largely grown in some sections of the country, forms the staple for which the eastern reds are well adapted for northern climate. One of the best and most reliable of reds. Stalks grow to a good height and produce good size ears. It is a 9 to 12 rowed variety. Early sorts. Ears grow about ten inches long. We offer choice seed stock in two grades. Extra Selected Hand Picked, plt., 6c.; 3 pkts., 15c.; 15c.; 15c.; 2 lbs., 60c., prepaid. By express or freight, not prepaid, pk., 40c.; ½ bu., $1.40; bu., $2.50. Commercial Grade, by express or freight, not prepaid, pk., 75c.; ½ bu., $1.10, bu., $2.00.

LONGFELLOW—This is a splendid 8 Rowed Yellow Flint Corn, very early, ears cylindrical 12 to 14 inches long, color a rich glossy yellow. The average height of the stalk is 7½ feet, producing two to three perfect ears to the stalk. Our seed is extra selected and we offer two grades. Extra Selected Hand Picked, plt., 6c.; 3 pkts., 15c.; 15c.; 15c.; 3 lbs., 60c., prepaid. By express or freight, not prepaid, pk., 80c.; ½ bu., $1.40; bu., $2.50. Commercial Grade, by express or freight, not prepaid, pk., 60c.; ½ bu., $1.10, bu., $2.00.

TEOSINTE—This is a native of Central America, grows from 8 to 12 feet high and somewhat resembles Indian Corn in appearance, but the leaves are broader and longer and stalks contain a sweeter sap. It has the habit of standing at the root and probably produces more forage to the acre than any other known plant. It is excellent for dairyman, on account of both its great bulk and drought resisting ability. The stalks are very tender and there is no waste. If planted in good soil, it's rapid growth will astonish you. Cultivate the same as Indian Corn. It requires 2½, of seed per acre. Plt., 6c.; 3 pkts., 15c.; 15c.; 15c.; 2 lbs., 60c.; 3 lbs., 75c., prepaid. 3 lbs., sufficient for one acre $2.00, prepaid.
We are pleased to offer our customers a splendid present this year, the "Success Auto-Buggy" and an opportunity to obtain one absolutely FREE. Read-A wonderful chance, begin today.

The "Success Auto-Buggy" will smoothly skid along good roads at almost any speed you want on an average consumption of one gallon of gasoline for every 50 to 100 miles run, depending upon the condition of the roads. That means an expense of only 15c. or 25c. The wheels being high the machine will clear all ordinary obstructions in the road and none of the working parts can drag in the mud or sand when the wheels get into deep ruts. Equipped as it is with solid rubber tires, the owner of a "Success" is never bothered with punctures and the replacing with expensive pneumatic tires.

The "Success" easily carries two good-sized men swiftly along the level stretches of road on the high gear; up any ordinary hill that a strong horse can pull a buggy on the low gear, through mud, sand or snow, over the rutty and rocky places and through stubble fields with the same degree of comfort as in a well springed easy running buggy.

From every standpoint the "Success" is practical. The manufacturers guarantee this and many owners of the "Success Auto-Buggies" will verify the statement, that it can easily climb hills that have "stalled" high priced machines. This, of course, is because of the high wheels, for it is generally admitted that the larger the wheels of a vehicle, the less effort it requires to propel it and the smaller the wheels with which nearly all Automobiles are equipped, the greater the power it takes to run them. For the same reason the "Success" is much easier to run over rough and rocky roads and through mud, slush and sand, than the low wheeled, heavy pneumatic tired machines. The "Success" is absolutely safe. The engine is simple of construction, and extremely easy to understand. The steering is hand-wheel controlled by chain and sprocket attached to the one piece front axle. There are two band brakes on the transmission, powerful enough to bring such a light-running buggy to a ready stop in case of emergency. Above all things the "Success" is durable. It is built to stand the hard knocks of every-day use. Weight, 450 pounds. Crated for shipment, 600 pounds.

How To Get An Auto-Buggy Free

We will give one of the above "Success Auto-Buggies" FREE to the ten persons sending us the Ten Largest Club Orders for the largest number of orders for either 20th Anniversary Corn or 20th Anniversary Potatoes, or both, as offered on pages 38 and 39 of this Catalogue, before the 15th day of June, 1908.

It makes no difference where you live or whether you order for yourself or get up a club order among your friends and neighbors. You are entitled to compete for one of the Auto-Buggies.

We are not employing any regular canvassers, therefore we do not expect any large club orders from anyone, but we hope to widely introduce our new Corn and Potato this year.

Remember, these ten "Auto-Buggies" will be shipped next June to the ten persons sending us the ten largest club orders for pounds of our 20th Anniversary Corn and 20th Anniversary Potatoes. Orders can be sent in at any time, or at different times up to June 15th, 1908.

Should it happen that there is a tie on any of the ten largest club orders, the value of the Auto-Buggy will be equally divided in cash.

Begin early and send us some orders. You will be surprised the small club orders that will carry off the Ten Buggies.

Western orders can be filled from our Western Branch House, Washington, Iowa. You can send your orders to either our eastern or western houses, it makes no difference to us, and we promise you good service.

Address,
F. B. MILLS CO., Seedsmen,
(Or if you live nearer and prefer you can send to) Rose Hill, N. Y.
Washington, Iowa.
For prices of Corn and Potatoes see next two pages.

The Motor-Buggy
To take the Place of a Horse
MILLS' 20th ANNIVERSARY YELLOW DENT CORN

This is the great Corn novelty we offered in sample lots for testing in 1907 with a special prize to the person producing the longest perfect ear of Corn. There was great interest taken in this new Corn last season and it was tested by thousands of our customers in different sections of the country and from the sample lots sent us, we are fully convinced it is one of the grandest varieties of Yellow Dent Corn we have ever introduced. (See the illustration carefully engraved from sample ears sent in.)

From the great assortment of ears from this Corn delivered to us, we selected the longest and most perfect ear, which won the prize; and we have also selected a large number of ears as shown in the illustration, which will readily give our customers an idea what a handsome variety of Corn it is. We have received thousands of reports praising this new Corn and we are sure no one can make a mistake in planting a quantity of it this season. We would like to publish the reports we have received, but for lack of space it is impossible for us to do so.

This handsome Yellow Dent variety grows large and compact with close deep set grains and cures quickly on account of the very small cob. The ears are very large and symmetrical; while the color is a handsome golden yellow. The stalks grow strong and vigorous, producing a luxuriant growth of foliage. It is a very deep rooted variety and will stand dry weather to a surprisingly degree. The ears are borne low on the stalk and it is not uncommon for single stalks to produce three large perfect ears. It matures in 85 to 95 days of average Corn weather and our customers say it will give a greater yield of fine grain than any other sort they have ever tested.

We do not hesitate to say that all points considered—it's beautiful color, small cob, long yellow grain, large ears—it is the finest Yellow Dent Corn ever introduced and each customer who gives it a trial will be fully convinced that it is the best 85 to 95 day Corn ever grown.

This variety has received such great praise where ever grown that we have decided to make it a specialty this season. We have grown a crop of very choice seed which is as perfect as any seed Corn can be, all of which has been carefully Hand Picked and is of the strongest vitality. As there are thousands of our customers who will want to grow this Corn in 1908 and our crop will not enable us to offer large quantities, we can sell not more than three pounds to any one person this year. We want the seed as widely distributed as possible among farmers in all sections of the country and offer special inducements to farmers or others who will club together and send us Club Orders. (See offer below and page 35 for special inducements for Club Orders.)

Special Offer for Club Orders

We know this great Yellow Dent Corn will give such splendid satisfaction everywhere that we are offering special inducements to farmers and others to get it widely grown in 1908.

We are only able to offer this Corn this year in packets, but have this three pound lots at prices quoted below and by reading page 35 it will be seen that we are giving away this year 10 "Auto-Eggies" for the ten largest Club Orders of the largest number of pounds of this "20th Anniversary Yellow Dent Corn," and our "20th Anniversary Potato" as offered on the next page. This is a great opportunity to win an "Auto-Bugger" with very little work. Anyone can go out in a few hours and order with a number of pounds of this Corn or Potato, for there is no enterprising farmer or gardener but that will take from 1 to 3 pounds at the low price we deliver the seed at.

We are not employing any regular canvassers, for we expect these Club Orders will be made up by local people, therefore we feel sure a small number of lbs. will win the presents, for the largest Club Orders.

Prices for 1908

We have taken great pains in selecting our seed stock, using only ears that are long and perfect, well filled at both ends and thoroughly Hand Picked, making it the Choicest Corn ever offered.

Pkt., 6c.; 5 pkts., 15c.; 10 pkts., 25c.; 1 lb., 35c.; 2 lbs., $1.00 postpaid.

Orders for only 1 lb. and three 1 lb. lots will be credited to everyone on the "Auto-Bugger" Club Order Contest.

1907 PRIZE WINNER

The large number of prize ears of Corn received before November 1st was carefully examined and considered as to the longest perfect ear, and we found George S. Hasler, of Warsaw, Ind., was the successful one winning the Shetland Pony. The length of this ear, was 14 inches and is shown on the top of the great pyramid of prize ears.

For want of space we print only a few of the thousands of letters accompanying the sample ears of Corn sent in by customers:

Mr. George S. Hasler, Warsaw, Ind., writes:

F. B. Mills Co., Rose Hill, N. Y.

You have a great variety of Dent Corn. It is an enormous yielder, producing very long perfect ears. I send you one 14 inches long.

Mr. F. Snow, Andover, Mass., writes:

F. B. Mills Co., Rose Hill, N. Y.

On the 14th inst. I sent you two sample ears of your 20th Anniversary Corn. The season in this vicinity was a severe one. No rain from June until September and that we succeeded as well as it seems strange. Some of the stalks grew 18 feet high and many of them had three ears on each, which created a great deal of interest in this neighborhood.

Ward Stanford, Leon, Iowa, writes:

F. B. Mills Co., Rose Hill, N. Y.

The Corn did fine and I reaped a splendid crop of it. I send you a large ear.

P. M. Barton, New River Depot, Va., writes:

F. B. Mills Co., Rose Hill, N. Y.

Your Corn is a great variety and I send you an ear 12½ inches long.
MILLS' 20th ANNIVERSARY POTATO

We have never introduced a Potato and sent out sample lots to all parts of the country that has created such an interest as this great market potato. When we offered it in a small way last year we stated that we had been looking for something that would surprise our customers and from the great reports and sample Potatoes received from all parts of the country, we are sure we have a very valuable variety.

Last year our stock was very limited and we could furnish only ten eyes to any person for testing, and in this way it was widely distributed throughout the country and from every section we received great reports and sample Potatoes, which show that it will become the leading market sort as soon as sufficient seed can be grown. To give our customers an idea of the sample Potatoes received, we piled in a pyramid shape and made an engraving, which gives its perfect appearance, and shows what a splendid lot of Potatoes were grown. This illustration made all of sample Potatoes was over six feet high, and presented a very handsome appearance. Everyone knows that if the Potatoes had not been large and of good shape it would have been impossible to make such a pyramid as shown.

This handsome Potato is sure to grow to a good size; there being a smaller per cent of small ones in a crop than any other Potato we have ever sent out, and our customers will verify this statement. The tubers grow compactly in the hill; eyes are shallow, skin white, fine grain, cooks dry and mealy, and cannot be excelled in quality. This is the case when first dug and they retain their excellent cooking qualities and keep sound and perfect until the new crop comes again, being superior to any other Potato with long keeping qualities. Then again we have found that it has proved drought and blight proof and for this reason it will become very valuable in a great many sections of the country.

Whether you plant a few hills in the garden for home use or several acres for market, you certainly want to get a start in this sort as soon as possible, for there is sure to be a great demand during the next few years, and those who start now will be able to sell their surplus seed at fancy prices.

1907 PRIZE WINNER.
The large number of Potatoes sent out to compete on the premium offered for the heaviest and smoothest tuber were carefully examined, weighed, and considered, and it was found the heaviest and smoothest tuber was received from Jack Mitchell, of Wolcott, N. Y. The weight of this Potato was 3 lbs., 1/4 oz., and is shown on the top of the great pyramid of prize Potatoes.

Mr. Mitchell writes us Oct. 26th as follows: B. B. MILLS COMPANY, Rose Hill, N. Y.

I shipped you express today a box containing ten Potatoes, one harvested from each eye purchased from you through your 1907 seed catalogue. Although you only required one potato, I thought best to send you ten from each hill as dug. I harvested these ten, thirty-seven large potates, thus making forty-seven in all by count, from the ten eyes planted, which I consider wonderful showing, the smallest potato weighed over one pound.

The eyes arrived all safe and I kept them in a box of sand until the weather was warm and favorable to plant. I planted each eye separately in a drill 10 inches apart. From the very start they grew a strong healthy vine and continued to grow until two weeks ago, when the vines died down. They were never troubled with blight like most Potatoes were in this section this year, and were entirely free from bugs.

I think by offering Mills 20th Anniversary Potato you have introduced to the American people one of the best tubers ever grown. It cannot be too highly praised, I congratulate you again by introducing such a wonderful potato.

Yours very truly,

Jack Mitchell.

We are well aware that it will take a very large quantity of these Potatoes to even supply a small per cent of our customers a limited quantity this spring, therefore, we have decided that it will be impossible for us to sell more than three pounds to any one person this season. We want the seed as widely distributed as possible among farmers in all sections of the country, which we know will be appreciated and in order to do this we offer special inducements to farmers or others who will club together and send us club orders. See offer below and page 35 for special inducements for club orders.

Special Offer for Club Orders

As we are only able to offer this great new Potato this year in pound and three pound lots at prices quoted below, we are very anxious to have the seed distributed among as many farmers as possible, and we offer special inducements for Club Orders as will be seen by referring to page 35 where we are giving ten "Auto-Diggers" for the ten largest Club Orders of the largest number of pounds of this "20th Anniversary Potato" and our "20th Anniversary Corn," as advertised on page 16. It makes no difference how many pounds of each are ordered, as the person sending in the order will be given credit for the full number of pounds in the Club Order and anyone with only a few hours work can take orders for a large number of pounds of this Potato or Corn for there is no farmer or gardener but that will take 1 to 5 pounds of each at the low price we deliver the seed. Remember, we are not employing any regular canvassers, for we expect these Club Orders will be made up by local people and that no large Club Order will be received from anyone. Our aim is to get these two great new Potato and Corn, widely grown in small lots throughout the country as our seed stock permits

Prices for 1908

While we have harvested what we consider a fair quantity for our needs, we will only send out selected tubers of this handsome and productive Potato and cannot furnish more than 3 lbs. to any one person. Per 1 lb. $3.50, 3 lbs. $9.00, postpaid.

Orders for only 1 lb. or 3 lbs. will be credited to anyone on the Auto-Digger or club order contract.

When sending club orders for either Corn or Potatoes, or both, please give us your Express Office, as we prefer to send by Express, charges prepaid, whenever it is possible to do so.
FLOWER SEED DEPARTMENT

In this Department will be found Floral Novelties, collected from all parts of the world, some of which cannot be secured from any other seed house.

It also contains the leading Annuals and other flowers blooming the first year from seed, as well as Perennials, Climbing Vines, and a Wonderful Collection of Sweet Peas.

This year our Flower Seed Department has been greatly improved by New Varieties, New Illustrations and New Prices, and we want every customer to carefully examine it.

Your Orders will be filled Quick.—We can guarantee it with our greatly increased facilities.

We furnish exactly the same grade of seeds from our Western Branch House, Washington, Iowa, as we do from Rose Hill, N. Y., and western customers can save time by ordering from there. That House was established especially to give Quick Service.

ABOUT ABRONIA

This is a charming annual trailer with numerous verbenas-like clusters of fragrant rose pink flowers which are sweet-scented, excellent for hanging baskets and vases and bloom a long time. Per pkt. 5c.

ABUTILON, (Flowering Maple)

This is a tender perennial, growing from one to three feet, easily grown and always in bloom. Colors are white, lemon, rose, scarlet, crimson, yellow and red shades. Abutilons make handsome house plants. Choiceest Hybrid, pkt. 10c.; 3 pkts., 35c.

AGERATUM, (Little Blue Mist)

Plants grow only 4 or 5 inches high, and are completely covered with bright blue flowers. Make excellent edging plants on account of the wonderful production of bloom and small size. Pkt., 6c.; 3 pkts., 15c.

MIXED COLORS—Pkt., 5c., 3 pkts., 15c.

ALYSSUM

LITTLE GEM—The illustration gives an idea of how well this variety is for border. Grows 2 to 4 inches high and one plant will completely cover a circle 12 by 18 inches in diameter. Very fragrant, and the flowers are pure white. Pkt., 500 seeds, 5c.

SWEET—This is pure white much used for borders, is fragrant and produces very delicate flowers. Pkt., 500 seeds, 5c.

MILLS' GIANT ASTERS

(See Colored Plate Page 48.)

Not half enough can be said in order to give our customers a good idea of these Giant Asters. We have taken great pains in selecting our seed stock, so that now we are able to offer this Giant strain in several colors. They are greatly admired by all who see them and it would seem as if the highest possible perfection had been attained in these Giant Asters. The flowers are of immense size, often measuring over 6 inches across, appearing in long wavy gracefully formed petals, which resemble some of the Japanese Chrysanthemums. These Giant Asters differ from any other variety, not only in bearing larger flowers, but the petals are longer and broader, which make a beautiful appearance. The plants are easily grown, attaining a height from 16 to 18 inches, bearing from 15 to 25 of these magnificent flowers on long stems. By all means grow this Giant Aster this year. Price all colors mixed, which includes many shades, rose, red, lilac, blue, crimson, violet, yellow, etc., pkt., 10c.; 3 pkts., 25c.

Mills' Earliest Blooming Asters

All those who want Asters very early in the season should grow this one. We have taken particular pains in producing this Aster, which is the earliest in cultivation; from three to four weeks earlier than any other Aster. It's large flowers and spreading habit of growth makes it a handsome plant. The colors are all shades of pink, blue, rose, white, scarlet and lilac. Pkt., 6c.; 3 pkts., 15c.

New Japanese—Reminds Japanese Chrysanthemums, immense in size. All Colors Mixed, per pkt., 50 seeds, 6c.; 3 pkts., 20c.

New Yellow—Only yellow Aster we have ever offered, quite a novelty. Per pkt., 50 seeds, 8c.; 3 pkts., 25c.

Queen of the Market—An early Aster of spreading habit. All Colors Mixed, per pkt., 50 seeds, 6c.; 3 pkts., 25c.

New Giant Branching Comet—Claimed to have originated in California, producing flowers of enormous size, stems are often 12 inches long. All Colors Mixed, per pkt., 6c.; 3 pkts., 15c.

Branching Asters—These are of American origin, easily grown, producing flowers upon long stems. Has a wonderful branching habit. All Colors Mixed, per pkt., 50 seeds, 5c.; 3 pkts., 15c.

Dwarf Queen—This is our dwarf variety. Plants grow about 10 inches high. Flowers large. All Colors Mixed, per pkt., 50 seeds, 5c.; 3 pkts., 15c.

High Grade Mixed—See Colored Plate, page 33, of the Blue Ribbon Collection. Packet, 15c.; 2 pkts., 25c.
Mills' Fancy Balsams

We have taken particular pains in selecting a great assortment of Balsams to offer this season.

**PERFECTION WHITE**—A fine strain, without doubt the best white Balsam grown. Pkt. 50 seeds, 5c.

**PERFECTION PINK**—Rich deep pink in center spreading gradually to a light rose bud pink at the petal. Per pkt. 50 seeds, 5c.

**CRIMSON SPOTTED**—A deep crimson, spotted with white, very double. Per pkt. 50 seeds, 5c.

**BRILLIANT RED**—Contains all the choicest shades of red of striking beauty. Per pkt. 50 seeds, 5c.

**MILLS' DEFIANCE SPLENDID MIXED**—This is without question the most attractive mixture of Balsam seed ever grown. It produces plants that are covered with very large double flowers of all the colors imaginable. It will be a favorite wherever grown. Per pkt. 50 seeds, 5c.; 3 pkts., 15c.

**BEGONIAS**

Daisies are easily raised from spring sown seed and come into bloom in a very short time. We offer splendid mixture including all the best varieties. Give this beautiful little plant a place in your garden. Mixed colors, per pkt. 100 seeds, 5c.; 3 pkts., 12c.

**CALLIOPSIS**

**HYACINTH FLOWERED** CANDYTUFT—Here is a real novelty in Candytuft, and a great improvement over the Giant Emperor, which has been called Giant Hyacinth Flowered. The flower heads grow nearly six inches long and about three inches in diameter and the color is snow white. The plants grow about fourteen inches high and bear from four to six of these immense flower heads on one upright stalk and each plant will send out from four to eight branches. Per pkt. 100 seeds, 5c.

**ROCKET**—This produces pure white flowers, borne on pyramidal spikes. A splendid variety. Per pkt. 125 seeds, 5c.

**PUMICE WHITE**—This is a splendid variety for floral work. Per pkt. 125 seeds, 5c.

**NEW DWARF HYBRID, MIXED**—Of dwarf habit, color from pure white to dark purple. Per pkt. 125 seeds, 5c.

**ALL COLORS MIXED**—Per pkt. 200 seeds, 5c.

**CANDYTUFT, LITTLE KING**

This is a handsome little Candytuft, grows only about 6 inches high. The massive spikes are pure white. It makes a fine pot plant. Its shape is much like Hyacinth Flowered and we are sure it will give great satisfaction on account of great profusion of bloom and handsome appearance. Pkt. 6c.; 3 pkts., 15c.
GLADIOLUS FLOWERING CANNAS.

This grand strain of Cannas are of dwarf growth and produce immense Gladiolus like flowers of most brilliant colors. On account of their profusion of bloom they are the most useful, showy and popular garden plants grown. A bed of these plants will make a grand sight and the plants can be easily grown from seeds sown in hot beds in the spring. We offer a grand mixture of all colors, selected especially to offer our customers this year. Fancy Mixture per pkt., 5c.; 3 pkts., 10c.

MILLS’ GIANT EARLY FLOWERING CARNATIONS FROM SEED.

(SEE INSIDE BACK COVER COLORED PLATE.)

This is a wonderful strain of early Flowering Dwarf Perpetual Carnation seed, which will produce flowers in three or four months from seed. We consider this a great flower seed novelty and the seeds we offer of this new dwarf perpetual blooming Carnation will astonish all who grow it. The seed we offer should give nearly 90 per cent of double blossoms. The plant is of dwarf compact habit, branching just above the ground. The variety of color includes blush, deep pink, white, salmon, carmine, scarlet, maroon, dark crimson and many beautiful variegated flowers, a great many of which have beautiful fringed petals and are very fragrant. The plants grow easily anywhere and we know of no flower that will give greater satisfaction than these early flowering Carnations. In about 14 weeks after the seeds are sown they begin to bloom and an abundance of flowers will be produced until frost comes. Seeds sown during the summer will produce plants which can be potted in fall and will produce an abundance of bloom throughout the winter. Seeds of this Early Flowering Strain, All Colors Mixed, per pkt., 5c.; 3 pkts., 10c.; 6 pkts., 15c.

CANTERBURY BELLS

This is a well-known popular large bell-shaped flower, known everywhere. The cup and saucer varieties produce beautiful single flowers, three inches in length, saucers three to four inches across.

Finest Single Mixed, pkt., 5c.; 3 pkts., 10c.
Finest Double Mixed, pkt., 6c.; 3 pkts., 10c.

CUP AND SAUCER—New and gigantic producing large beautiful flowers, resembling a cup on a saucer. The cup flowers are often three to four inches deep and the saucers three to four inches across. They grow like pyramids, two feet high and are often covered with one to two hundred flowers of white, striped, lavender and pink for weeks during the summer. Per pkt., 6c.; 3 pkts., 15c.

CELOSIA, (Coxcomb.)

NEW GIANTIC—Has mammouth purple, comb and dark brown foliage. Per pkt., 200 seeds, 5c.; 3 pkts., 10c.

FIRE FEATHERED—Grows nearly three feet high, covered with flower heads of orange scarlet. Pkt. 150 seeds, 5c.; 3 pkts., 10c.

GOLD FEATHERED—Similar to Fire Feathered except the flower heads which are a bright golden color. Pkt. 150 seeds, 5c.; 3 pkts., 10c.

CELOSIA SPICATA.

A very STARTLING HARDY SORIE new sort growing 3 feet high. Immense bloom, all bright white tipped with bright yellow. Each plant produces a great number of these blooms. Quite a curiosity in the garden. Pkt. 100 seeds, 5c.; 3 pkts., 10c.

All Varieties—This will make a grand collection, producing many curious plants and flowers. Pkt. 150 seeds, 5c.; 3 pkts., 10c.

BIRD OF PARADISE, [Poinciana Gillesi]

Here is a rare novelty, a very interesting plant. The foliage of this new plant reminds one of a very delicate Acacia. The flower is a golden yellow, measuring nearly 3 inches across, of beautiful shape as shown in the illustration. They are produced in very large trusses, and the most beautiful part of the flowers are the very large pistils, which spread out in a fan-like form, of bright crimson color. It blooms in great profusion the first year, if sown early in the spring. Can be grown inside in winter and outside in summer. Will produce large plant 3 to 5 feet tall. We first offered it seven years ago and the demand has been something unusual, simply exhausting our entire stock of seeds some time before the season was over, but we hope to supply all orders this season, as we have arranged for a greater supply than heretofore. A packet of the seed should be included with your order. Per pkt., 6c.; 3 pkts., 10c.

CACTUS

These curious and hardy plants are grown easily from seed and our mixture will produce a great variety of these odd and curious plants. A packet of this seed will produce a wonderfully interesting collection of plants. Per pkt., 5c.; 3 pkts., 10c.

COLEUS

(For Coleus plants see page 54)

We offer a choice collection of colors which include all the large leaved varieties. Seeds sown early will produce strong vigorous plants. The culture is very easy. No one can fail with this seed and with rich soil and plenty of water you will grow handsome colored plants.

All Colors Mixed, pkt., 6c.; 3 pkts., 10c.

NEW Ornamental Cotton

This Cotton makes a very beautiful decorative plant when growing and for cutting in the fall for house use as everlasting, there is nothing better. Some leaves are green, white, yellow and red. The cotton is snow white. Grows easily from seed. Be sure to place your order for a packet. Pkt., 5c.
DATURA
(SWEET NIGHTINGALE)

This is a very showy and delicate perennial plant, producing immense large white, trumpet-shaped flowers very quickly from seed, and is fragrant and a very interesting flower. Mixed, pkt. 5c.; 3 pkts., 12c.

DIANTHUS,
(HARDY GARDEN PINKS)

These are one of the most beautiful of summer flowering annuals. Are unrivaled for brilliance and rich variety of colors. The plants are bushy, of symmetrical form about a foot high. The flowers grow to a large size, averaging about six inches in circumference. There is a wonderful variety of colors and they are intensely brilliant and varied. Colors are beyond description.

We offer both the single and double varieties.

LARGE FLOWERING DOUBLE HYBRID—All colors. Pkt., 100 seeds, 5c.; 3 pkts., 12c.

CHOICE SINGLE MIXED—All colors. Pkt., 100 seeds, 5c.; 3 pkts., 12c.

DWARF SNOWBALL—These are pure white producing an abundance of double flowers. Pkt., 100 seeds, 5c.; 3 pkts., 12c.

DWARF FIREBALL—Produces double fiery red flowers through the summer and fall. Per pkt., 100 seeds, 5c.; 3 pkts., 12c.

DAHLIAS.

This grand mixture will flower the first season from seed and the collection we are offering will produce a great display of flowers. We have included all the best varieties to be had, which are easily grown from seed. But few people know that Dahlias can be raised from seed and will bloom the first year. Seeds germinate as easily as Zinnias and from the start develop strong, sturdy plants.

Double Large Flowering Mixed Colors—Per pkt., 5c.

New Dwarf Double Cactus Dahlias—Plants grow compact, erect bushes, flowers are double and a large variety of handsome rich colors. An early blooming race. Mixed Colors, pkt. 8c.; 3 pkts., 20c.

New Single Mixed Colors—Pkt. 8c.; 3 pkts., 20c.

COSMOS

These Giant Autumn Flowering Annuals often produce flowers four to five inches across. For cutting this is one of the finest flowers grown, long stems and feathery foliage, produce a graceful effect. They are easily raised from seed.

KLONDIKE—Produces large orange colored flowers. Per pkt., 6c.; 3 pkts., 15c.

GIANT COSMOS, ALL COLORS MIXED—This contains all the large varieties, which make a great display of colors. Per pkt., 6c.; 3 pkts., 15c.

EARLY COSMOS, SUMMER FLOWERING.

A large flowering Cosmos does not bloom until late in the season, but we offer an early flowering strain, which begins to bloom in June and continues until frost. Flowers are not quite so large nor do they not grow as high as the late flowering Cosmos. A good collection of colors mixed. Per pkt., 6c.; 3 pkts., 15c.

We have succeeded in securing a wonderful collection of Japanese Chrysanthemum seed and there is hardly any flower produced from seed that can take the place of this. Think of seed producing all the curious and odd shaped flowers as shown in the illustration. Our mixture is composed of all the best Japanese and Chinese varieties, which are imported from Japan. Among the curious shapes and beautiful colors will be found the Ostrich Plume sort, twisted and curled, and nearly all other shapes you can imagine. In addition to the Japanese varieties, we include the Annual Chrysanthemums, which produce large flowers of crimson, gold and white colors. The entire mixture of seed soon begins to bloom and by winter the plants are large enough to produce a gorgeous display of flowers. Fine mixed all varieties, shapes and colors. Pkt., 50 seeds, 8c.; 3 pkts., 20c.
Baby Golden Glow

**ONE OF OUR LATEST NOVELTIES**

This is a beautiful annual, producing a yellow flower, which makes a pleasing effect. They will begin blooming early in the season and each plant will produce hundreds of bright yellow flowers as double and perfect as roses. Seed should be sown early in the house or hot bed and plants transplanted to the garden as soon as frost is past. The Baby Golden Glow grows only from twenty inches to two feet in height and resembles the famous Golden Glove which is a tall growing late flowering perennial plant. We are sure that this will make a very interesting plant and have succeeded in securing a choice supply of seed. Price per pkt. 6c.; 3 pkts. 15c.

**DOUBLE WHITE-GAILLARDIA (Grandiflora)**

The flowers are greatly admired for their rich blending of colors. Bloom readily from seed the first year. There will be many varieties. They are one of the very finest everblooming flowers we offer. Fine Mixed All Colors, single flowers in red, yellow, scarlet and orange, per pkt., 5c., 3 pkts. 10c.

**NEW DOUBLE GAILLARDIA—produce large double flowers of various shades and colors. Very attractive and beautiful. Per pkt., 5c., 3 pkts. 12c.**

**HELIOTROPE—These are easily grown from seed and will bloom the first year and bloom in open ground will produce flowers in August, but the seed will do better if sown in the house and set out in the open ground when the weather is warm.**

**LEMOINE'S GIANT HYBRID—A grand new variety of large size, great beauty and delicious fragrance. It is impossible to give an idea of the rare beauty of the flowers heads of this wonderful variety. More than 12,000 flower heads have been counted on a single stalk. The flowers measure from eight to twelve inches across and the colors range from pure white through all shades of blue and violet to a deep indigo. Per pkt., 100 seeds, 5c., 3 pkts. 20c.**

**BLACK KING—This produces flowers of a rich, very dark purple. Per pkt., 100 seeds, 6c., 3 pkts. 15c.**

**DARK BOUQUET—Of the deepest blue in color. Pkt., 100 seeds, 6c., 3 pkts. 12c.**

**LADY IN WHITE—This produces flowers of a spotless white. Pkt., 100 seeds, 6c., 3 pkts. 15c.**

**ALL VARIETIES IN A MIXTURE—A wonderful display. Per pkt., 5c. 3 pkts. 12c.**

**FOXGLOVE (Digitalis)—Produces long spikes of richly colored flowers, excellent for cutting. A very showy plant. Blooms the first season. Pkt. 50c. seed. 5c.**

**GODETIA, (Saturn Flower) SATIN ROSE—This produces handsome very large showy flowers of a rich velvety satin rose, the petals of which shine like satin. Per pkt. 250 seeds, 6c. FINE MIXED ALL COLORS—Per pkt., 250 seeds, 6c.**

**EVER-BLOOMING ANNUAL HOLLYHOCKS**

We have been unable until this year to secure seed of this variety. Ever-blooming Annual Hollyhock as illustrated. They are easily grown from seed as any annual and commence flowering in about 3 weeks and continue to bloom until killed by frost. On account of their blooming the first season they grow more desirable to grow than any other Hollyhock, as they can be started in the house or hot bed in March or April, or sown in the open ground in May. Plants from early sown seed set out in May will commence blooming in July and will produce an abundance of bloom throughout the season. This Annual Hollyhock is a wonderful free flowering sort as shown by the illustration. The forms and colors among the flowers would be a surprise to anyone. They are produced in double flowers, semi-double, single saucer shaped flowers, some with smooth edged petals, others are fringed and of various sizes and shapes. The flowers are usually very large, some tending to five inches across. For great variety of color we know of no Hollyhock that will make such a gorgeous display as the colors and markings are beyond description, and should be grown to be appreciated. The plants grow very strong and vigorous and are of a branching habit. The center spike will attain a height from seven to nine feet, but it can be kept at any desirable height by pinching off the top. In order to get the best results the plants should be set in thoroughly rich soil and kept watered in dry weather.

**Price of seed containing a great mixture of double and semi-doubles, all colors and shades, per pkt., 50 seeds, 10c.; 3 pkts. 25c.; 7 pkts. 50c.**

**FINE DOUBLE MIXED—This produces flowers of delicate shades and markings and is the best mixture of the large double Hollyhock on the market. The plants are Hardy and large, robust and vigorous; the flowers of this mixture often measure 5 inches in diameter. This variety is the mammoth Double Hollyhock blooming the next year after sowing the seed. Per pkt., 50 seeds, 5c.; 3 pkts. 12c.**
Here is a grand collection of Giant Flowering Nasturtiums, which are excellent for bedding. The flowers often measuring 3 inches across in a great variety of new combinations of colors. The flowers are not only wonderfully brilliant, but very uniform and always of large size. We know of no flower for summer flower beds that can surpass them. The plants grow about a foot high and if the seed is sown in the open ground in the spring will produce plants that commence blooming early in summer and continue until frost. Our collection of colors embrace everything known in Nasturtiums. The colored plate, page 49, conveys but a faint idea of the great beauty of these flowers. They should be grown to be appreciated. Selected seed which will produce giant flowers all colors, price per pkt., 6c.; 3 pkts., 15c.

**Giant Flowering Silver and Mosaic Leaved Nasturtiums.**

This is a beautiful race of new Nasturtiums, the foliage being variegated, making the plants very attractive, even when not in flower, but when in bloom their beauty is more than doubled on account of the great combination of colors. The plants grow about the size of other dwarf varieties, which make them very desirable for bedding. Everyone should grow this odd race of Nasturtiums. All Colors Mixed, per pkt., 6c.; 3 pkts., 15c.

**Tom Thumb Nasturtiums.**

These are well-known for their handsome foliage and brilliant flowers. They grow about a foot high and produce an abundance of flowers during the summer.

**CLOTH OF GOLD—**This has a bright yellow foliage, while the flowers are a beautiful scarlet color, excellent for bedding and blooms nearly all summer. Per pkt., 25 seeds, 5c.; 3 pkts., 10c.

**BEAUTY—**Colors, yellow and scarlet, making a very attractive combination. Pkt., 25 seeds, 5c.; 3 pkts., 10c.

**BRONZE COLORED—**The flowers of this variety are of good size and a beautiful bronze in color. Pkt., 5c.; 3 pkts., 10c.

**TOM THUMB NASTURTIUMS—**All Colors Mixed, pkt., 5c.; 3 pkts., 10c.; 6 pkts., 15c.

**New Giant Nasturtium, Jupiter.**

This is the King of all climbing Nasturtiums. It is as beautiful an orchid, on account of the giant flowers produced in great abundance. The plants are very strong and vigorous with large dark green foliage, while the great pure yellow flowers measure about 3 inches across. The petals are very large, about 1½ inches in diameter. This certainly is a grand and distinct variety and should be grown by everyone interested in Nasturtiums. Pkt., 8c.; 3 pkts., 20c.

**Mills' Favorite Mixture.**

This splendid mixture has been made up with great care. It is composed of all the types of climbing Nasturtiums, including Lobes' and will be found a very fine mixture and we are sure will please everyone. Per pkt., 25 seeds, 5c.; 3 pkts., 10c.; 6 pkts., 15c.; 12 pkts., 25c.

**One of the Brightest and Most Showy Annuals.**

**LARKSPUR Giant Hybrid.xls**

An improved type producing large flowers very double of various colors, shades and markings which are borne on long spikes like immense Hyacinths. Can be easily grown in the open ground. All Colors Mixed, pkt., 5c.; 3 pkts., 10c.

**HIBISCUS A BEAUTIFUL BEDDING PLANT.**

This is a handsome perennial plant grows very fast and in one season attains the dimensions of a large bush. It is nothing more desirable for an ornamental hedge or to set in clumps as they are hardy and never winter kill. Early in summer they begin to flower and continue to produce enormous flowers, nearly as large as tea saucers of a variation of colors; blush, white, deep pink, rose and many other odd markings and colors. This makes a very attractive plant wherever grown and easily seed from seed. Hardy Hybrids Mixed per pkt., 5c.; 3 pkts., 10c.

Do not fail to order a liberal supply of our GRAY FLOWER-ING SWEET PEAS offered on the Back Cover of this Catalogue. 25 cent Mixture at a very low price.
GIANT RUFFLED MASTERPIECE

GIANT RUFFLED MASTERPIECE—This is a new type in Pansies and produce Giant flowers of the most distinct and striking character. The petals have a rich velvety substance and being ruffled give them the effect of a double flower. The colors range through all shades that have ever been known in Pansies. This distinct strain is offered as one that will produce flowers surpassing in size any other variety. We believe after once growing these Giants, all ordinary size Pansies will be discarded. Mixed colors, pkt., 6c.; 3 pkts., 15c.; 6 pkts., 25c.

MILLS’ GIANT PANSY

MILLS’ GIANT—We have sold these Pansies for a number of years and have received hundreds of recommend from our customers, as to the mammoth size of the flowers. The flowers often measure three inches in diameter and the colors range through all shades that have ever been known in Pansies. This distinct strain is offered as one that will produce flowers surpassing in size any other variety. We believe after once growing those Giants, all ordinary size Pansies will be discarded. Mixed colors, pkt., 6c.; 3 pkts., 15c.; 6 pkts., 25c.

VIOLET SCENTED PANSIES

This is a new type of Pansies and a cross between the Pansy and the Violet. Flowers more like Pansies but fragrance like Violet. Colors embrace canary, yellow, white, buff and many others. Per pkt., 100 seeds, 6c.; 3 pkts., 15c.

LOBELIA

For—Get—Me—Not, (MYOSOTIS)

Keep a little of these plants in the house, and the whole place will be filled with fragrance. They are excellent for beds also for pot culture. Foliage is highly musk scented. Per pkt., 5c.; 3 pkts., 10c.

LOBELIA

Musk Plant

NEW COMPACT—This is a grand old plant, excellent for beds also for pot culture. Foliage is highly musk scented. Per pkt., 5c.; 3 pkts., 10c.

KOCHIA SCOPARIA, (SUMMER CYPRESS.)

This is a beautiful plant, very unique and ornamental. The rounded globe like form resembles a delicate evergreen highly colored. There is nothing handsomer for an Annual hedge. Early in the fall the ends of the shoots are thickly set with small bright scarlet flowers. The plants are very showy and when planted in rows singly to show the round ball like form, make a very striking plant. It is easily grown from seed, planted in the open ground in spring. You should try it this season. Per pkt., 5c.; 3 pkts., 15c.

PEACOCK—Resembles peacock feathers; very attractive and beautiful. Per pkt., 100 seeds, 5c.; 3 pkts., 10c.

ROYAL PRIZE PANSY—Finest mixed. Panzy and giant varieties. Per pkt., 125 seeds, 6c.; 3 pkts., 10c.

PURE YELLOW—Very large golden flowers. Per pkt., 100 seeds, 5c., 3 pkts., 10c.

STRIPPED AND MOTTLED—Per pkt., 100 seeds, 5c., 3 pkts., 10c.

VIOLET SCENTED PANSIES

This is a new type of Pansies and a cross between the Pansy and the Violet. Flowers more like Pansies but fragrance like Violet. Colors embrace canary, yellow, white, buff and many others. Per pkt., 100 seeds, 6c.; 3 pkts., 15c.

KOCHIA SCOPARIA, (SUMMER CYPRESS.)

This is a beautiful plant, very unique and ornamental. The rounded globe like form resembles a delicate evergreen highly colored. There is nothing handsomer for an Annual hedge. Early in the fall the ends of the shoots are thickly set with small bright scarlet flowers. The plants are very showy and when planted in rows singly to show the round ball like form, make a very striking plant. It is easily grown from seed, planted in the open ground in spring. You should try it this season. Per pkt., 5c.; 3 pkts., 15c.

MILL’S GIANT—We have sold these Pansies for a number of years and have received hundreds of recommendations from our customers, as to the mammoth size of the flowers. The flowers often measure three inches in diameter and the colors range through all shades that have ever been known in Pansies. This distinct strain is offered as one that will produce flowers surpassing in size any other variety. We believe after once growing these Giants, all ordinary size Pansies will be discarded. Mixed colors, pkt., 6c.; 3 pkts., 15c.; 6 pkts., 25c.

VIOLET SCENTED PANSIES

This is a new type of Pansies and a cross between the Pansy and the Violet. Flowers more like Pansies but fragrance like Violet. Colors embrace canary, yellow, white, buff and many others. Per pkt., 100 seeds, 6c.; 3 pkts., 15c.

KOCHIA SCOPARIA, (SUMMER CYPRESS.)

This is a beautiful plant, very unique and ornamental. The rounded globe like form resembles a delicate evergreen highly colored. There is nothing handsomer for an Annual hedge. Early in the fall the ends of the shoots are thickly set with small bright scarlet flowers. The plants are very showy and when planted in rows singly to show the round ball like form, make a very striking plant. It is easily grown from seed, planted in the open ground in spring. You should try it this season. Per pkt., 5c.; 3 pkts., 15c.
Four O’clocks, (Marvel of Peru.)

The Four O’clock is a very desirable plant. It grows in any soil and under almost any treatment. The flowers have a strange habit of remaining closed until about four o’clock when they burst open. The roots are hardy and perennial, growing from year to year. Pkt., 50 seeds, mixed colors, 5¢; 3 pkts., 10¢.

Margold

LEGION OF HONOR—Named so because it resembles certain of the Legion of Honor. Flowers bright and almost startling. Bright golden yellow with a deep velvety crimson brownish red mark on each petal at base. The plants are very dwarf and compact while they produce large flowers. Pkt., 5¢; 3 pkts., 10¢.

FRENCH MIXED COLORS—These produce double flowers of rich dark shades. Pkt., 5¢; 3 pkts., 10¢.

Tom Thumb Mixed—These form compact little bushes of six to eight inches high completely covered with handsome blooms from summer until fall. Pkt., 5¢; 3 pkts., 10¢.

Nicotiana

SANDARAE HYBRIDS—These flowers from early summer until late in autumn. Their beauty is beyond description producing flowers purple, snowy white, dark and light red, violet, salmon, crimson, pink and various other shades. It is a very easily cultivated plant, will thrive in any soil whether in pots, boxes or in the open ground. Flowers are nearly as large as a petunia with tubes five inches long and many of the flowers are delightfully scented. You should not miss this excellent plant, as it is good for summer, fall or winter blooming. Cut blooms last well, opening freely in water. All colors mixed, pkt., 6¢; 3 pkts., 15¢.

Oxalis

The Annual Oxalis make very pretty border plants and bloom very quickly from seed. The plants have a clover-like foliage and grow six to seven inches high. Fine mixed colors, pkt., 150 seeds. 5¢; 10 pkts., 10¢.

Petunias—FANCY FRINGED DOUBLE—These are larger than Hollyhocks, very double with edges finely fringed. Petunias are entitled of various colors, making a gorgeous effect. We have secured the choicest Double Petunia seed that can be had, guaranteeing no other strain can produce a larger per cent of double flowers. Selected Seed All Choice Colors, pkt., 15¢; 2 pkts., 25¢.

Nigella

This is an easy growing Annual, making a compact plant one to two feet high. It produces large double porcelain blue and white flowers, which completely cover the plant. The foliage is odd and striking. Mixed colors, pkt. 100 seeds, 5¢; 3 pkts., 15¢.

Mignonette

DOUBLE FLOWERING RED GIANT—This is one of the largest and best Mignonettes for garden culture. It is a strong stocky grower, handsome foliage and very healthy. The spikes of flowers are mannhorn, measuring 6" to 8" inches long by nearly 3 inches in diameter, and are completely filled with plant flowers, measuring about ½ inch across and packed very full with anthers nearly three times as many as other Mignonettes contain, which entitles it to be called a double Mignonette. The fragrance is rich and powerful and for cutting there is no better variety, as it will remain fresh for several days when placed in water. Pkt., 6¢; 3 pkts., 15¢.

DELIANCE—This is one of the leading varieties and largely grown as a florist’s flower. It grows very strong both the plant and the individual flower, while the size and strength of the leaf have not been equalled. The spikes of flowers grow several inches long and the single flowers more than ½ inch in diameter have a delightful fragrance. Pkt., 100 seeds, 5¢; 3 pkts., 10¢.

GOLDEN QUEEN—Produces yellow blossoms and is of very dense dwarf growth. Pkt., 300 seeds. 5¢; 10 pkts., 10¢.

COMMON SWEET—The old well-known small flowered variety, very sweet. Pkt., 200 seeds, 5¢; 3 pkts., 10¢.

FINE MIXED—This comprises all known varieties. It is a very choice selection. Pkt., 250 seeds, 5¢; 3 pkts., 10¢.

Portulaca

Royal Beauty—This is a grand new variety being recently introduced which has given great satisfaction wherever grown. The flowers are large and double, while the colors are very brilliant of red, orange, white, mauve, yellow and various other shades, impossible to describe. A bed of these double Portulacas make a magnificent sight. Pkt., All Colors Mixed, 100 seeds, 5¢; 3 pkts., 10¢.

SINGLE—These cover the plants completely over with large bright beautiful flowers of all shades. Be sure to plant a packet this season. Pkt., All Colors, 300 seeds, 5¢; 3 pkts., 10¢.

Portulaca, Royal Beauty

SUNSET RAINBOW—A fine new strain of large flowered Petunias which we have grown and paid $8.00 for a name. They should be grown to be appreciated. No description can give but a faint idea of their beauty. Pkt., all colors mixed, 5¢; 3 pkts., 10¢.

EXTRA CHOICE MIXED—All best single and double colors. Pkt., 5¢; 3 pkts., 10¢.

Sunset Rainbow Petunia

LARGE FLOWERING FRINGED AND STAINED—This is a splendid variety, large size producing the richest colors of any single variety in cultivation. Flowers measure nearly five inches in diameter; are beautifully fringed on the edges and give various shades of purple, blue and crimson, while many produce pure white, blue and red. On account of the handsome foliage, large leaves and the great abundance of flowers, this is the favorite variety. Pkt., 5¢; 3 pkts., 15¢.

Extra Choice Mixed—All best single and double colors. Pkt., 5¢; 3 pkts., 10¢.

Sunset Rainbow Petunia
NEW PHLOX.—Bunch of Roses. This is a splendid dwarf strain, the plants being completely covered with bright flowers. The flowers are large and vividly rose colored, with a darker spot of rose close to the base, while the center of the flower is pure white. On account of the large clustered heads, it's name, "Bunch of Roses" was selected. It is a great bloomer and we advise our customers to try it. Pkt. 60c., 3 pkts., 1.50c.

NEW LARGE LEMON—Pure, handsomely grown, unlimited. Pkt., 20c., 3 pkts., 50c.

PERENNIAL POPPIES—All the Old Colors and Markings Mixed, see cut, per pkt., 5c., 13 pkts., 12c., 6 pkts., 20c.

NEW LARGE BLOOD RED—LARGEST SIZE, the darkest color of them all, being of the deepest blood red, color, rich and beautiful. Pkt., 15k seeds, 5c., 3 pkts., 12c.

NEW LARGE YELLOW—No variety is more admired than this on account of producing large flowers of a rich straw color. Pkt., 15k seeds, 5c., 3 pkts., 12c.

STARRED AND FRINGED—This is the finest starred and fringed variety, having a bright eye in the center. The fringed flowers are distinctly bordered with white. We offer a Choice Mixture of Colors. Pkt., 15k seeds, 5c., 3 pkts., 12c.

NEW ICICLES—This is a new strain and contains many new colors that flower the first season from seed. The colors include white, lemon, orange, rose, striped, blush and many other old markings. They are hardy perennials and produce an abundance of flowers from June until October. Mixed Colors, pkt., 5c., 3 pkts., 12c.

IMPROVED SHIRLEY—This is a splendid strain, the habit of plant being dwarf and stout, blossoms of enormous size and of the most beautiful colors to be found among any flower. All Colors Mixed, pkt., 5c., 3 pkts., 12c.

SNOWDRIFT—This is a large variety producing pure white flowers, perfectly round and double of large size and at a little distance a bed of them looks like a drift of snow. A bed of them is a grand sight. Pkt., 5c., 3 pkts., 10c.

FAIRY BLUSH—This handsome variety grows about the same height as Snowdrift and produces handsome, globe-shaped flowers of immense size, and the petals are elegantly fringed and pure white, colored at the tips with rosy queen making a very old and attractive flower. Pkt., 6c., 2 pkts., 10c.

NEW ADONIS—This is a grand new Poppy and quite a curiosity. We succeeded in securing the seed from Germany and we advise all to give it a trial. It is a new species from Asia Minor and doubles the finest of the open ground Poppies, sown in autumn it blooms from June through summer, bearing flowers 2 to 2½ inches across of a fiery dark orange scarlet with black eyes at base. The branching plants are about 2 feet high with gray green foliage. This is a rare novelty and the seed is very limited. Pkt., 20c., 2 pkts., 30c.

GIANT DOUBLE Poppies—BRILLIANT MIXTURE—This mixture is made up of all the Double Annual Poppies we have been able to secure seed of. We do not list but few double Poppies under separate colors, but we have made a mixture that will surprise anyone. Imagine a bed of these Poppies, producing flowers 4 to 6 inches in diameter about as large as Paeonies and of all colors imaginable. We are sure a bed of these Giant Double Poppies will please you. All colors mixed, pkt., 5c., 3 pkts., 10c., 7 pkts., 20c., 10c., 50c., 3 pkts., 10c.

PERENNIAL POPPIES—The single perennial Poppies are perfectly hardy and are very attractive on account of the large handsome flowers. Colors, white, red, orange and yellow, flowers measure 6 to 9 inches across. All colors mixed, pkt., 5c., 3 pkts., 10c.
Salvia or Scarlet Sage

LARGE FLOWERING SCARLET—This is a most gorgeous plant, with its brilliant colors, producing an abundance of bloom during the summer. The spikes of bloom completely conceal the foliage, making it a blaze of flaming scarlet. One plant will produce several hundred spikes of flowers in a season, and each spike being about ten inches in length. Per pkt. 6c., 3 pkts. 12c.

RICINUS (Castor Oil Bean)

ZANZIBARENSIS—This is a handsome, quick growing variety and if planted in the open ground in May should be in full foliage by July and attain a height of from 12 to 14 feet during the season. This is a giant variety and a few plants in a large bed make a most picturesque sight to be admired a long distance. The gigantic leaves measure 2% to 4 feet across and are a magnificent sight. Giant Varieties Mixed, pkt. 6c., 3 pkts. 12c.

Weather Plant

This is a beautiful flowering vine, fern like foliage and clusters of flowers. It is claimed that the leaves by changing their position foretell the weather a few days in advance. If the leaves stand upwards from the twig at an angle of 45 degrees the sky will be cloudless and the weather beautiful. If they should stand out straight then changeable weather is indicated, or if the leaves droop down the indications are rainy, and when the leaves are hanging straight down it indicates it will be very wet. Everyone should have this plant growing about their homes. Per pkt. 6c., 3 pkts. 12c.

Water Lilies

Seed should be sown in a pan of mud just covered with water and kept in a warm temperature where they will germinate quickly and grow rapidly. Our seed includes many new foreign varieties that will flower the first year and a packet of seed will reproduce many odd and curious flowers. We offer a collection of Choice Varieties in a Mixt., Pkt. 15c., 2 pkts. 25c.

Scabiosa

MOURNING BRIDE—These produce perfectly double flowers, borne upon long slender stems, well above the foliage. Very useful for cutting. The colors range from white to rich crimson, deep red and pink, blue and other delicate shades, some almost black. All Colors Mixed, per pkt. 6c., 3 pkts. 12c.

Torenia

These are excellent for pot culture, borders or baskets. A profuse bloomer and a popular annual. They do well in open ground. All Colors Mixed, per pkt. 6c., 3 pkts. 12c.

SALPIGLOSSIS, (Velvet Flower)

The flowers are marked and pencilled, resembling the Petunia. All Colors Mixed, per pkt. 6c., 3 pkts. 10c.

Snapdragon

This is a charming old fashioned flower, produced in many colors, such as yellow, scarlet, white, etc. It is a perennial and blooms well the second season. It succeeds as well as an annual. All colors mixed, pkt. 6c., 3 pkts. 12c.

Schizanthus

This is a very showy and desirable flower. It is spotted and blotched with crimson, violet and yellow, making the flowers and plants have an orchid appearance. It blooms well during the summer or if planted in October it blooms during the winter as a house plant; and about Christmas time is in full bloom. On account of its easy culture we know it will give great satisfaction. Finest Mixed All Colors, per pkt. 6c., 3 pkts. 12c.

Virginia Stocks

A Hardy Annual of very easy culture, containing all the colors known in Virginia Stocks, and is a very delicate and pretty little flower. Per pkt. 6c., 3 pkts. 10c.
GORGEOUS MIXTURE—(See Back Cover)—This great mixture of GIANT FLOWERING SWEET PEA is one of our leading specialties this year. They will produce a gorgeous display and we desire that every customer plant some of these Sweet Peas this season. We have made the price very low and harvested large crops so that we can fill all orders promptly. The flowers drawn from nature on the back cover convey but a faint idea of this grand New Giant Flowering Mixture. All colors mixed, pkt. $0.50, 3 pts., $1.50, 12 pts., $3.00.

EARLIEST OF ALL—This is very early vigorous grower and always comes into bloom nearly two weeks in advance of any other variety. It is so early that two crops of flowers may be grown in one season by simply planting early in the spring and those that go to seed in August will produce flowers in the fall. Try them. Pkt. $0.50; 3 pkts., $1.50, 10c.

EXTRA EARLY BLANCHED FERRY—This is a very early variety. Standard rose pink, wings white tinted rose. Pkt. $0.50; 3 pkts., $1.50, 10c.

INVINCIBLE RED—White stripe scarlet. Pkt. $0.50; 3 pkts., $1.50, 10c.

CAPTAIN OF THE BLUES—Standard light purple, wings lavender. Pkt. $0.50; 3 pkts., $1.50, 10c.

PRINCE OF WALES—White stripe mauve. Pkt. $0.50; 3 pkts., $1.50, 10c.

RED RIDINGHOOD—Produces bright dark rose pink flowers in abundance. Pkt. $0.50; 3 pkts., $1.50, 10c.

BLACK KNIGHT—Very deep maroon color. Wings brownish mauve. Pkt. $0.50; 3 pkts., $1.50, 10c.

BLUSHING BEAUTY—Has a peach bloom pink, very beautiful shade. Pkt. $0.50; 3 pkts., $1.50, 10c.

EMILY HENDERSON—Very early, large pure white flowers. Pkt. $0.50; 3 pkts., $1.50, 10c.

LOTIE ECKFORD—White shaded and edged with soft lavender. Pkt. $0.50; 3 pkts., $1.50, 10c.

PERENNIAL SWEET PEAS.

We cannot praise this lovely hardy vine too highly, for it blooms constantly from early summer until late in autumn. The plants produce a profusion of clustered flowers on long stems in various colors of white, pink, rose, carnation, etc., these flowers being of large size.

All Colors Mixed, pkt. $0.50; 3 pkts., $1.50, 7 pkts. $3.00, 20c.

CUPID SWEET PEAS

A Dwarf Variety

These Dwarf Sweet Peas grow only about five inches high, spreading out and forming a mass of foliage and flowers. No garden or flower bed is complete without this little novelty.

WHITE CUPID—Produce waxy white flowers, nearly as large as Emily Henderson, very sweet. Pkt. 30c., 10c.

PINK CUPID—Exactly like the white except in color, which is a lovely pink. Pkt. 30c., 10c.

CUPID BEAUTY—This is the most beautiful of the Cupids, growing from six to seven inches high. Standard rose pink, shaded to white, with or without very slight carmine. Pkt. 50c., 10c.

CUPID PRIMROSE—A beautiful primrose in color. Very dainty. Pkt. 50c., 10c.

CUPIDS, MIXED COLORS—All the Cupid Sweet Peas in a mixture. Pkt. 50c., 10c.

WALLFLOWERS

FINE GERMAN DOUBLE MIXED—This is a splendid mixture, contains a large collection of shades and colors. Per pkt., 15 seeds, $0.50, 3 pkts., $1.50.

CHOICE SINGLE MIXED—This includes all single varieties and a good variety of colors. Try a packet of each variety. Per pkt. 10 seeds, $0.50; 3 pkts., $1.50.

Mills' Choice Verbenas

Raise your Verbenas from seed. It is the easiest and best way for an abundance of flowers. They will continue in bloom until cut off by frosts.

BLUE AND WHITE EYE—A light, blue flower with a white eye. A bed of only three plants makes a grand sight. Per pkt., 100 seeds, 5c.

VELBENA ODORATA (Pure White)—Can be sown in the open ground early in the spring will terminate quickly, grow rapidly, and in a short time bear a great profusion of blossoms. These blossoms instead of growing in clusters like other sorts are borne erect on spikes 3 to 4 inches long. The flowers are pure white and fragrant, making them very attractive. Per pkt. 100 seeds, 5c.

GOLDEN LEAVED—Scarllet flowers with leaves of a bright yellow shade. Per pkt. 100 seeds, 5c.

SCARLET DEFENCE—Intensely deep rich color, of the brightest scarlet. Very attractive. Per pkt. 100 seeds, 5c.

SWEET SCENTED MAYFLOWER VERBENA—This is a new and is another strain of Mixed Verbenas that is made up to include all the Sweet Scented varieties. The flowers are large, the colors are very brilliant, and they bloom continuously from early summer until late in autumn. The handsomest Scented Verbenas grown. Give it a trial. Pkt. 100 seeds, 5c.

TUFTED OR BEDDING "PANSY-VIOLETS."

LARGE FLOWER-ING GLOBE PYRAMIDAL—This variety produces immense spires of perfectly double flowers; individual blooms measuring from 2 to 2½ inches in diameter, colors, crimson, white, rose, blue, lilac, brown, flesh color, apple blossoms and yellow blooms. They are greatly prized for cut flowers on account of their fragrance and many colors. All colors mixed. Per pkt. 50 seeds, 5c.

DWARF GERMAN TEN WEEKS—Fine Mixed. All colors. Per pkt. 50 seeds, 5c.

GIANT STRIPED—A most beautiful flower, producing beautiful colors. Per pkt. 100 seeds, 5c.

GIANT PINK—Similar to purple, except in color; sure to please everyone. Pkt. 100 seeds, 5c.

GIANT WHITE—The handsomest white variety grown, of enormous size. Pkt. 100 seeds, 5c.

GIANT MIXED—This is a mixture of all the GIANT varieties and will give wonderful display throughout the entire summer. Pkt. 100 seeds, 5c.

STOCKS, (TEN WEEKS)

GIANT POMPONE—Colors, pure white through cream and buff to clear cream yellow, and pinks to deepest crimson and fiery copper and reds. All Colors Mixed. Per pkt. 60 seeds, 5c.

GIANT MAMMOTH MIXED—This is a new class of Zinnias, giant in size, and has perfect double flowers of the richest and most varied colors and shapes measuring nearly 5 inches across of intense brilliant colors. The plants grow about 3 feet high, and bloom freely. All Colors Mixed. Per pkt. 60 seeds, 5c, 3 pks., 10c.

FAIRY ZINNIAS—Called Fairy Zinna because the plant is dwarf, compact and covered during the summer and until frost sets in, with very small, perfectly double flowers, embracing a wide range of colors. Perfect little beauties. Per pkt. 60 seeds, 5c.

 STRIPED ZEBRA—Produces all colors such as orange, pink, yellow, crimson, violet, scarlet, white, rose, and many are striped with different shades and hardly any two plants produces flowers alike. Per pkt. 60 seeds, 5c.

NEW POMPONE—Colors, pure white through cream and buff to clear cream yellow, and pinks to deepest crimson and fiery copper and reds. All Colors Mixed. Per pkt. 60 seeds, 5c.

Be sure to examine page 32 and see what we offer in FLORAL CURiosITIES. Gladiolus flowers from seed the first year will interest you.
MILLS' SEEDS OF ANNUAL CLIMBERS

MOON FLOWER VINE
(Ipomoea Grandiflora)
This vine has become very popular, and on account of its being a rapid grower, it has taken the lead among the annual climbing vines and no one who has a trellis or arbor, veranda, or old tree to cover should fail to plant the Moon Flower. It is the most rapid growing of all climbing vines and if given a sunny situation and plenty of water, it will attain a height of from forty to sixty feet and covered with thousands of immense pure white fragrant flowers, opening in the evening and remaining open until nearly noon the following day. The flowers are from five to seven inches in diameter. Pkt. 10 seeds, 6c., 3 pkts., 15c.

JAPANESE HOP VINE
This is a handsome vine, growing from twenty to thirty feet in a season. The leaves are striped and variegated making a charming effect. It is a rapid summer climber and one of the best plants for covering verandas, trellises, etc. Heat, drought and insects do not trouble it. Per pkt. 50 seeds, 5c., 3 pkts., 10c.

ALLEGHENY VINE
This is one of our best hardy climbing plants being a native of the Allegheny Mountains, very attractive and picturesque. Flowers, rose, pink and white. Try it this season, it's a wonder. Per pkt., 5c., 3 pkts., 10c.

The Famous Japanese Kudzu Vine.
(Jack and the Bean Stalk Vine)
This comes from Japan, the land so productive and curious for ornamental flowers. With ordinary treatment it will grow seventy feet in one season and filling the air with the fragrance of its large clusters of wisteria like blossoms. It requires very little care and in three months this wonderful vine progresses as much as most vines do in five years. It is perfectly hardy, lasts for years and everyone should plant it. The flageolet is large, shaped like a leaf of a bean, and the flowers are a pleasing shade of purple. Per pkt., 15 seeds, 6c., 3 pkts., 10c.

WILD CUCUMBER VINE
(Echinoceystis Lobata.)
This is one of the quickest growing climbers in our list. It will grow thirty feet in one season. It is thickly dotted over with pretty white fragrant flowers, followed by an abundance of ornamental and prickly seed pods. To cover unsightly buildings or fences, nothing will equal it. Per pkt. 5c., 3 pkts., 10c.

CYPRESS VINE
This is a beautiful and artistic vine. The trembling foliage star shaped flowers given the plant a charming effect. Mixed Colors, per pkt., 50 seeds, 6c.

This annual climber grows about ten feet high, branching out well from the bottom, producing an abundance of sweet pea like blossoms, borne in long wisteria like clusters, nearly a foot in length. The foliage is very dense and is insect proof. Mixed Colours per pkt., 30 seeds, 6c., 3 pkts., 10c.

MORNING GLORIES
(Imperial Japanese)
This is a giant vine producing handsome colors, shapes and markings and makes one of the most beautiful climbers. Our choice mixed strain embraces all the shades to be found among Morning Glories, and must be grown to be appreciated. Choice Mixed, per pkt., 5c., 3 pkts., 10c.
ASPARAGUS—Sprungeril .................... Per pkt., 10c.
ASPARAGUS—Plumosus .................... Per pkt., 10c.
For plants of these two varieties see page 54.

BEGONIA, 
Tuberous Rooted
Our seed produces gigantic flowers of rich colors ranging from ivory white through all shades of yellow, crimson, orange, red, rose, pink, etc. Seeds sown now as soon as June will produce fine bulbs for the following season. Single, All Colors Mixed, per pkt., 15c.; 2 pkts., for 25c.; Double, All Colors Mixed, per pkt., 25c.; 3 pkts., 40c.

For Tuberous Rooted Begonia Bulbs, see page 57.

CYCLAMENS
This is one of the very best for pot plants. Blooms in winter and summer, producing graceful orchid like flowers. The plants develop a bulb, which can be planted from year to year. The colors range from white to deepest crimson with intermediate shades and the foliage is very handsomely marked. Splendid Mixed Colors, per pkt. 25 seeds, 10c.; 3 pkts., 25c.

LANTANA
This is a well known plant, which produces clusters of verbena like flowers, making a grand display the first season. Finest Mixed, per pkt., 10c.
(For Lantana Plants, see page 57.)

CINERARIA
This is a beautiful plant for the greenhouse or window. The seed germinates quickly and the plant grows about as broad as it is high and is covered with large flowers of the most brilliant colors. Nothing can be more attractive in a window, for the colors are exceedingly rich and velvety, ranging through all the shades of crimson and blue, some with large white centers or borders. Hybrida, Large Flowering Finest Mixed, per pkt., 15c.; 2 pkts., 25c.

CALCEOLARIA, HYBRIDA
The colors and markings include the rarest shades of crimson, maroon, and包括 all shades of crimson, maroon, and including spotted and fringed. Flowers are borne in the greatest profusion through spring and summer. Splendid Mixed, per pkt., 15c.; 2 pkts., 25c.

GERANIUM
Well known popular plants for either pot culture in the winter or summer bedding. Few know how very easily and quickly they bloom from seed. You can get all the plants you want with very little trouble and expense by sowing the seed. Some of the finest sorts have been raised from seeds. Start early and you will have plenty of bloom the first year. Extra Choice, Good Mixed, Double and Single, per pkt., 25 seeds, 10c.; 3 pkts., 25c.
(For Geranium Plants, see page 56.)

SMILAX—Weever the popular Boston Smilax, which is the most desirable window vine on account of its charming glossy green foliage. Per pkt. 50c.; 3 pkts., 10c.

PRIMULA, (Chinese Primrose.)
These are one of the most beautiful of all house and pot plants. The flowers are immense and the colors from intense scarlet to delicate shades of pink and white. It has a handsome foliage and the flowers are fragrant. Sow seed in a pot and water small plants until they get at least one inch high, then pot as they are out of danger. Keep the young plants in a cool shady place in the summer. Splendid Mixed, All Colors, per pkt., 50 seeds, 8c.; 2 pkts., 15c.
Flowers keep many days after being cut. The about 1½ inches. Per pkt., 50 seeds, 5c.

CENTAUREA, New Giant Imperial. (Centauria Imperialis.)—This Giant Centaurea is a rapid easy grower, soon making a large plant. The flowers are large and very sweet scented and it has the same form and fragrance as Centaurea Marguerite. The color variation is very great. All Colors Mixed, per pkt., 50 seeds, 6c.; 2 pkts., 15c.

GLOXINIA
These are very showy free flowering plants, very desirable for pot culture on the porch or shaded locations during the summer months. We offer choice seeds, large flowering hybrids which cannot be surpassed. Our Best Mixed, All Colors, per pkt., 50 seeds, 10c.; 3 pkts., 25c.
(For Gloxinia Bulbs, see page 53.)
A PAGE OF CURiosITIES

We are pleased to offer on this page several novelties all of which our customers will want to grow in 1908. Do not fail to grow them. Place your order early.

SHOO-FLY PLANT.
THE MAGIC WONDER.

Here is quite a curiosity and is very interesting, of the Hyssop family. It is claimed that flies will not stay in the room where it is grown if they can escape. We are unable to understand why this can be, as the plant or flower does not seem to have any odor, but it is claimed by those who have made the test that it will rid a room of flies. It is a great plant to bloom when grown in pots during summer or winter, and it is a most remarkable flower, giving plant, blooming in a short time from seed. On account of the flowers being large, cup-shaped, and of a delicate light blue color with a white center, we are sure it will be highly prized by all those who grow it. It can be easily grown from seed which we can supply as follows:
Price, per pkt., 5c.; 5 pkts., 20c., postpaid.

ELECTRIC LIGHT PLANT.

Here is a wonderful curiosity, which produces a sturdy bushy plant growing to a height of about four feet and covered with large spikes of flowers, six to eight inches long. These flowers are produced in lovely shades, which are pure white at base and ranging from rose to a bright red top of flower. It makes a very showy and ornamental plant and when grown in clumps it is a beautiful sight. They can be readily grown from seed if planted in open ground early in spring. We are very anxious our customers should try this plant, as we consider it a very attractive novelty. Seeds, per packet, 10c.; 3 packets, 25c., postpaid.

One packet of each variety on this page, entire collection only 75c.

This annual Gladiol, "Praecox," is a distinct novelty. Seeds can be sown in the spring and produce blooms the same summer and fall and we are sure our customers will want to grow this novelty. The originator states that this new and distinct class of Gladioli will make an entire revolution in the culture of Gladioli. Seeds sown early in March in a warm frame produced young seedlings about the first of April and on the 12th day of July seedlings began to open their flowers. From this time they continued to bloom day by day giving a continuation of bloom very late in the season. The flowers stalks stand upright with widely opened throat. The petals are broad and rounded and flowers measuring 4 1/2 to 5 inches across are very common. By numerous crossings and hybridizations with the best blooms of the older varieties of Gladiolus by year, there are not only all the different types and colors such as spotted and blotched, self-colored, dotted, striped, and also many with white and yellow throats. The varieties of colors are very rich and all shades and colors known in the older types of Gladioli will be found in this new class.

This new annual Gladiol, "Praecox" can be treated in the same way we treat other annuals. The seedling plants produce bulbs in the same way as other strains of Gladioli and these can be treated in the same manner like those of older strains, but here the rapid growth and luxurious habit of the seedling plants can be noticed. The spikes grow very long on which are from six to twelve blooms opened at once. The illustration shows seven and eight open blooms on each spike are photographs taken from young seedlings and will at once show that this grand new class will be found a sterily novelty.

We have been very fortunate in securing choice seed direct from the originator in Germany and are pleased to offer it to our customers at the following prices: Seeds are yet very limited, and we advise all to get a few and start growing this new Annual Gladiol, "Praecox," as it will produce seed, which can be used to produce more bulbs, and a small start now will soon produce enough for a large display.

Packet, 10 seeds, 15c.; 2 pkts., 35c., postpaid.

The rapidity of the growth of this plant is astonishing. It is a gorgeous and stately plant, with giant magnificently shaped leaves of a beautiful bright green color. Seeds sown early in hot bed and repotted will give plants eight feet high the first summer. It certainly is a great curiosity and a few plants in your garden or upon the lawn will make an ornamental and gorgeous effect. The seeds of this variety are scarce and hard to get, but we have succeeded in securing a supply which we can offer to our customers this year. Price, per packet, 10 seeds, 25c.; 2 packets, 40c.

GREAT BANANA.

The banana is peculiar among plants in that the flower is on the leaf and the bud is the flower. It is a stately plant and is most suitable for the greenhouse or bedroom where it is grown in large pots. It needs a moist atmosphere and must be kept from drafts. The flowers should be removed after blooming to prevent the fruit from maturing. The plant is best propagated by cutting, the pieces being planted with the roots down and the shoots up. Any sort of compost or good potting soil is excellent. The stems of the flowers should be tied to the stalks of the leaves, and the shoots should be bent over to prevent injury to the leaf. The sprouts should be cut off when they become firm and should be planted immediately. The plants are made to order from the best stock obtainable and are grown from the finest and purest stock.

Price, per plant, 50c.; 10 plants, $1.50.; 50 plants, $4.00.; 100 plants, $5.00.; 250 plants, $10.00.; 200 plants, $10.00.; 500 plants, $20.00.; 1,000 plants, $40.00.; postpaid.

This is a magnificent foliage plant and is a great curiosity when grown in the garden or on the lawn. Seeds can be sown early in spring and will produce plants ten feet high spreading twelve to twenty-five feet across with leaves from five to six feet across, making it a perfect wonder. It requires sun, good soil with plenty of moisture in and winter the roots should be protected. All who grow this Giant Plant will be pleased. Seeds, per pkt., 25c., postpaid.

PURPLE FEATHER GRASS.

Here is quite a curiosity and we believe will be very useful for lawn or house decorations on account of its rapid and vigorous growth. The recurved leaves, which are narrow and grow very graceful are overlapped by elegant feather plumes about a foot long. The heads are borne from July until frost and the whole plant seems to be veiled in a purple cloud. It certainly is the most beautiful and ornamental house plant of easy culture which can be readily grown from seed. Price, per pkt., 5c.; 5 pkts., 25c., postpaid.

THE GIANT PLANT.

This annual Gladiol, "Praecox," is a distinct novelty. Seeds can be sown in the spring and produce blooms the same summer and fall and we are sure our customers will want to grow this novelty. The originator states that this new and distinct class of Gladioli will make an entire revolution in the culture of Gladioli. Seeds sown early in March in a warm frame produced young seedlings about the first of April and on the 12th day of July seedlings began to open their flowers. Easter Gladiolus

This variety is well adapted to pot culture, and is an early flowering sort and will produce beautiful flowers for Easter. Pot bulbs in winter and at least three may be planted in a six-inch pot. They will soon bloom and about Easter will show handsome spikes of blooms. The color is a white with lemon tint and a large bright crimson center, which makes them very attractive. In the garden they bloom earlier than any other kind. Good bulbs, 10c.; 3 for 25c.; 7 for 50c., postpaid.

GLADIOLUS

The Gladiolus is one of our specialties and we have spared no expense in selecting all the latest and best varieties in order to offer a grand mixture. Gladiolus are among the most beautiful and useful of our summer flowers. The spikes are large, soft and delicate and varied in a hundred hues, also marked like orchids. They are of easy culture, grow in any garden soil, always flower the same season. Our fancy mixture can be relied upon to produce shades of the most beautiful colors, yellow, crimson, buff, salmon, lemon, rose, pink, white, cherry, magenta, scarlet, etc., in fact all the odd marked sorts that one can think of. All the giant flowering varieties are included, which will make a gorgeous display. All old, poor and common sorts have been discarded and this mixture is of the higher grade. Flowering size bulbs, all colors mixed, 3 for 10c.; 12 for 25c.; 50 for $1.10; 100 for $2.00, postpaid. By express, 100 for $1.50; 500 for $6.50.

GLADIOLUS SEED

This is the most interesting seed anyone can plant. The range of color and beauty of bloom is very great. Seldom ever two seedlings are alike. The seed should be planted in light sandy soil in the open ground in May and kept shaded until they germinate or they may be sown earlier in hot beds. All Colors Mixed, Very Fine, pkt. 10c., 3 pkts., 25c.

THE ANNUAL GLADIOLUS SEED—A Great Novelty, (See page 52.)

TUBEROUS ROOTED BEGONIA BULBS

These bulbs bloom in the house, summer and winter, and are easily cared for as a Geranium. They produce brilliant flowers, three to five inches in diameter and the various colors, both single and double, make a gorgeous display. Large Flowering Mixed. All Colors, both Single and Double, which includes crimson, yellow, white, pink, rose, blotched, etc., 6c. each, 3 for 15c.; 7 for 30c.; 25c. for $1.00. Postpaid. (For Begonia Seed see page 51.)

GLOXINIA BULBS

These bulbs are sure to flower if properly planted, and will make a gorgeous display. They produce handsome trumpet-shaped flowers all colors, such as pure white, blood red, indigo, pink, scarlet, snowy white, etc., with many combinations of colors impossible to describe. Large Blooming Bulbs, All Colors Mixed, 6c. each, 3 for 25c., 20 bulbs for $1.00. (For Gloxinia Seed see page 51.)

SUMMER FLOWERING OXALIS BULBS

These little bulbs quickly throw up a mass of pretty foliage and flowers, the bulbs being not much larger than peas. They make fine border plants and are desirable for pot culture. The flowers are a delicate pink. Bulbs, 12 for 10c.; 25 for 15c.; 50 for 25c.; 100 for 50c.

TUBEROSE BULBS, DOUBLE EXCELSIOR PEARL—It is the best double Tuberoses in cultivation, blooms early and bears immense spliced large, pure white, perfectly double sweet-scented flowers. Large Flowering Bulbs 5c. each, 3 for 15c.; 7 for 25c.; 15 for 50c., postpaid.

CALLA LILIES

SPOTTED CALLA LILY—This produces white flowers and the leaves are covered with transparent white spots. They flower abundantly during the summer months when planted out in the open border. A very effective window plant. Bulbs, 10c. each; 3 for 25c.

CALLA ETHEIOPICA—This is the well known large flowering calla lily, which produces broad foliage and white flowers. It is the easiest of them all to grow. Bulbs, 10c. each; 3 for 25c. Calla Lily Seed Mixed, pkt. 15c. (2 pkts., 25c.

DAHLIAS

The Double Flowered Dahlia is one of the most popular fall flowers. We offer a great selection of the best largeflowering double varieties in a mixture and we are sure they will be appreciated by everyone who grows them. We offer strong field grown roots, All Colors, both Single and Double, valued at 3 for 15c.; 7 for 30c.; 10 for 50c. or 15 for $1.00 by mail, postpaid. (For Dahlia Seed see page 41.)

EARLY FLOWERING CANNAS

We offer a great selection of Canna Roots which is made up of all the best named varieties. For lack of space we cannot fully describe the hardiest varieties included in this mixture, but will guarantee roots from this mixture will please everyone who plants them. We have a large stock of Good Flowering Roots, 5c. each, 3 for 15c.; 6 for 25c.; 15 for 50c., postpaid. By express, customer to pay charges, 50c. per 100.

(MADERIA VINE—A very beautiful and popular vine for summer screen, a rapid grower covering a large space in a short time. Flowers fragrant. Roots, 5c. each, 3 for 10c.; 7 for 25c., postpaid. (For Canna Seed see page 41.)

CINNAMON VINE

Perfectly hardy, standing the coldest winters, increases in size every year. It will quickly cover an arbor, window or veranda with a profusion of vines covered with handsome glossy green, heart-shaped foliage, bearing great numbers of delicate white blooms with a cinnamon fragrance. When once planted it will grow for years. Bulbs, 2 for 6c.; 3 for 10c.; 12 for 50c.; Roots one year old, 10c. each, 4 for 30c.

Spotted Calla Lily

(Mills' Summer Flowering Bulbs and Roots—53

The varieties that we offer requires scarcely any care and quickly make a gorgeous display. Many of the bulbs can be kept over winter and will year after year continue to flower if given proper care.
We offer only such varieties of Plants as will be sure to give entire satisfaction. We grow millions of plants annually and our trade has grown to such an extent during the past few years that we have been obliged to greatly increase our facilities. All our Plants are grown here in the East, but our Western customers who send their orders to our Western Branch House. Washington, Iowa, will have their orders filled promptly, the Seeds being sent from Washington, Iowa, and the Plants will come direct from our Greenhouses here.

**Mailing Size Only:**
We do not handle larger plants of any kind.

**Plants Mailed at Any Time.** A great many of our customers order both Seeds and Plants early in the winter. Seeds are sent at once and if requested we will send Plants later, any time up to the last of July. We begin to fill Plant Orders early and unless you name the date you want us to mail the Plants we will consider you ready for them and will forward at once in a separate package. Seeds and Plants are never sent together in the same package.

**All Orders** will have our best and careful attention and are guaranteed to be packed so that they will arrive safely to any post office in the United States. Any complaints must be made within one week after Plants arrive. Orders filled in severe cold weather or foreign shipments are at purchasers' risk.

---

**CHOICE COLEUS**

These are beautiful foliage plants introduced from Asia and Africa in about 1829. They are highly prized for bedding on account of their strikingly brilliant and beautiful foliage. They are also excellent and attractive plants for window, garden and conservatory.

---

**ARUGENA GUTTATA**—A very handsome variety, of remarkably strong, upright, upright habit. Foliage very large; upper side deep bronzy green, with very delicate silver spots; under side purplish red. Flowers produced in large clusters, panicles; color beautiful light coral red. Remarkably pretty and a very desirable decorative plant.

**EDMONSON**—(Cornel Begonia)—Flowers bright scarlet. A profuse bloomer, always in bloom summer and winter. Excellent for vases, window boxes, etc.

**THURSTON**—A beautiful stately plant with remarkably handsome glossy foliage. The underside of the leaves is a rich, purplish red; the veins are prominent, while the face, or upper side is a bronzy green, shaded with crimson and orange, with a peculiar glossy metallic luster over all. Flowers beautiful shell pink. This is one of the best flowering Begonias on our list. Price of above Begonias, 12c. each, 3 for 30c.

---

**REX OR PAINTED LEAF BEGONIA**

This is a type of large leaved Begonia, and is one of the most ornamental of the species. They are grown exclusively for the rich and varied markings and remarkable beauty of their foliage, some of which are truly marvelous.

In no other class of plants are the rich metallic shades of various colors found so satisfactorily blended as in the Rex Begonia, where the form and size of the leaves are of the greatest variety. Some varieties show bright green, pure silver, bronze and velvety green, while others have a distinct band or zone of bright red, royal plum color, and others a zone of light, dull red.

Rex Begonias are simple. The soil should be a mixture of loam, woods earth, sharp sand, and well rotted cow manure, it must be light and porous. They dislike bright sunshine and a dry atmosphere, hence are most satisfactory when grown in a moist, though not wet—rather shady situation during the hot summer months.

They are much used for pot culture and window boxes. We have no other plant that offers more pleasure and satisfaction when grown under favorable conditions.

Our stock of Rex consists of a number of the most beautiful varieties in cultivation, including some of the choicest new sorts. When we receive an order for two or more R.X. we always send the most distinct varieties. Price, 15c. each, 3 for 40c. (See page 51 for Begonia Seed.)

---

**ASPARGUS PLUMOSA**

Climbing Lace Fern

A fern that makes a valuable addition to the Sprengeri but hardy and easily grown; very satisfactory for window and house decoration; an extremely graceful window climber, bright green featherly foliage, as dense as the finest lace. The fronds retain their freshness for weeks when cut, and are greatly admired for floral decorations. An exceedingly beautiful plant for house and conservatory, and will thrive equally well in a temperature of an ordinary living room. Entirely unequalled for the grace and beauty of its lovely, spray-like foliage.

**ASPARAGUS SPRENGERI**

Emigrant Feather Asparagus

This leaf is composed of the hardiest and most valuable trailing plants for the house, conservatory or greenhouse. It is especially valuable for pots, vases, baskets, etc., covering all with its beautiful spray of foliage. Green and coral red. For Summer and Winter.

**CHOICE FLOWERING BEGONIAS**

most popular and desirable classes of plants. They are of the easiest culture; and, as they are hardy, will thrive in almost any soil, if given a sunny and sheltered position. As pot plants for window and conservatory, both for winter and summer blooming, they have few equals. While they do well in any good rich soil, they will give best results if planted in a light soil with plenty of leaf mold and during winter should have a warm sunny window. Our list of varieties will be found to contain the best sorts growing.

**ALBINA**—White, with a yellow eye. A dwarf, bushy variety; free flowering.

**ARGENTEA**—A very handsome variety, of remarkably strong, upright, upright habit. Foliage very large; upper side deep bronzy green, with very delicate silver spots; under side purplish red. Flowers produced in large clusters, panicles; color beautiful light coral red. Remarkably pretty and a very desirable decorative plant.

**CARSONI**—(Cornel Begonia)—Flowers bright scarlet. A profuse bloomer, always in bloom summer and winter. Excellent for vases, window boxes, etc.

**THURSTON**—A beautiful stately plant with remarkably handsome glossy foliage. The underside of the leaves is a rich, purplish red; the veins are prominent, while the face, or upper side is a bronzy green, shaded with crimson and orange, with a peculiar glossy metallic luster over all. Flowers beautiful shell pink. This is one of the best flowering Begonias on our list. Price of above Begonias, 12c. each, 3 for 30c.

---

Flowering Begonias constitute one of the most interesting classes of plants for house culture and winter blooming. The great beauty and variety of their foliage, brilliant colors free blooming qualities, all combine to make them of the
CARNATIONS

The popularity of the Carnation is on the increase very rapidly. Next to Roses the Carnation is most much liked. We offer a choice selection of the best varieties.

BOSTON MARKET—A remarkably free flowering white variety. By commercial growers in many sections of the country. A good variety for the white varieties. Can be depended upon for good size, nicely shaped bloom in profusion. Color, ivory-white. Stem, form, and habit of growth excellent.

CARDINAL—A bright crimson with flowers of enormous size. This new Carnation has taken several prizes in the latest shows. It is as strong indoors as well. It is an early producer and increases in quantity as late as July.

GIANT ELOHAD—Light clear yellow, petals edged with a narrow band of light pink. A strong, vigorous grower with fine healthy foliage; stems of good length, supporting large, finely formed flowers. The color shows up well under artificial light, and does not look as white as yellow do, at least, to my mind. It is a true queen among Carnations on account of its immense size, magnificent color, fine strong stem, and early, free and continuous blooming habit. It is a beautiful shade of light olivey pink, deepening toward the centre. The flowers are enormous—three and a half to four inches in diameter. It does not burst the calyx at any season. It is an ideal grower, very healthy and of vigorous constitution.

G. H. CRANE—Without doubt the best scarlet grown. It was tasted by the originator for 4 years before being introduced to the public. Nothing will equal it for flowers of quality and quantity. Color, a flaming scarlet. Grow strong, hardy foliage and makes a well formed plant. Has large flowers on strong stiff stems.

HARLOWARDEN—The largest and best of its color, a bright dazling crimson. Flowers often measure three inches in diameter, and are well supported on long stiff stems. A wonderful free bloomer, always full of buds.

LADY BOUNTIFUL—Pure white, 3½ inches across, and stems 24 inches high, rich clove fragrance, marvellously free bloomer, plants being in bloom the whole season.

It is a superb, brilliant, clear pink. An early and continuous bloomer, reaching three to four inches in diameter when grown for specimen flowers. This has proven to be one of the most satisfactory and profitable Carnations introduced in years.

MRS. THOMAS LAWSON—No plant of whatever kind, has ever received so much description and free advertising by the newspapers of the whole country as this so-called "Tyrant," which is said to have been sold for thirty thousand dollars. The size is enormous, stem stiff. It is free in growth, very free in bloom. Of strong, healthy constitution, and of a true color. Altogether a Twentieth Century Carnation.

QUEEN LOUIS—After a long and severe test, this variety is considered the best pure white Carnation ever introduced. Growing side by side with nearly all the white varieties, it surpasses them in many particulars. It is a great summer bloomer, producing large flowers freely the entire season. It is as a strong grower, healthy, with a fine calyx, which does not burst, and very fragrant. Price, One of any of the above ten Carnations, 12c. each, 3 for 30c. postpaid.

Hardy Garden Carnations, or Scotch Pinks

These beautiful pinks are particularly valuable for bed borders and edging in gardens, lawns, parks, and cemeteries. They are entirely hardy, need no protection and bloom regularly every season without attention. They are very fragrant, giving out a rich spicy fragrance that is particularly attractive and quite unlike anything else in the flower world. A single plant will grow from twelve to eighteen inches in diameter.

They cannot be supplied in separate colors, but our stock contains all shades from pure white to light red.

Price, 10c. each, 3 for 25c. postpaid. Seeds per packet, 10c. 3 packets, 25c.

CARNATIONS

The rapidly increasing number of Chrysanthemum exhibitions held throughout the country each successive season shows the hold this popular Autumn flower has upon the affections of the flower loving public. Fanciers have received so much description and free advertising by the newspapers of the whole country as this so-called "Tyrant," which is said to have been sold for thirty thousand dollars. The size is enormous, stem stiff. It is free in growth, very free in bloom. Of strong, healthy constitution, and of a true color. Altogether a Twentieth Century Carnation.

Splendid Free-Blooming Fuchsias
Easily Grown And Sure To Bloom.

For ease of culture, varied colors, profusion of bloom and adaptability to all locations we strongly recommend the Fuchsias, the best varieties of which are offered in the following list. They are specially suited for window-box blooming or for growing out-doors, either in beds or in pots, boxes or vases, as the case may be. A collection of these plants is not complete without Fuchsias, and the extremely low price at which splendid sorts are offered permits of a choice collection of different varieties at a small cost.

BLACK PRINCE—This is without question the very finest single Fuchsia grown for the flower market. It makes a shapely bush, is robust in growth, free from disease and insects, and is probably the finest of all Fuchsias. Blooms of a beautiful waxy-carmine or pink color. Certainly a plant of easy culture.

GIANT—And a splendid sepal scarlet; corolla a beautiful shade of light magenta; extra large single flowers produced very freely.

GLOIRE DES MARCHES—Undoubtedly the finest double white Fuchsia ever sent us and is without equal in the plant-trade. It is perfectly hardy and is covered nearly all the time with exquisite double flowers of largest size and of purest white —whiteness: an extra fine variety. For the finest and showiest bedding purposes. Must be profusely blooming from spring until fall to justify its high price.

LITTLE BEAUTY—A perfect gem; marvelously free-flowering. Single flowers 1½ inches long and splendid, borne on a plant of grand habit. A large, handsomely formed, freely flowering. Extremely free in bloom, forming a bank of white.

TRISTAN—An exquisite sport from Mrs. E. G. Hill, in every respect like its parent, except in color, which is pure scarlet of soft, even shade. Immense single flowers 2½ to 3 inches in diameter. Trusses 14 to 16 inches in circumference. A grand border, and also a fine pot plant. Price, 30c. each; 3 for 85c.; 10 for $1.75.
Lantanas or Shrubby Verbenas

For bedding and baskets, these plants are very popular. Few bedding plants bloom more continuously or afford a greater variety of flowers. Grown in pots or tubs they make splendid specimens for the porch or lawn.

ALBA PERFECTA—Pure snow white. Compact habit.

CENTIFOLIUM—Flowers bright rose and yellow, center sulphur.

LA PLEURIE D'OR (Golden Rain)—Small pure yellow flowers, very dwarf and bushy.

MICHAEL SCHMIDT—Flowers fresh and sparkling, of a brilliant yellow, passing into a purple vermillion. Price of any above four varieties, 10c. each, 3 for 25c. postpaid.

NEW WEEEPING LANTANA—DELCATISSIMA

Our illustration gives some idea of the new Weeping Lantana when planted in baskets, vases or pots for which it is particularly recommended, but it is, if possible, more beautiful still when balled out. The plant is a neat, handsome grower, producing a great abundance of leafy vines, which cover the ground with their pretty foliage, and bear such an immense profusion of lovely, clear pink flowers, that the whole bed seems a sheet of rosy bloom from early summer till late fall. Search anything on our grounds attracts more attention than a bed of this charming Lantana. The flowers are borne in elegant clusters, and hundreds and thousands of them are in bloom all the time. Price of Weeping Lantana, 10c. each.

(Salvia, Splendens (Scarlet Sage)

Salvias will grow and bloom profusely in all sections without fail and will make a greater display than any other flower for the money invested. Salvia Splendens blooms early and profusely. It is one of the finest bedding plants, if carefully cared for, and will fail with long spikes of dazzling scarlet flowers, remaining in bloom until cut down by frost. Pkt. 10c. each; 3 for 30c. (For Salvia Splendens Seed see page 47.)

LEMON,

American Wonder or Ponderosa.

Quite a novelty of the citrus family, originated at Hagerstown, Md., from the seed of an ordinary lemon. The original plant when quite small bore fruit of extremely large size, much to the amazement of its original. Cuttings from this plant produce a large stock. Horticultural experts pronounce it a cross between the ordinary lemon and the grapefruit or Pomelo, the hybridization being formed by a chance. This in brief, is the history of the lemon. It inherited the large size of the Pomelo, and the acidity of the lemon. The plant is of rapid growth, with large dark green foliage, and often bears fruit weighing 3 to 5 pounds. Flowers are pure white, and the blooming season is very early and profuse. It is of easy culture, flowering and fruiting in any good ordinary soil. The fruit is edible and may be used for all culinary purposes. No grafting or budding is necessary. 15c. each.

THE KENTIA PALM, BELMOREANA.

The Kentia Palm, besides being one of the most graceful and ornamental of all palms for the house or conservatory, is also one of the hardiest and easiest to grow. It is of slow growth, but is not affected by the dust and dry air of the house, and will grow and thrive where few other plants would live, and will continue to increase in size and beauty for many years. Fine thrifty plants, price 10c. each. Choice Palm Seeds, mixed varieties which will produce many different kinds of plants. Pkt. 15c., 2 pkts., 30c.
selected varieties that have been thoroughly tested in our gardens. Our Roses are grown on their own roots and are therefore far superior to those budded or grafted on wild stock.

Our assortment this season includes the very best of the old favorites and the newest introductions. We do not offer all the Novelties; only those that we have found to be of especial merit and suitable for outdoor culture.

THE FAMOUS BABY RAMBLER ROSE

(MADAM LEYAVASSEUR, OR DWARF CRIMSON RAMBLER.)

This is decidedly the greatest rose-noveltv introduced in recent years; a seedling of the well-known Baby Rambler with which it is identical in all but habit of growth and blooming, being a pronounced dwarf, very quickly reaching a mature growth of eighteen inches to two feet which it rarely exceeds. As a bedding or border plant it is incontestable; a superb, rich, crimson in color, blooming in an immense cluster as its parent, the Crimson Rambler. The Baby Rambler is, in addition, a more continuous bloomer than the tender tea Rosa, bearing its wealth of flowers from early spring until frost. Grown as a pot plant, indoors, it is always in bloom. Strong Plants by mail, 12c. each; 3 for 30c.; 6 for 55c., postpaid.

SENSATIONAL ROSE NOVELTY

Climbing Frau Karl Druschki.

Imagine a Rose as fine in size and shape and as American Beauty of the color of Bride or Kaiserin without the slightest suggestion of green or cream to mar its wax-like petals; a true perpetual bloomer, perfectly hardy, and a climber, and we have more than unusual; we achieve what has heretofore been considered a floral impossibility. The list of hardy Climbing Roses up to this time has included only varieties blooming once in a season; the Climbing Frau Druschki is almost identical with the original Frau Karl Druschki whose superb qualities earned for it the descriptive name of White American Beauty or Snow Queen. While not an rampant grower as the Ramblers, the climbing variety makes a charming pillar Rose. Druschki, we consider to be the very best hardy white Rose in cultivation, and the climbing habit of the newer variety gives it an added charm. Strong Plants, 15c. each; 3 for 30c., postpaid.

ETOILE DE FRANCE.

A grand, new, velvety crimson Rose, hardly and everblooming. Raised by the most famous grower of France, this new variety has come to us with the most enthusiastic endorsement that Europe could give. At an International Exhibition at Turin, Italy, it captured the Gold Medal, the highest award, and was given the coveted "Certificate of Merit" by the National Horticultural Society of France, a honor bestowed on Roses only of pre-eminent merit. Vigorous in growth with dull bronze-green foliage; of strong upright habit; bearing continuously a wealth of rich crimson flowers; perfect both in bud and bloom, it may safely be said to be the best Rose of its class. Strong Plants, 12c. each; 3 for 30c., postpaid.

LADY GAY

A new, perfectly hardy Climbing Rose of American origin. Clean, deep pink in color and in foliage and habit of growth and bloom, very much on the order of the well-known crimson Ramblers of which it is a seedling. Trained on posts, arches, or verandas, it is a handsome sight. No collection should be without it. Strong Plants, 12c. each; 3 for 30c., postpaid.

HIAWATHA

Flowers of a strikingly intense crimson with white centers; the blossoms are single and so free produced as to cover the plants completely. The single flowers give the most unusual and artistic effect. The Rose has proven a popular Climbing Rose now grown in England, where it was first brought out. Strong Plants, 15c. each; 5 for 75c., postpaid.

MINNEHAHA

A companion to Hiawatha, but a double Rose of a clear, satiny pink; quite distinct from other shades and a most attractive Rose. The foliage is glossy and healthy. Strong Plants, 15c. each; 3 for 30c., postpaid.

TWO NEW HARDY RED ROSES FROM IRELAND.

HUGH DICKSON—The most remarkable addition to the list of Hybrid Perpetual Roses in many a year. A vigorous grower with handsome foliage, deep red on the young shoots, and turning to deep green with age; a free, perpetual bloomer; color, brilliant crimson shaded with scarlet; very large and of exquisite form; fine fragrance. Strong Plants, 15c. each; 5 for 75c., postpaid.

J. R. CLARK—Has been exhibited with flowers 7 inches in diameter and 5 inches deep. Think of it! Not only wonderful in size, but in coloring is of a rare intense deep scarlet, shading to blackish-crimson. Strong Plants, 15c. each; 3 for 30c., postpaid.
GENERAL LIST OF TEA AND HYBRID TEA ROSES

KILLARNEY—This splendid new Irish Hybrid Tea Rose has created quite a furor. It is hardy in the vicinity of New York City and further South; very vigorous and blooms as freely as any Rose of its class that we know of. The flowers are very large, petals often measuring 2½ inches long; the petals areconical, large and pointed, cream color, in clusters and very good. Excellent for massing or borders.

CAROLINE MARIENSE—An absolute hardy Rose that is always in flower. The color is pure white, tinged with pink; one of the finest Roses produced in clusters and very good. Excellent for massing or borders.

CATHERINE MERMET—A very beautiful Tea Rose, valued highly for its perfect buds; clear, shining pink, with delicate shaded amber and fawn center; large globular flowers; strong healthy grower and a good bloomer.

CHARLESTON—A Rose of great merit; flowers of large size and in great abundance; color, lovely clear deep pink. One of the best of all Roses for outdoor cultivation.

CHARDONNIERE—A Radcliff Rose, a French white, deepening to rose-blush in the center, exceeding in its distinctiveness of shading the well-known Malmaison. Its greatest value lies in its compact vigorous habit and wonderful profusion of bloom; hot weather does not effect it.

CHINA DE LYON—Rich golden yellow; a strong, healthy and vigorous grower; immense bloomer; one of the best Yellow Roses and the best Yellow Tea for outdoor planting.

CLOTHILDE—One of the new Roses of exceptional merit; extra large, very double, delicately fragrant; creamy white roses, beautifully bordered with clear rose. A remarkable Rose for borders and very good. Excellent for massing or borders.

GRAN ANTELIZ—A splendid new Red Everblooming Rose. This, the reddest of all Red Roses is one of the most important introductions; it is a Rose of the purest crimson, with a rich color; a profuse and very free bloomer, with the richness which marks the varieties of this class; a delightful Rose, and one of the best of its class.

MARIE ANTOINETTE—A splendid new Red Everblooming Rose. This, the reddest of all Red Roses is one of the most important introductions; it is a Rose of the purest crimson, with a rich color; a profuse and very free bloomer, with the richness which marks the varieties of this class; a delightful Rose, and one of the best of its class.

MADAME ABEL CHATEAU—Rosy pink, shaded salmon; is largely used for cut flower purposes on account of its excellent habit; flowers of large size and of uniform shape; extraordinary in its freedom of bloom; a beautiful Rose for borders and very good. Excellent for massing or borders.

MOISELLA—(Yellow)—A splendid new Everblooming Rose, of excellent quality; flowers of large size and of uniform shape; extraordinary in its freedom of bloom; a beautiful Rose for borders and very good. Excellent for massing or borders.

MIRIAM—A splendid new Everblooming Rose, of excellent quality; flowers of large size and of uniform shape; extraordinary in its freedom of bloom; a beautiful Rose for borders and very good. Excellent for massing or borders.

MADAME BLUM—Deep, brilliant crimson, one of the darkest and richest colored Everblooming Roses.

MADAME ROUSSEAU—A French Rose, of delicate beauty; flowers of large size and of uniform shape; extraordinary in its freedom of bloom; a beautiful Rose for borders and very good. Excellent for massing or borders.

Revised Feb. 1, 1920. For the prices of these Hybrid and Perpetual Roses we are now offering 12c. each; 6 for 60c.; 12 for $1.00, postpaid.

Price of Strong Plants by mail of any of the Tea or Hybrid Tea Roses, $1.15, each; 6 for 60c.; 12 for $1.15, postpaid.
THREE ffRd CLlMBING ROSES FOR 28c. OR 10c. EACH, POSTPAID.

Baltimore Belle—Pale blush varying to carmine, rose and white.
DOROTHY PERKINS—A charming new Climber, identical with Climber Rose except that the color is a beautiful shell-pink; flowers quite double, fragrant.
FIVE ROYAL RAMBLER ROSES—All perfectly hardy and unequalled for porch or garden ornamentation. The entire collection for 45c. or 10c. each.

AGALTA, (Yellow Rambl.)—Has been found to withstand extremely cold weather without protection a temperature of from zero to two degrees below zero. The flowers are borne in clusters like Climber Rose and are light lemon yellow in color, changing to creamy white.
CRIMSON RAMBLER—Remarkably vigorous, growing ten to twenty feet in a season; large bloom, as many as 15,000 blooms being counted on a plant; the flowers last well and hold their color; nearly evergreen, enormous white berries.

HELEN—Strongly resembles Climber Rose bearing in immense clusters, soft violet-purple colored flowers.
DEEP-CUT—Deep crimson, bright and intense; two weeks earlier than Climber Rambl.
THALIA, (White Rambl.)—A rapid climber producing large clusters of soft pink half-opened flowers, choice for summer and winter.

MEMORIAL ROSE—A pure white single Rose of great hardiness, trailing in habit and recommended for covering old stumps or unsightly objects; is also largely used for cemetery planting.

OLD-FASHIONED MOSS ROSES—These old varieties of "Grand-Mother's Garden" are very popular on account of their perfect hardiness and the attractiveness of their rich foliages and the most lovely of the blooms. We have a complete and fine collection of these roses. 

BLANCHE MOREAU—Flowers large, borne in clusters; profuse bloom; excellent for summer and winter flowers.
PRINCESS ADELAIDE—One of the best; buds beautifully scented; very double, fragrant. Price, any one 3 Moss Roses, 15c., each 3 for 10c.

THREE GREAT ROSE COLLECTIONS—

CLEAN-UP COLLECTION. A BIG BARGAIN—We never knew just what the demand would be for or what quantities there would be of this many varieties. We have accordingly filled these orders filled only after May 1st to 15th.

"20TH CENTURY COLLECTION"—FIVE MAGNIFICENT NEW HARDY ROSES FOR 40c., or 10c. each from our largest postpaid.

ALWAYS IN BLOOM COLLECTION.

CLOTHILDE SOUPE—Valuable in every way but especially for its vigorous habit, making it a favorite bedding Rose color, a French white, deepening to a rose-tinted apricot, buds and open flowers of a creamy tint. Price, 25c.
PRINCESS BONNIE—One of the finest of everblooming Roses; flowers rich, deep crimson in color, rivaling La France in the delicacy of its fragrance. Price, 25c.

HARDY FLOWERING SHRUBS.

HIDROGENA—PANCALATUA GRANDIFLORA

(Eir'Hydrogena Arborensis Sterilis or Gr annulata)

Found growing wild in the rocky hills of Western Pennsylvania, this hardy shrub was instantly recognized as something out of the ordinary and became a welcome addition to our list of valuable plants. Few of our native garden shrubs are so attractive in habit and elegance of foliage. It is perfectly hardy, having stood a temperature of 20 degrees below zero without injury. The flowers are very fragrant and profuse, being a beautiful rich creamy white, shaded clear, peachy-red, with a rose center; flowers very large, double.

EVE'RO BLOOMING SNOWBALL HYDRANGEA

(He'rdinsea Abo'rnescens Sterilis or Gr annulata)

Found growing wild in the rocky hills of Western Pennsylvania, this new hardy shrub was instantly recognized as something out of the ordinary and became a welcome addition to our list of valuable plants. Few of our native garden shrubs are so attractive in habit and elegance of foliage. It is perfectly hardy, having stood a temperature of 20 degrees below zero without injury. The flowers are very fragrant and profuse, being a beautiful rich creamy white, shaded clear, peachy-red, with a rose center; flowers very large, double.

HOUSE HYDRANGEAE.

JAPONICA ROSEA, (New)—In color, a fine rich pink—about the same shade as Cloidre de Lorraine Beggia and does not fade; while the foliage is dark green without any yellow tinge to it. Is bearing largely by florists and at the European Exhibitions has been awarded medals. Price, 25c.

OTASKA—These are exceedingly showy and effective, particularly when grown in large groups in tanks or pools for the decoration of lawns in the summer time. They are exceedingly ornamental, producing splendid effects; the plants being covered with a solid mass of their large, showy heads of bright pink flowers which remain beautiful for months; they can be wintered in any cool cellar with little or no trouble, and the plants increase in beauty from year to year. Price, 25c.

THOS. HOGO—Similar to Otaska except color, which is a deep purple. The plants measure 16 inches in diameter. A plant of this size contains a height and width of 6 ft. Hardy, fine for cemetery purposes. 10c. each, 2 for 8c., postpaid.

SPECIAL CLOSING SALE.

New Writing Desk, $2.98.

This desk has been specially advertised in the past two or three years and we have shipped thousands of them to all parts of the country which have given great satisfaction. We are now closing out all we have left on hand. They are very hardy and useful, are strongly built and will last in the hands of a large number of men. They are made of solid mahogany or natural wood, with a fine gloss finish, 42 inches high, 24 inches wide and 12 inches deep. The lid is 12x22 inches and has a carved center. The under shelf is 22 inches wide and 12 inches deep, nicely shaped. The interior is nicely fitted with a nice desk drawer. Price, 25c. postpaid.

SPECIAL OFFER.

We have on hand a few of these handsome Writing Desks ready for shipment and any person sending $2.98 for one will have included with it, a free of charge, a box of choice garden seeds, containing one packet each of the following:

Inclined to Desk, Early and Late Cucumber, Cabbage, Carrots, Radish, Early Tomato and Turnip. This makes ten popular size packets of Choice Vegetable Seeds worth 50c., which we send absolutely free to every person sending $2.98 for one of these handsome Writing Desks.

SPECIAL ORDER.

Remember, we have all of these Desks and Seeds from our Office, Rose Hill, N. Y., and we very glad to send them to you on receipt of your order.

Read what one of our customers has to say about it:

E. H. MILLER, S. W., W. Y. says: "The Desk has been received and is all that can be desired. It arrived with hardly a scratch and the wonder is that you can sell so perfect an article for such a low figure.

Address orders for these Desks to F. B. MILLS CO., Rose Hill, N. Y.
Hardy Climbing Vines

There is no more ornamental class of plants than Clematis and the rich show of bloom produced by the best varieties is far too magnificent to be fairly portrayed by mere words. The flowers from intense velvety purple, through blue, lavender and white, and a crimson variety (Madame Edward André) has lately been added to the list. We presume every one of our customers who sees Clematis plants in bloom each summer promises to plant some in his own garden at the next opportunity. These are especially adapted to our climate. Plant in a sunny spot in good garden soil, dug very deep, placing the crown of the roots ½ inch below the surface of the soil. We recommend the application of well-rotted manure in holes a few inches away from the plant in opposite directions. The feeding to reach our Clematis, which may be watered freely, with better success than when the manure is applied directly to the base of the plant.

Duchess of Edinburg—One of the best double whites, of vigorous habit, free of bloom and deliciously fragrant.
HENRIETTA—A vigorous grower and a free bloomer, producing its large pure white flowers constantly during summer and early autumn.

Madame d'Archambault—Also of the Jackmania type and is the nearest approach to a bright red that has yet appeared. The flowers are very large, usually six or seven of a distinct, pleating shade of carmine, and are produced in bewildering profusion.

Ramona—Lavender blue; flowers large, often nine inches across, of its color lasting about four weeks. Each, 12c.; 3 for 30c., postpaid.

Clematis Paniculata—One of the most valuable of all hardy flowering vines. Of exceedingly rapid growth, soon reaching a height of fifteen to twenty feet and spreading out in all directions. Small, pure white flowers, borne in great masses of panicles or clumps on long stems, so profuse as to fairly cover the plant with a sheet of fleecy white. Its blooming period is in August and September, and it is the last bloom to be seen. Not its least charm is its delightful Magnolia-like fragrance. Hardy as an oak. Price, 12c. each; 1 for 35c.; 3 varieties, 1 of each, 80c. postpaid.

Passion Flower, (Passiflora Incarnata.)

A strong growing, vigorous climber, making a fine covering for porches and verandas. Flowers, 2 to 3 inches across, white with light purple corona. The roots usually survive the winter as far north as Philadelphia but in higher latitudes they should be dug up and placed in the cellar until spring. Each, 12c.; 3 for 30c., postpaid.

Hardy English Ivy

This is a hardy evergreen climbing vine, with dark, glossy leaves much used for covering walls of churches and for cemetery work. It is a true evergreen; retains its bright green leaves all winter. Very free in covering the walls, especially where grass will not succeed well. Each, 12c.; 3 for 30c., postpaid.

Moon Vine—A Beautiful Summer Climber grows fifteen to twenty feet high and most other vines have only one third of this growth. Brilliant red flowers with velvety tints, and bears a profusion of large trumpet-shaped, snowy-white flowers, richly scented and very beautiful. The flowers open with remarkable rapidity every evening and close mornings about eight o'clock. Each, 12c.; 3 for 30c., postpaid.

American and English Perennial Plants

Burbank's New "Shasta Daisy."

The newest plant Daisies are among the very best productions of Mr. Luther Burbank and surpass his earlier Daisies by bearing a slightly larger flower, closer in form to the common daisy. The new Shasta Daisies of ten inches or more, five inches across and are borne on stems two to three feet long. They succeed everywhere, in cold and hot locations, blooming throughout the season in great profusion. Each, 12c.; 3 for 30c., postpaid.

Japanese Iris, (Iris Kaempferi.)

These magnificent Iris are among the most beautiful of our summer flowering plants, and are destined to become much more popular every season. They commence blooming about the middle of June and continue in bloom for five or six weeks. Many of these flowers measure from 10 to 12 inches in diameter, and rival the Orchids in their rich colors and markings. Each, 12c.; 3 for 30c., postpaid.

Lily of the Valley.
The exquisite white flowers and pale-green foliage render this one of the most admired of plants. Succeeds in open ground in almost any situation, but prefers shade with plenty of moisture; once planted and established the crowns increase each year. The larger ones flower each season without any attention. Each, 12c.; 3 for 30c., postpaid.

AMPELOPSIS VEITCHI, [Boston Ivy.]

A beautiful climbing plant. This is one of the finest climbers we have for covering walls, or as it climbs firmly to the smoothest surface, covering it smoothly with overlapping foliage, giving it the appearance of being shingled with green leaves. It is a fresh deep green in summer, changing to the brightest shade of crimson and yellow in autumn. It is quite hardy and becomes more popular every year. Each, 12c.; 3 for 30c.; doz. for $1.00, postpaid.

Vistaria—The Vistaria is particularly valuable for training over porches, walls, and arbors. Second floor terraces and whatever tall-growing climbers are wanted. It is a vigorous, rapid grower, entirely hardy. The flowers are borne in long pendulous clusters. One of our best climbing vines. Each, 12c.; 3 for 30c., postpaid.

Chinese White—Of similar habit to the purple variety but with pure white flowers; a lovely climber. Each, 12c.; 3 for 30c., postpaid.

One Plant each of Purple and White, 20c., postpaid.

Plants of this class are perfectly hardy in the open ground; they die down to the ground, but only to the ground. In winter once planted they are a lasting pleasure! Failure with them is practically impossible. Orders should reach us by April 1st, in some seasons we can continue to supply this stock up to May 1st.

American and English Perennial Phlox

Among hardy herbaceous plants none are more vigorous and more easily grown than these. They are perfectly hardy, succeeding in any garden soil, and producing magnificent spikes of showy and lasting flowers year after year with comparatively little care. The varieties we offer are among the finest in cultivation and commend the best and most distinct colors. Height, one to two feet.

August Rivoire—Fine blue phlox.

Coccine—Blooming scarlet.

Cotula White—White with crimson eye.

Crown of Honor—White with band of rose in center in center of each petal, forming a Maltese cross.

Eclair—Reddish carmine.

Edgar Quinet—Rose.

Nabby—Orange salmon; center purplish crimson.

Litha—Soft carmine pink; rose eye.

Madame Bezanson—A tested strain.

Pantheon—Fine deep salmon; very free flowering.

Queen—Pure white.

Primary, dormant roots by mail postpaid, each 12c.; 6 for 50c.; doz. for $1.15, postpaid.

Orders must be received not later than May 1st.

New Double Rubebuck, "Golden Glow." This is one of the grandest hardy yellow flowering plants ever introduced, particularly valuable for garden, lawn and park planting; grows six to eight feet high. Blooms during July and August the first season, and bears immense masses of large, round, golden yellow flowers, perfectly double like roses, and two or three inches across, covering the whole plant with a sheet of splendid golden yellow flowers. It is easy to grow and very desirable, highly recommended as one of the most showy plants ever introduced. The flowers are borne by the hundreds, on long graceful nodding stems, just right for cutting. It is a plant that will please you. Each, 12c.; 3 for 30c., postpaid.
Always Ahead Collection, Choicest Vegetable Seeds
6 packets 25c.

Blue Ribbon Collection, New Flower Seeds
6 packets 25c.

See Colored Plates, Pages 32 and 33

**MILLS’ FAMOUS INCUBATORS AND BROODERS**

SHIPPED FROM ROSE HILL, N. Y., OR WASHINGTON, IOWA.

**“EARLY BIRD” INCUBATOR, 55 Egg Capacity**

In Finish, Material, Workmanship and Economy are UNEQUALLED and for results attained are UNEXCELLED.

This handsome little Incubator has proven to be just the machine that has long been sought by small poultry raisers. It contains every detail of perfection that could be embodied in any machine to make the working qualities the simplest, cheapest and best.

Although low in price, this machine contains every egg hatching merit of the most highly recommended and costly Incubators yet introduced.

**Construction**—The cases are made of good air season, kiln dried lumber, strongly and substantially built and nicely finished. The Heats are scientifically applied to the eggs by our improved hot air radiator which is the nearest practical way to nature’s method. With this system no heat is wasted, no cold corners or hot centers, requiring not over one-half the amount of fuel demanded by other methods.

The “Early Bird” is double walled throughout, insulated with mineral wool and asbestos and strictly fire proof. It contains a large roomy nursery underneath the egg tray for the chicks to exercise and gain strength as soon as they are hatched.

Our Regulator is a corrugated copper wafer so accurate it will hold the temperature to a fraction of a degree. This is one of the features that have made the “Early Bird” Incubators famous. This machine is strictly self-regulating and also self-ventilating as all fumes from the lamp are carried direct into the heater escaping through the ventilators on top of the machine so the egg chamber is thus completely protected from fumes or impure air from the lamp.

We furnish this machine all complete with egg tray, egg tester, correct thermometer, perfect lamp, and in fact, everything with the exception of the eggs and oil.

Price, F. O. B. cars, $5.50. Shipping weight, 43 pounds.

**MILLS’ “EARLY BIRD” BROODER 55 CHICK CAPACITY.**

Our “Early Bird” Brooder far exceeds any other chicken nursery device ever placed before the poultry public. This Brooder is so perfectly constructed that it supplies every requirement that nature provided for a chicken. Our unsurpassed over-head heating system accompanied with perfect ventilation makes this Brooder complete in every particular. There is no chance for the chick to overcrowd or trample on one another, no weak or helpless birds from improper heating or impure air. The “Early Bird” Brooder makes poultry raising both profitable and pleasant. Our customers will all agree to this after they have given the “Early Bird” a trial.

In order to thoroughly introduce these excellent machines in every poultry raising section this season, we are offering the “Early Bird” Brooder all complete, F. O. B. cars for the extremely low price of...

**$3.50**

**“EARLY BIRD” INCUBATOR, [No. 2.]**

Since we introduced the The “Early Bird” Incubator some years ago to meet the demand for a good incubator of small capacity at a low price, it has grown steadily in favor to the extent of thousands of sales yearly. The construction of this machine has become so popular among our customers, that we are being constantly urged to furnish a machine of larger capacity of the same make and design, to meet the requirements of farmers and poultrymen desiring a larger machine at a low cost.

To meet the wishes of these customers, we are this season offering our “Early Bird” Incubator, No. 2, of 100 egg capacity.

This machine is built with the same care and exactness as our “Early Bird,” No. 1. There is not the slightest detail omitted to make this the cheapest and best 100 egg Incubator ever introduced, price considered. The cases are built of good quality air season and kiln dried lumber. It is double walled throughout, and is operated by our improved hot air radiator and compound wafer regulator and is therefore self regulating and self ventilating the same as Early Bird, No. 1.

This machine will not only please but prove profitable to every purchaser. Furnished with perfect lamp, egg tray, egg tester, accurate thermometer, and everything will complete, ready for use F. O. B. cars; shipping weight $8 lbs., for only...

**$8.00**

**Our Special Combination Offers:** We want every customer interested in poultry raising to give our “Early Bird” Incubators and Brooders a trial this season. To thoroughly introduce these famous machines in all poultry raising sections this year we offer:

1. “Early Bird” Incubator, 55 Egg Capacity, and 1 “Early Bird” Brooder, 55 Chick Capacity, for the extremely low price of $8.00, F. O. B. cars. We also offer 1 “Early Bird” Incubator, 100 Egg Capacity, and 1 “Early Bird” Brooder, 100 Chick Capacity, the two machines all complete with full instructions for operating for only $13.00, F. O. B. cars.

**THESE ARE BARGAINS THAT NO POULTRY RAISER CAN AFFORD TO LOSE.**

**The “FIRST PRIZE” BROODER.**

Our “First Prize Brooder is the chicken nursery for the farmer and practical poultryman. This machine will take care of any number of chicks that may be hatched in our 20 egg Incubator. The heating is radiated from an overhead heavy galvanized tank. The fresh air circulates freely through the entire machine in sufficient quantities to keep the chicks strong and healthy. The construction this Brooder is all that can be desired. It is very substantially built of good quality kiln dried lumber, nicely finished. The interior is arranged in two compartments. One is used as an incubator, the other as the nursery room which is several degrees lower in temperature. To these denominates a brooder that will raise a large number of strong, healthy chicks each season we recommend and guarantee our “First Prize” Shipping weight, 8 lbs.

Price, all complete, $7.00, F. O. B. cars here. The “First Prize” Brooder and 200 egg Incubator combined, $25.00 F. O. B.
Mills' Famous First Prize Incubators.

For many years we have been offering the "First Prize" Incubators and recommending them to our customers in preference to any other make. The reason we have done this is because we have used many different kinds in our poultry business and have not only found the "First Prize" gave by far the best results, but could be operated much cheaper, with less care and contains by far the least complications of construction, and will give better service for a longer period without repair than any other incubator regardless of price or manufacture.

We wish to say to our customers who want a strictly high grade incubator, one that will give perfect service for a lifetime; they will find the "First Prize" the most economical in operation, of the very best material and construction of any machine they can secure by paying 80 per cent higher price than we are offering the "First Prize."

"FIRST PRIZE" INCUBATOR.
(100 Egg Capacity.)

This is our medium size "First Prize" incubator particularly adapted to supply the wants of farmers and practical poultrymen desiring to hatch 500 or 600 chicks each season. This machine is highly recommended by our customers, thousands of whom are operating them each season. The illustration will give you a clear idea of this excellent machine, which will increase the profits of any poultryman. Cases are built of selected kiln dried white pine, handsomely finished in natural wood colors. Double walled throughout, Insulated with mineral wool and asbestos and strictly fire proof. It is operated by our improved hot air system, with perfect ventilation, and furnished complete with safety lamp, egg tester, thoroughly tested and accurate thermometer, egg tester and moisture pan. Shipping weight, 125 lbs. Price, F.O. B. carload, $12.50.

"FIRST PRIZE" INCUBATOR,
(200 EGG CAPACITY)

An enormous chicken producer. For the production of chickens in large numbers this machine will be found the most practical and up-to-date 200 Egg Incubator that has yet been placed before the poultry raising public. It is not unusual for these machines to produce results of 90 to 95 per cent.

The first prize will hatch hen, duck or turkey eggs with equal success, and will be found not only a moneymaker but a money-maker to every customer. The thousands of recommendations received from our customers who have operated our "First Prize" Incubators in the past, have thoroughly convinced us that it would be impossible to recommend them too highly. We furnish the "First Prize" Incubator complete with safety lamp, egg trays, egg tester, accurate thermometer, moisture pans and everything ready for operation, F.O. B. cars.

Shipping weight, 185 lbs., for only $16.50.

We make a special offer of our 500 Egg "First Prize" Incubator and "First Prize" Brooder, 200 Chick Capacity, F. O. B. cars, for only $23.00.

Our Guarantee.

We absolutely guarantee our "Early Bird" and "First Prize" Incubators and Brooders to be exactly as represented and to give perfect satisfaction to the purchaser.

Any machine purchased of us that does not fully comply with the above may be returned and the amount paid will be promptly refunded, with transportation charges both ways.
